

North Hennepin
Community College

## 2019-2020 Academic Programs and Courses

## Degrees and Certificates:

- .Net Programming Certificate
- Accounting, Management and Computer Systems Certificate
- Accounting Skills Certificate
- Accounting Technology AAS
- Accounting Transfer Pathway AS
- American Sign Language Certificate
- Application Programming Certificate
- Associate of Arts - Liberal Arts AA
- Biology Transfer Pathway AS
- Building Inspection Technology Certificate
- Business Transfer Pathway AS
- Business Communications and Technology Essentials Certificate
- Business Computer Systems and Management AAS
- Business Computer Systems and Management AS
- Business Principles Certificate
- Chemical Laboratory Assistant Certificate
- Chemistry Transfer Pathway AS
- Computer Science Transfer Pathway AS
- Communication and Computers Certificate
- Communication Studies Transfer Pathway AA
- Construction Quality Assurance and Quality Control Certificate
- Construction Management Certificate
- Construction Management AS
- Construction Technology AS, AAS
- Corporate Wellness AS
- Creative Writing AFA
- Criminal Justice AS
- Data Science AS (coming in Spring 2020)
- Digital Knowledge Analysis
- E-Commerce Essentials Certificate
- Economics Transfer Pathway AA
- Education AS
- Engineering (Pre) AS
- English Transfer Pathway AA
- English Language for Academic Purposes Certificate
- Entrepreneurship AAS
- Entrepreneurship Certificate
- Exercise Science Transfer Pathway AS
- Film Emphasis AA
- Finance and Investment Certificate
- Finance Management AAS
- Game Programming Certificate
- Gender and Women's Studies Emphasis AA
- Graphic Design AS
- Health AS
- Health Science Broad Field AS
- History Transfer Pathway AA
- Human Services AS
- Individualized Studies AS
- Internet Programming Certificate
- Law Enforcement Transfer Pathway AS
- Management AAS
- Management Certificate
- Marketing AAS
- Marketing and Sales Certificate
- Mathematics Transfer Pathway AA
- Mathematics Transfer Pathway
- Microsoft Office Essentials Certificate
- Microsoft Office Principles Certificate
- Microsoft Office Specialist Certificate
- Music AFA
- Nursing (MANE) AS
- Nursing Advanced Standing (MANE) AS
- Object-Oriented Programming
- Paralegal AS
- Paralegal Certificate
- Personal Training Certificate
- Physical Education AS
- Political Science Transfer Pathway AA
- Pre-Ophthalmic Technician Certificate
- Project Management Certificate
- Psychology Transfer Pathway AA
- Spanish Language Certificate
- Studio Arts AFA
- Theatre Transfer Pathway AFA
- Web Graphic Design, Programming, and E-Commerce Certificate
- Wellness Coach Certificate
- Written Communication Skills Certificate

North Hennepin Community College complies with Minnesota Statute 197.775 which exceeds all criteria of Title 38 United States Code Section 3679(e).

## Associate Degree Programs

## Associate in Arts (A.A.) Degree

The Associate in Arts (A.A.) is awarded for successful completion of 60 designated credits and is designed to constitute the first two years of a liberal arts bachelor degree program. The Associate in Arts degree is a liberal arts degree intended primarily for students who plan to transfer to another college or university to complete a bachelor's degree. Students may also choose to concentrate in a particular field of study in preparation for a planned major or professional emphasis at a four-year college by following the pre-major requirements of the desired transfer institution. An A.A. degree includes the entire Minnesota Transfer Curriculum (MnTC), 40 semester credits of general education requirements. Pursuant to Minnesota state statute, the MnTC must transfer to any institution within the Minnesota State Colleges and Universities system or the University of Minnesota. Students are encourages to develop an educational plan with an advisor to ensure they are meeting degree requirements and planning for a successful transfer. The A.A. Degree requires a minimum of 60 semester credits.

In order to graduate, a student shall:

1. Complete 40 credits in the Minnesota Transfer Curriculum, satisfying the requirements for each of the 10 goal areas.
2. Earn a minimum of 15 semester credits of the 60 semester credits required for the A.A. Degree at NHCC.
3. Earn a cumulative grade point average of $2.00(\mathrm{C})$ or higer in courses taken and North Hennepin Community College.
4. Grades of A, B , C, and D are accepted in the MnTC; however, a cumulative 2.0 grade point average is required to complete the entire 40 credit, 10 goal area MnTC.
5. Complete at the Wellness Requirement for each AA degree with Health and Exercise Science courses. Complete 16 elective credits selected from all courses listed in the College's offerings, which are numbered 1000 or higher. If the student intends to transfer, they are encouraged to work with an Academic Advisor to fulfill requirements for transfer to the other institution.
6. Students have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Student taking longer than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.

Completion of the MnTC and/or the completion of an Associate Degree fulfills the MnTC Goal Area 2 Critical Thinking requirement.

North Hennepin Community College offers the following A.A. Degree Programs:

- Communication Studies Transfer Pathway
- Economics Transfer Pathway
- Emphasis in Gender and Women's Studies
- English Transfer Pathway
- Film
- History Transfer Pathway
- Liber Arts
- Math Transfer Pathway
- Political Science Transfer Pathway
- Psychology Transfer Pathway

## Associate in Fine Arts (A.F.A.) Degree

An Associate in Fine Arts (A.F.A.) degree is intended for students whose primary goal is to complete a program in a designated discipline in fine arts. The A.F.A. degree is designed for transfer to a baccalaureate degree.

