(Applicants are responsible for maintaining current contact information with the Admissions Office and the Nursing Department. Failure to do so may result in delay or receipt of pertinent information relevant to the status of your application.)

Prior to Applying for the Nursing Program

The following requirements must all be completed prior to submitting this application:

Complete a Nursing Information Session. The session can be completed online or on-campus. This session will help you understand our nursing application process. Visit www.nhcc.edu/nursing for more information.

Apply for general admission to North Hennepin Community College. Visit www.nhcc.edu/admissions for application materials and requirements.

Take ACCUPLACER placement tests. Visit www.nhcc.edu/testing for practice tests and more information.
ACCUPLACER Scores from another Institution: We strongly recommend that students take the ACCUPLACER at the NHCC testing center. Students electing to use ACCUPLACER test results from another institution must also submit a NHCC "Transfer Test Score Evaluation" form that has been completed by a staff member at the testing center.

Make arrangements to take your HESI A2 Admission Assessment. You will need to follow the directions found at www.nhcc.edu/hesi to reserve a test date, register for the HESI A2, and purchase your exam. Your application is not complete until you have taken the HESI A2 Admissions Assessment.

HESI A2 Admissions Assessment

In order to complete your nursing application, you must have HESI A2 Admission Assessment results on-file at NHCC before January 31st, 2012. Visit www.nhcc.edu/nursing/HESI for more information on the HESI A2 including Frequently Asked Questions, scheduling, purchasing, and how to submit your results

- I took/will take the HESI A2 exam at North Hennepin Community College.
My completed/scheduled test date is:
- I took the all of the required sections of the HESI A2 at a testing location other than NHCC and I have attached the official score report of my results.
- I took the National League for Nursing Pre-Admission Exam and I have attached the official score report of my results.

Program Attendance Option

Applicants may seek admission to only ONE of the attendance options. The nursing department maintains the right to make all final decisions on student placement into day or evening-weekend attendance option. (You must check one)

- Day Attendance Option with Metro Area Clinical (80 students accepted annually)
- Evening/Weekend Attendance Option with Metro Area Clinical (40 students accepted annually)
- Evening/Weekend Attendance Option with St. Cloud Clinical (10 students accepted annually)

College/University Transcripts

I have submitted OFFICIAL transcript(s) from all schools previously attended. I understand that failure to identify all schools previously attended is considered misrepresentation and may result in denial or cancelation of admission to the nursing program.

Note: If you have previously submitted transcripts to NHCC, email the Records and Registration Office at registration@nhcc.edu to verify they are on-file. There is no need to submit NHCC transcripts or transcripts from another MnSCU school; these will be evaluated automatically through e-transcript. If you are currently taking courses at another institution please wait to submit your application until Fall Semester grades are noted on your transcript. Transcripts from non-MnSCU schools are *official* only if they are submitted in a sealed envelope from the school.

International Transcripts: International college transcripts must be evaluated by a credential evaluation service to be considered for transfer. Commonly used credential evaluation services include: World Education Services (WES); www.wes.org or Educational Credential Evaluators (ECE); www.ece.org

Nursing Program Application Requirements

Applicants must meet and understand the following Nursing Program Application Requirements. Carefully read and check off each requirement.

I have read and understand the Admissions Selection Criteria, and additional information about the nursing program found at www.nhcc.edu/nursing. I understand the nursing program has a large number of applicants each year, and the most qualified applicants have the best chance for admission. Meeting the Nursing Program Application Requirements makes me eligible to apply for admission; however, it does NOT ensure admission to the program.

I understand that there are minimum GPA requirements.
 Minimum 2.5 GPA in any of the completed general education requirements
 (Including: ENGL 1201, PSYC 1150, SPCH 1110, SOC 1110, 3 credits of Goal 6 Elective)
 AND Minimum 2.5 GPA in any of the completed biology course requirements
 (Including: BIOL 1001, BIOL 2100, BIOL 2111, BIOL 2112)

I have met the chemistry requirement by completing: (check one)

- NHCC CHEM 1010 (Introduction to Chemistry) with a grade C or better.
- A college chemistry course accepted in transfer with a grade C or better.
- School Taken:
- At least a ½ year of high school chemistry with a grade C or better, as noted on my official high school transcript

I have attached NHCC ACCUPLACER placement results taken within 3 years of the nursing application. I understand that I must submit test scores regardless of degree held or coursework completed (no waivers). I understand my scores will not be accepted if taken more than three years ago (check one).

- I have attached a copy of ACCUPLACER tests which were taken at the NHCC testing center.
- I have taken the ACCUPLACER test at another institution and I have attached a copy of the NHCC "Transfer Test Score Evaluation" form completed by a NHCC Testing Center staff member.