1. Earn a minimum of $60-68$ semester credits as required in the program, with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
2. Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of the fine arts courses at North Hennepin Community College.
3. Earn a cumulative grade point average of 2.00 (C) or higher in courses taken at North Hennepin Community College.
4. Grades of A, B, C, and D are accepted in the degree; however a cumulative 2.0 grade point average is required to complete the degree.
5. Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking longer than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
6. Completion of the MnTC and/or the completion of the AFA degree fulfills the MnTC Goal Area 2 Critical Thinking requirement.

North Hennepin Community College offers the following A.F.A Degree Programs:

- Creative Writing
- Music
- Studio Arts
- Theatre Transfer Pathway

## Associate in Science (A.S.) Degree

The Associate in Science (A.S.) degree is intended for students whose primary goal is to prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement and/or complete the credentials for a specific career. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.

In order to graduate, a student shall:

1. Earn a minimum of $60-68$ semester credits as required in the program, with a grade point average of 2.0 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
2. Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College.
3. Grades of A, B, C, and D are accepted in the degree; however a cumulative grade point average is required to complete the degree.
4. Earn 30 credits in at least 6 MnTC goal areas.
5. Earn additional professional/technical credits.
6. Students have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Student taking longer than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
7. Completion of the MnTC and/or the completion of the AS Degree fulfills the MnTC Goal Area 2 Critical Thinking requirement.

North Hennepin Community College offers the following A.S. Degree Programs:

- Accounting Transfer Pathway
- Biology Transfer Pathway
- Business Transfer Pathway
- Business Computer Systems and Management
- Chemistry Transfer Pathway
- Construction Technology
- Construction Management
- Corporate Wellness
- Computer Science Transfer Pathway
- Criminal Justice
- Data Science
- Education
- Exercise Science Transfer Pathway
- Graphic Design
- Health
- Health Science Broad Field
- Human Services
- Individualized Studies
- Law Enforcement Transfer Pathway
- Physical Education
- Pre-Engineering
- Paralegal
- Registered Nursing (MANE)*

## Associate in Applied Science (A.A.S.) Degree

The Associate in Applied Science (A.A.S.) degree is intended for those students who plan to use the competence gained through their degree for immediate employment or enhancing current career skills. The A.A.S. degree includes a minimum of 20 semester credits in general education selected from at least three of the ten goal areas of the Minnesota Transfer Curriculum
(MnTC). Many of the A.A.S. degree programs have articulation agreements with four-year institutions for transfer of the program.

In order to graduate, a student shall:

1. Earn a minimum of 60 semester credits as required in the program with a grad point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
2. Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of the professional/technical courses at North Hennepin Community College.
3. Earn 20 credits in at least 3 MnTC goal areas.
4. Earn 40 professional/technical credits.
5. Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking longer than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
6. Completion of the MnTC and/or the completion of the AAS Degree fulfills the MnTC Goal Area 2 Critical Thinking requirement.

North Hennepin Community College offers the following A.A.S Degree Programs:

- Accounting Technology
- Business Computer Systems and Management
- Construction Technology
- Entrepreneurship
- Finance Management
- Management
- Marketing
- Medical Laboratory Technology*
*See the NHCC website (www.nhcc.edu) and for degree application deadlines for specialized programs.

## Certificate Programs

Concentrated programs of study are available in certain areas as certificates. Certificates are designed for those students who wish to develop vocational skills for specific career areas. Certificates shall include 9 to 30 semester credits.

In order to earn a certificate, a student shall:

1. Complete courses in the certificate program with a minimum grade point average of $2.00(\mathrm{C})$.
2. Complete at least one-third of the total credits required for each certificate at North Hennepin Community College.
3. Students have two year to complete the certificate requirements as published in the catalog in effect at the time of their initial enrollment. Students taking longer than two years to complete their certificate requirements may follow any catalog published during the two-year period preceding their completion.

North Hennepin Community College offers the following Certificate Programs:

- .Net Programming
- Accounting Skills
- Accounting, Management, and Computer Information Systems
- Application Programming
- American Sign Language
- Business, Communications, and Technology
- Building Inspection Technology
- Business Principles
- Chemical Laboratory Assistant
- Communication and Computers
- Construction Management
- Construction Quality Assurance and Quality Control
- Digital Knowledge Analysis
- English Language for Academic Purposes
- Entrepreneurship
- Finance
- Finance and Investment
- Game Programming
- Internet Programming
- Management
- Marketing and Sales
- Microsoft Office Principles
- Microsoft Office Specialist
- Object-Oriented Programming
- Project Management Essentials
- Paralegal
- Personal Training
- Pre-Ophthalmic Technician
- Spanish
- Wellness Coach
- Web Graphic Design, Programming, and E-commerce Graphic Design
- Written Communication Technologies

## Minnesota Transfer Curriculum

At North Hennepin Community College, the Minnesota Transfer Curriculum (MnTC) provides the general education distribution requirements for the Associate of Arts degree and provides the general education component for each of the career programs. The MnTC is designed to give students a college-level general education curriculum that focuses on the knowledge and skills necessary to be successful in modern society.
The Minnesota Transfer Curriculum (MnTC) is an agreement among Minnesota public institutions that aids in transfer among public colleges and universities in Minnesota. Upon full completion of the MnTC, a student will receive credit for all lowerdivision general education requirements ( 40 credits) upon admission. Partial completion of the MnTC will first be evaluated for completion of any of the 10 Goal Areas within the MnTC and then on a course-by-course basis. In all cases, courses recognized within particular Goal Area(s) by the previous institution will be accepted at North Hennepin Community College within the same Goal Area(s). Grades of A, B, C, or D are accepted in the MnTC; however, a cumulative 2.00 MnTC GPA is required for recognition of a student's completion of the entire Minnesota Transfer Curriculum with or without completing an associate degree.

## Goal Area 1: Communication

Goal: To develop writers and speakers who use the English language effectively and who read, write, speak and listen critically. As a base, all students should complete introductory communication requirements early in their collegiate studies. Writing competency is an ongoing process reinforced through writing-intensive courses and writing across the curriculum. Speaking and listening skills are reinforced through multiple opportunities for interpersonal communication, public speaking and discussion.

## MnTC Approved Courses for Goal Area 1:

| ENGL1200 | Gateway College Writing (minimum grade 1.67) <br> or | 4 |
| :--- | :--- | :---: |
| ENGL1201 | College Writing I (minimum grade 1.67) | 4 |
| ENGL1202 | College Writing II | 2 |

Communication - 1 course, $\mathbf{3}$ credits:

| ART1550 | Video Game Entertainment $\boldsymbol{o r}$ | 3 |
| :--- | :--- | :---: |
| COMM1010 | Fundamentals of Public Speaking $\boldsymbol{o r}$ | 3 |
| COMM1110 | Principles of Interpersonal Communication $\boldsymbol{o r}$ | 3 |
| COMM1210 | Small Group Communication $\boldsymbol{o r}$ | 3 |
| COMM1410 | Human Communication Theory $\boldsymbol{o r}$ | 3 |
| COMM1510 | Nonverbal Communication $\boldsymbol{o r}$ | 3 |
| COMM1550 | Video Game Entertainment $\boldsymbol{o r}$ |  |
| COMM1610 | Introduction to Mass Communication $\boldsymbol{o r}$ | 3 |
| COMM1710 | Oral Interpretation and Traditions $\boldsymbol{o r}$ | 3 |
| COMM1810 | Introduction to Health Communication $\boldsymbol{o r}$ | 3 |
| COMM1910 | Argumentation and Public Advocacy $\boldsymbol{o r}$ | 3 |
| TFT1710 | Oral Interpretation and Traditions | 3 |

## Goal Area 2: Critical Thinking

Goal: To develop thinkers who are able to unify factual, creative, rational and value-sensitive modes of thought. Critical thinking will be taught and used throughout the general education curriculum to develop students' awareness of their own thinking and problem-solving procedures. To integrate new skills into their customary ways of thinking, students must be actively engaged in practicing thinking skills and applying them to open-ended problems. Completion of the MnTC and/or the completion of an Associate Degree fulfills the Critical Thinking requirement.

## MnTC Approved Courses for Goal Area 2:

| ADEV1950 | Reading Texts Critically or | 3 |
| :--- | :--- | :---: |
| COMM1910 | Argumentation and Public Advocacy or | 3 |
| CSCI2010 | Discrete Mathematical Structures $\boldsymbol{o r}$ | 4 |
| HONR1000 | Honors Seminar | 1 |
| MATH1090 | Statway Statistics II or | 4 |
| MATH1210 | Applied Statistics | 4 |
| MATH2000 | Discrete Mathematical Structures | 4 |
| PHIL1110 | Informal Reasoning for Problem Solving or | 3 |
| PHIL1220 | Health Care Ethics | 3 |
| PSYC2000 | Statistics for the Behavioral Sciences | 4 |

## Goal Areal 3: Natural Science

Goal: To improve students' understanding of natural science principles and of the methods of scientific inquiry, i.e., the ways in which scientists investigate natural science phenomena. As a basis for lifelong learning, students need to know the vocabulary of science and to realize that while a set of principles has been developed through the work of previous scientists, ongoing scientific inquiry and new knowledge will bring changes in some of the ways scientists view the world. By studying the problems that engage today's scientists, students learn to appreciate the importance of science in their lives and to understand the value of a scientific perspective. Students are encouraged to study both the biological and physical sciences.

Students must complete a minimum of seven (7) credits. The courses must come from at least two different departments and at least one must be a traditional lab course-designated by *.

MnTC Approved Courses for Goal Area 3:

| ANTH1020 |  <br> Prehistory $\boldsymbol{o r}$ | 3 |
| :--- | :--- | :--- |
| BIOL1000* | Life Science $\boldsymbol{o r}$ | 4 |
| BIOL1001* | Biology I $\boldsymbol{o r}$ | 4 |
| BIOL1030 | Boundary Waters Canoe Area Field Biology $\boldsymbol{o r}$ | 4 |
| BIOL1101* | Principles of Biology I $\boldsymbol{o r}$ | 4 |
| BIOL1102* | Principles of Biology II $\boldsymbol{o r}$ | 4 |
| BIOL1120 | Human Biology $\boldsymbol{o r}$ | 3 |
| BIOL1130* | Human Biology with a Lab $\boldsymbol{o r}$ | 4 |
| BIOL1140* | Introduction to Human Genetics and Origins $\boldsymbol{o r}$ | 4 |
| BIOL1160 | Global Environment Field Biology $\boldsymbol{o r}$ | 4 |
| BIOL1200 | Current Environmental Issues $\boldsymbol{o r}$ | 4 |
| BIOL1350 | Biology of Women $\boldsymbol{o r}$ | 3 |
| BIOL1360 | Biology of Women with a Lab $\boldsymbol{o r}$ | 4 |
| BIOL1610 | Field Ecology $\boldsymbol{o r}$ | 1 |
| BIOL1650 | Human Biology Series or | 1 |
| BIOL2020* | Animal Biology $\boldsymbol{o r}$ | 4 |

| PHYS1232* | Principles of Physics II $\boldsymbol{o r}$ | 4 |
| PHYS1400 | The Solar System $\boldsymbol{o r}$ | 3 |
| PHYS1410* | Solar System Lab $\boldsymbol{o r}$ | 1 |
| PHYS1450 | Concepts of the Stars and Universe $\boldsymbol{o r}$ | 3 |
| PHYS1460* | Concepts of the Stars and Universe Lab or | 1 |
| PHYS1601* | General Physics I $\boldsymbol{o r}$ | 5 |
| PHYS1602* | General Physics II | 5 |

## Goal Area 4: Mathematical/Logical Reasoning

Goal: To increase students knowledge about mathematical and logical modes of thinking. This will enable students to appreciate the breadth of applications of mathematics, evaluate arguments and detect fallacious reasoning. Students will learn to apply mathematics, logic and/or statistics to help them make decisions in their lives and careers. Minnesota's public higher education systems have agreed that developmental mathematics includes the first three years of a high school mathematics sequence through intermediate algebra.

MnTC Approved Courses for Goal Area 4:

| CSCI2010 | Discrete Mathematical Structures | 4 |
| :--- | :--- | :--- |
| MATH1010 | Survey of Mathematics | 3 |
| MATH1031 | Math for Elementary Education I $\boldsymbol{o r}$ | 3 |
| MATH1032 | Math for Elementary Education II $\boldsymbol{o r}$ | 3 |
| MATH1080 | Technical Mathematics $\boldsymbol{o r}$ | 3 |
| MATH1090 | Statway Statistics II $\boldsymbol{o r}$ | 4 |
| MATH1130 | Elementary Statistics $\boldsymbol{o r}$ | 3 |
| MATH1140 | Finite Mathematics $\boldsymbol{o r}$ | 3 |
| MATH1150 | College Algebra $\boldsymbol{o r}$ | 3 |
| MATH1170 | Pre-Calculus $\boldsymbol{o r}$ | 4 |
| MATH1180 | College Algebra and Pre-Calculus $\boldsymbol{o r}$ | 5 |
| MATH1190 | Elementary Functions $\boldsymbol{o r}$ | 5 |
| MATH1200 | Calculus Survey $\boldsymbol{o r}$ | 3 |
| MATH1210 | Applied Statistics | 4 |
| MATH1221 | Calculus I $\boldsymbol{o r}$ | 5 |
| MATH1222 | Calculus II $\boldsymbol{o r}$ | 5 |

| MATH2000 | Discrete Mathematical Structures | 4 |
| :--- | :--- | :--- |
| MATH2010 | Probability and Statisticsor | 3 |
| MATH2220 | Calculus III $\boldsymbol{o r}$ | 5 |
| MATH2300 | Linear Algebra or | 3 |
| MATH2400 | Differential Equations or | 4 |
| PHIL1050 | Introduction to Logic | 3 |

## Goal Area 5: History and the Social and Behavioral Sciences

Goal: To increase student's knowledge of how historians and social and behavioral scientists discover, describe and explain the behaviors and interactions among individuals, groups, institutions, events and ideas. Such knowledge will better equip students to understand themselves and the roles they play in addressing the issues facing humanity.

Students must complete a minimum of nine (9) credits in three of these courses.

## MnTC Approved Course for Goal Area 5:

| ANTH1010 | Introduction to Anthropology: Cultural Anthropology or | 3 |
| :---: | :---: | :---: |
| ANTH1130 | The Archaeology of Ancient Europe or | 3 |
| ANTH1140 | Anthropology of Religion or | 3 |

| PSYC2110 | Principles of Social Psychology or | 3 |
| PSYC2320 | Psychological Disorders or | 3 |
| PSYC2330 | Personality Psychology or | 3 |
| PSYC2340 | Human Sexuality or | 3 |
| PSYC2350 | Multicultural Psychology or | 3 |
| SOC1110 | Introduction to Sociology or | 3 |
| SOC1710 | Introduction to Criminal Justice or | 3 |
| SOC1750 | Families in Crisis or | 3 |
| SOC2110 | Principles of Social Psychology or | 3 |
| SOC2200 | Family Violence or | 3 |
| SOC2210 | Social Inequality or | 3 |
| SOC2410 | Women in Global Perspectives or | 3 |
| SOC2730 | Introduction to Corrections | 3 |

## Goal Area 6: Humanities and Fine Arts

Goal: To expand students' knowledge of the human condition and human cultures, especially in relation to behavior, ideas and values expressed in works of human imagination and thought. Through study in disciplines such as literature, philosophy and the fine arts, students will engage in critical analysis, form aesthetic judgments and develop an appreciation of the arts and humanities as fundamental to the health and survival of any society. Students should have experiences in both the arts and humanities.

Students must complete a minimum of nine (9) credits in three of these courses. Courses must come from at least two different departments.

## Goal Area 7: Human Diversity

Goal: To increase students' understanding of individual and group differences (e.g. race, gender, class) and their knowledge of the traditions and values of various groups in the United States. Students should be able to evaluate the United States' historical and contemporary responses to group differences.

## Goal Area 9: Ethical and Civic Responsibility

Goal: To develop students' capacity to identify, discuss and reflect upon the ethical dimensions of political, social and personal life and to understand the ways in which they can exercise responsible and productive citizenship. While there are diverse views of social justice or the common good in a pluralistic society, students should learn that responsible citizenship requires them to develop skills to understand their own and others' positions and be part of the free exchange of ideas and function as publicminded citizens.

## Cert: .NET Programming

> 2019-2020

The .NET Programming Certificate provides students with an opportunity to learn .NET application development. It targets students who want to acquire skills needed for .NET programming, web programming, and web site development. It also covers ASP.NET, a technology for creating Web applications. The Certificate's database management course utilizes Microsoft SQL
Server.
Program Courses

| Course No. | Course Title | Credits |  |
| :---: | :--- | :---: | :---: |
| CSCI1040 | Fundamentals of Structured Query Language (SQL) | 3 |  |
| CSCI1150 | Programming in C\# for .NET | 4 |  |
| CSCI2060 | Web Programming in ASP.NET | 4 |  |
| $\mathbf{1}$ course from CSCI1020, CSCI1025: | 1 |  |  |
| CSCI1020 | Beginning Web Page Programming or | 1 |  |
| CSCI1025 | Responsive Web Design |  |  |
| NHCC Residency and GPA | Credits |  |  |
|  |  |  |  |
| Course No. |  |  |  |
| 2 2.00 overall GPA for NHCC courses |  |  |  |

## Total Credit Required 13

## Degree Requirements

2.00 overall GPA for NHCC courses

Program Outcomes

Knowledge of Human Cultures and the Physical and Natural World, including:

- Designing appealing and functional user interfaces

Intellectual and Practical Skills, including:

- How to program in one of the major .NET computer languages
- How to design and How to deploy a Web site
- Specifics of programming Internet-based applications and services
- How to program ASP.NET-based Web sites utilizing C\# language
- How to employ Microsoft SQL Server to process and store the data associated with .NET applications

## Degree Information

Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of $2.00(\mathrm{C})$. A certificate shall include 9 to 30 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information
North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Accreditation

North Hennepin Community College is accredited by the: Higher Learning Commission 30 N. LaSalle Street, Suite 2400
Chicago, IL 60602-2504 1-800-621-7440
Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Cert: Accounting, Management and Computer Systems

## 2019-2020

The Accounting, Management and Computer Information Systems Certificate is designed to provide a foundation in the study of accounting, business, and computer information systems. Students can use this certificate to enhance their skills in these areas of study or apply these credits to other certificates or associate's degrees with or without the intent to transfer.

## Program Courses

| Course No. | Course Title | Credit s |
| :---: | :--- | :---: |
| Program Courses - 10 credits: |  |  |
| ACCT 2111 | Financial Accounting | 4 |
| BUS 2200 | Principles of Management | 3 |

## AAS: Accounting Technology

$$
2019-2020
$$

An Accountant examines, analyzes and interprets accounting data for the purpose of giving advice and preparing financial statements. Duties may include performing such activities as recording receipts and disbursements, and preparing state and federal reports. The accountant may prepare reports and financial statements electronically.
North Hennepin Community College offers this degree for students who are interested in moving directly into an accounting career. NHCC also offers an Associate in Science A.S. degree in Accounting for students who are interested in transferring their credits to earn a baccalaureate degree at a four-year institution.

Program Courses - Business Foundation

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Degree Information

The Associate in Applied Science (A.A.S.) degree is intended for those students who plan to use the competence gained through their degree for immediate employment or enhancing current career skills. The A.A.S. degree includes a minimum of 20 semester credits in general education selected from at least three of the ten goal areas of the Minnesota Transfer Curriculum (MnTC). The MnTC courses within the A.A.S. programs transfer to any Minnesota State College or University. Many of the A.A.S. degree programs have articulation agreements with four-year institutions for transfer of the program.
A student shall:
Earn a minimum of 60-71 semester credits as required in the program with a grade point average of $2.00(\mathrm{C})$ or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College.
Earn 20 credits in at least 3 MnTC goal areas
Completion of an A.A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Program Accreditation

Accreditation Council for Business Schools and Programs, 11520 West 119th Street, Overland Park, KS 66123
Degree Information
The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.
A student shall:
Earn a minimum of 60 semester credits as required in the program, with a grade point average of $2.00(\mathrm{C})$ or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College.
Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technicalcredits. Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Cert: American Sign Language

2019-2020

The purpose of the American Sign Language (ASL) Certificate is to provide training for students who wish to learn basic American Sign Language and understand Deaf Culture. This certificate is appropriate for students who are planning to enter or are currently employed in all areas of customer relations. Students who complete this certificate will be in a position to use basic communication with colleagues or customers who are ASL users. This program will not prepare students to become interpreters. Upon completion of this program, a student will be able to communicate with Deaf and Hard of hearing people on a basic level in American Sign Language, including the use of fingerspelling numbers, signs and grammar structures. Students who earn this certificate may choose to continue their studies in an Interpreting Program for ASL.

## Program Courses

| Course No. Course Title | Credits |  |
| :--- | :--- | :---: |
| ASL1101 | American Sign Language I | 4 |
| ASL1102 | American Sign Language II | 4 |
| ASL1300 | Deaf Culture | 3 |
| ASL1400 | Fingerspelling and Numbers | 3 |
| ASL2201 | Intermediate American Sign Language I | 4 |
| ASL2202 | Intermediate American Sign Language II | 4 |

## NHCC Residency and GPA

| Course No. | Course Title | Credits |
| :--- | :--- | :--- |
| 7 Credits must be earned at NHCC: |  |  |
| 2.00 overall GPA for NHCC courses |  |  |

Total Credit Required 22

## Degree Requirements

2.00 overall GPA for NHCC courses

## Program Outcomes

Develop a foundation of essential knowledge about the cultural, social, and natural worlds of the Deaf and Hard of Hearing along with overall individual well-being by:

- Articulating an awareness and understanding of Deaf Culture and the unique qualities of deafness as an American Linguistic minority.
Develop Intellectual and Practical Skills, including:
- Demonstrating basic conversational skills and use of appropriate American Sign Language grammar structures, vocabulary, finger spelling and numbers. Effectively communicating with Deaf and Hard of Hearing people in American Sign Language in a variety of settings i.e. work, grocery store, church, etc.
Demonstrate Personal and Social Responsibility, including:
- Analyzing individual approaches to American Sign Language and make appropriate choices within various contexts involved.
Integrative Learning:
- Analyzing, comparing, and contrasting different perspectives of the Deaf Community.

## Degree Information

Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of $2.00(\mathrm{C})$ in each class. Students must complete ENGL 1201 at North Hennepin Community College. A certificate shall include 9 to 32 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. ## AA: Associate of Arts - Liberal Arts

## 2019-2020

The Associate of Arts (A.A.) is designed to constitute the first two years of a liberal arts bachelor degree program. An A.A. degree includes the entire 40 credit Minnesota Transfer Curriculum (MnTC) as the general education requirement. Students may also choose to concentrate in a particular field of study in preparation for a planned major or professional emphasis at a four-year-college by following the pre-major requirements of the desired transfer institution.

Goal Area 1: Communication

| Course No. | Course Title | Credits | Other Goal Area |
| :---: | :---: | :---: | :---: |
| College Writing I and II: (minimum grade 1.67) |  |  |  |
| ENGL1200 | Gateway College Writing (minimum grade 1.67) or | 4 |  |
| ENGL1201 | College Writing I (minimum grade 1.67) | 4 |  |
| ENGL1202 | College Writing II | 2 |  |
| ENGL1800 | Introduction to Journalism (check with transfer institution) | 3 | 9 |
| Communication - 1 course, 3 credits: |  |  |  |
| ART1550 | Video Game Entertainment or | 3 | 6 |
| COMM1010 | Fundamentals of Public Speaking or | 3 |  |
| COMM1110 | Principles of Interpersonal Communication or | 3 | 7 |
| COMM1210 | Small Group Communication or | 3 | 7 |
| COMM1410 | Human Communication Theory or | 3 |  |
| COMM1510 | Nonverbal Communication or | 3 | 8 |
| COMM1550 | Video Game Entertainment or |  | 6 |
| COMM1610 | Introduction to Mass Communication or | 3 | 9 |
| COMM1710 | Oral Interpretation and Traditions or | 3 | 8 |

Goal Area 4: Mathematical/Logical Reasoning

| Course No. | Course Title | Credits | Other Goal Area |
| :---: | :---: | :---: | :---: |
| Mathematical/Logical Reasoning - 1 course, at least 3 credits: |  |  |  |
| CSCI2010 | Discrete Mathematical Structures | 4 | 2 |
| MATH1010 | Survey of Mathematics | 3 |  |
| MATH1031 | Math for Elementary Education I or | 3 |  |
| MATH1032 | Math for Elementary Education II or | 3 |  |
| MATH1080 | Technical Mathematics or | 3 |  |
| MATH1090 | Statway Statistics II or | 4 | 2 |
| MATH1130 | Elementary Statistics or | 3 |  |
| MATH1140 | Finite Mathematics or | 3 |  |
| MATH1150 | College Algebra or | 3 |  |
| MATH1170 | Pre-Calculus or | 4 |  |
| MATH1180 | College Algebra and Pre-Calculus or | 5 |  |
| MATH1190 | Elementary Functions or | 5 |  |
| MATH1200 | Calculus Survey or | 3 |  |
| MATH1210 | Applied Statistics | 4 | 2 |
| MATH1221 | Calculus I or | 5 |  |
| MATH1222 | Calculus II or | 5 |  |
| MATH2000 | Discrete Mathematical Structures | 4 | 2 |
| MATH2010 | Probability and Statistics or | 3 |  |
| MATH2220 | Calculus III or | 5 |  |

| MATH2300 | Linear Algebra $\boldsymbol{o r}$ | 3 |  |
| :--- | :--- | :--- | :--- |
| MATH2400 | Differential Equations $\boldsymbol{o r}$ | 4 |  |
| PHIL1050 | Introduction to Logic | 3 |  |

Goal Area 5: History and the Social and Behavioral Sciences

| Course No. | Course Title | Credits | Other Goal Area |
| :---: | :---: | :---: | :---: |
| History and the Social and Behavioral Sciences - 3 courses, 9 credits: |  |  |  |
| ANTH1010 | IntroductiontoAnthropology:Cultural Anthropology or | 3 | 8 |
| ANTH1130 | The Archaeology of Ancient Europe or | 3 | 10 |
| ANTH1140 | Anthropology of Religion $\boldsymbol{o r}$ | 3 | 7 |
| ECON1050 | Economics of Crime or | 3 | 9 |
| ECON1060 | Macroeconomics or | 3 | 8 |
| ECON1070 | Microeconomics or | 3 |  |
| GCST1490 | Dave Larsen American Indian Immersion Experience or | 4 | 9 |
| GCST1501 | Introduction to Gender and Women's Studies or | 3 | 7 |
| GCST1964 | African American Civil Rights Immersion Experience or | 4 | 9 |
| GEOG1040 | Human Geography or | 3 | 8 |
| GEOG1100 | World Geography or | 3 | 8 |
| HIST1010 | World History: Origins to 1300 or | 3 | 8 |
| HIST1020 | World History: 1300 to Present or | 3 | 8 |
| HIST1030 | Colonial History of the Americas or | 3 | 8 |
| HIST1110 | History of Western Civilization Pre 1550 or | 3 | 8 |
| HIST1120 | History of Western Civilization 1550 to Present or | 3 | 8 |
| HIST1130 | History of the Medieval West or | 3 | 8 |
| HIST1140 | History of the Ancient West or | 3 | 8 |
| HIST1200 | History of United States Through 1877 or | 3 | 7 |
| HIST1210 | History of the United States Since 1877 or | 3 | 7 |
| HIST1230 | U.S. Labor History | 3 | 9 |
| HIST1270 | Race in America or | 3 | 7 |
| HIST2500 | World Regional History or | 3 | 8 |
| HIST2600 | Intellectual History or | 3 | 9 |
| HIST2700 | History and Popular Culture or | 3 | 9 |
| POLS1100 | American Government and Politics or | 3 | 9 |
| POLS1140 | State and Local Politics or | 3 | 9 |
| POLS1600 | Comparative Politics | 3 | 8 |
| POLS1700 | World Politics or | 3 | 8 |
| POLS2130 | Constitutional Law or | 3 |  |
| PSYC1150 | General Psychology or | 3 |  |
| PSYC1160 | Introduction to Psychology or | 4 |  |
| PSYC1165 | Psychology of Adjustment or | 3 | 7 |
| PSYC1170 | Psychology of Gender or | 3 | 7 |
| PSYC1210 | Child Development or | 3 |  |
| PSYC1220 | Adult Development or | 3 |  |
| PSYC1250 | Life Span Developmental Psychology or | 4 |  |
| PSYC2000 | Statistics for the Behavioral Sciences or | 4 | 2 |
| PSYC2110 | Principles of Social Psychology or | 3 | 7 |
| PSYC2320 | Psychological Disorders or | 3 |  |
| PSYC2330 | Personality Psychology or | 3 |  |

| PSYC2340 | Human Sexuality $\boldsymbol{o r}$ | 3 | 7 |
| :--- | :--- | :--- | :--- |
| PSYC2350 | Multicultural Psychology or | 3 | 8 |
| SOC1110 | Introduction to Sociology $\boldsymbol{o r}$ | 3 | 7 |
| SOC1710 | Introduction to Criminal Justice or | 3 |  |
| SOC1750 | Families in Crisis or | 3 |  |
| SOC2110 | Principles of Social Psychology or | 3 | 7 |
| SOC2210 | Social Inequality $\boldsymbol{o r}$ | 3 | 7 |
| SOC2730 | Introduction to Corrections | 3 |  |

## Goal Area 6: The Humanities and Fine Arts

| Course No. | Course Title | Credits | Other Goal Area |
| :---: | :---: | :---: | :---: |
| Humanities and Fine Arts - $\mathbf{3}$ courses, 9 credits, from at least $\mathbf{2}$ different disciplines: |  |  |  |
| ARBC1030 | Arab Cultures or | 3 | 8 |
| ART1040 | Introduction to Art or | 3 | 8 |
| ART1101 | Photography I or | 3 |  |
| ART1102 | Photography II or | 3 |  |
| ART1160 | Digital Photography or | 3 |  |
| ART1170 | Advanced Photography or | 3 |  |
| ART1270 | Digital Video Production or | 3 |  |
| ART1301 | Two Dimensional Design I or | 3 |  |
| ART1302 | Two Dimensional Design II or | 3 |  |
| ART1310 | Three Dimensional Design or | 3 |  |
| ART1320 | Introduction to Sculpture or | 3 |  |
| ART1340 | Fundamentals of Color or | 3 |  |
| ART1361 | Ceramics I or | 3 |  |
| ART1362 | Ceramics II or | 3 |  |
| ART1401 | Drawing I or | 3 |  |
| ART1402 | Drawing II or | 3 |  |
| ART1550 | Video Game Development | 3 | 1 |
| ART1770 | Quilt Arts or | 3 |  |
| ART1810 | Studio Art Workshop or | 1 |  |
| ART1820 | Studio Art Workshop or | 2 |  |
| ART2180 | Art History: Pre-History to the Age of Cathedrals or | 3 | 8 |
| ART2190 | Art History: Renaissance to 21st Century Art or | 3 | 8 |
| ART2300 | Architectural History or | 2 | 8 |
| ART2611 | Painting I or | 3 |  |
| ART2612 | Painting II or | 3 |  |
| ART2640 | Watercolor or | 3 |  |
| ART2740 | Jewelry Workshop or | 1 |  |
| ART2750 | Ceramics Workshop or | 1 |  |
| ART2781 | Quiltmaking Workshop I or | 1 |  |
| ART2782 | Quiltmaking Workshop II or | 1 |  |
| ART2800 | Painting Workshop or | 1 |  |
| ART2820 | Drawing Workshop or | 1 |  |
| ART2860 | Photography Workshop or | 1 |  |
| ART2900 | Studio Arts Capstone Practicum or | 1 |  |
| ART2970 | Art Appreciation Field Trip or | 1 |  |
| COMM1550 | Video Game Development or | 3 | 1 |
| ENGL1150 | Introduction to Literature or | 3 |  |
| ENGL1250 | Magazine Workshop or | 2 |  |
| ENGL1900 | Introduction to Creative Writing or | 3 |  |

| ENGL1950 | Graphic Novels or | 3 |  |
| :---: | :---: | :---: | :---: |
| ENGL2010 | Writing Creative Non-Fiction and Memoir or | 3 |  |
| ENGL2020 | Writing Stories or | 3 |  |
| ENGL2030 | Writing Poetry or | 3 |  |
| ENGL2150 | Introduction to Literary Studies | 3 |  |
| ENGL2270 | Modern American Literature or | 3 |  |
| ENGL2300 | Children's Literature or | 3 | 7 |
| ENGL2310 | American Short Story or | 3 |  |
| ENGL2320 | Writing: From Structure to Style or | 3 | 7 |
| ENGL2330 | Hmong American Literature or | 3 | 7 |
| ENGL2340 | Nature in Literature or | 3 | 10 |
| ENGL2350 | Women and Literature or | 3 | 7 |
| ENGL2360 | Global Literary Perspectives or | 3 | 8 |
| ENGL2370 | African American Literature or | 3 | 7 |
| ENGL2380 | American Indian Literature or | 3 | 7 |
| ENGL2390 | Work in America Literature or | 3 | 9 |
| ENGL2400 | Utopian/Dystopian Literature or | 3 | 8 |
| ENGL2410 | Latinx and Latin American Literature | 3 | 7 |
| ENGL2450 | Survey of American Literature I or | 3 | 7 |
| ENGL2460 | Survey of American Literature II or | 3 | 7 |
| ENGL2500 | Playwriting or | 3 |  |
| ENGL2540 | Introduction to Literary Studies: Reading Poetry or | 3 |  |
| ENGL2550 | Survey of British Literature I or | 3 | 8 |
| ENGL2560 | Survey of British Literature II or | 3 | 8 |
| ENGL2570 | Introduction to Literary Studies: Reading Plays or |  | 7 |
| ENGL2580 | Shakespeare's Plays or | 3 | 8 |
| ENGL2590 | Introduction to Literary Studies: American Short Story or | 3 |  |
| ENGL2900 | Fantasy Literature or | 3 | 7 |
| ENGL2950 | Mystery and Detective Fiction or | 3 | 9 |
| GCST1030 | Introduction to Japanese Culture or | 3 | 10 |
| GCST1978 | American Indian Cultural Expression or | 3 | 7 |
| GCST2410 | Latinx and Latin American Literature or | 3 | 7 |
| MUSC1130 | Concert Choir or | 1 |  |
| MUSC1160 | Large Instrumental Ensemble or | 1 |  |
| MUSC1170 | Instrumental Jazz Ensemble or | 1 |  |
| MUSC1180 | Small Group Performance Ensemble or | 1 |  |
| MUSC1190 | Garage Band or | 2 |  |
| MUSC1200 | Fundamentals of Music or | 3 |  |
| MUSC1220 | Survey of Western Music or | 3 | 8 |
| MUSC1241 | Music Theory I or | 3 |  |
| MUSC1242 | Music Theory II or | 3 |  |
| MUSC1300 | Music in World Cultures or | 3 | 8 |
| MUSC1320 | Applied Music Guitar or | 1 |  |
| MUSC1350 | History of Rock 'n Roll or | 3 |  |
| MUSC1500 | Class Guitar or | 2 |  |
| MUSC1501 | Class Guitar I or | 2 |  |
| MUSC1502 | Class Guitar II or | 2 |  |
| MUSC1510 | Applied Music: Guitar or | 1 |  |

| MUSC1560 | Class Guitar or | 1 |  |
| :---: | :---: | :---: | :---: |
| MUSC1600 | Class Voice or | 2 |  |
| MUSC1610 | Applied Music: Voice or | 1 |  |
| MUSC1800 | Class Piano or | 2 |  |
| MUSC1801 | Class Piano Ior | 2 |  |
| MUSC1802 | Class Piano II or | 2 |  |
| MUSC1810 | Applied Music: Piano or | 1 |  |
| MUSC1830 | Applied Music: Strings or | 1 |  |
| MUSC1850 | Applied Music: Percussion or | 1 |  |
| MUSC1860 | Applied Music: Brass or | 1 |  |
| MUSC1870 | Applied Music: Woodwinds or | 1 |  |
| MUSC2010 | Advanced Applied Music Lessons or | 2 |  |
| MUSC2170 | History of Music I: Medieval Through Classical Eras or | 3 | 8 |
| MUSC2180 | History of Music II: Romantic Era to the 21st Century or | 3 | 8 |
| MUSC2241 | Music Theory III or | 3 |  |
| MUSC2242 | Music Theory IV or | 3 |  |
| MUSC2970 | Music Appreciation Field Trip or | 1 |  |
| PHIL1010 | Introduction to Philosophy or | 3 | 8 |
| PHIL1020 | Ethics or | 3 | 9 |
| PHIL1030 | Eastern Religions or | 3 | 8 |
| PHIL1040 | Western Religions or | 3 | 7 |
| PHIL1060 | Philosophy of Religion or | 3 | 8 |
| PHIL1070 | Political Philosophy or | 3 | 9 |
| PHIL1080 | Comparative World Religions or | 3 | 8 |
| PHIL1120 | Ethics in Organization or | 3 | 9 |
| PHIL1220 | Health Care Ethics or | 3 | 2, 9 |
| PHIL1230 | Food Ethics or | 3 | 10 |
| SPAN1030 | Spanish and Latin American Culture or | 3 | 8 |
| SPAN2201 | Intermediate Spanish I or | 5 | 8 |
| SPAN2202 | Intermediate Spanish II or | 5 | 8 |
| TFT1200 | Theatre in the Twin Cities or | 3 |  |
| TFT1210 | Introduction to Theatre or | 3 | 7 |
| TFT1250 | Introduction to Film or | 3 |  |
| TFT1260 | Introduction to Television or | 3 | 8 |
| TFT1270 | Digital Video Production or | 3 |  |
| TFT1280 | Introduction to Screenwriting or | 3 |  |
| TFT1290 | Design for Theatre or | 3 |  |
| TFT1310 | American Cinema or | 3 | 7 |
| TFT1320 | World Cinema or | 3 | 8 |
| TFT1350 | The American Musical Theatre or | 3 | 7 |
| TFT1450 | Stagecraft or |  |  |
| TFT1500 | Acting I or | 3 |  |
| TFT1510 | Stage Movement and Voice or | 3 |  |
| TFT1531 | Stage Combat I or | 3 |  |
| TFT1532 | Stage Combat II or | 3 |  |
| TFT1540 | Acting for the Camera or | 3 |  |
| TFT1600 | Theatre Practicum: Performance or | 1 |  |
| TFT1610 | Theatre Practicum: Technical | 1 |  |

| TFT2010 | Fundamentals of Directing | 3 |  |
| :--- | :--- | :---: | :---: |
| TFT2150 | Play Analysis | 3 |  |
| TFT2500 | Playwriting or | 3 |  |
| TFT2550 | Acting II | 3 |  |
| TFT2950 | Theatre Appreciation Field Trip | 1 |  |

Goal Areas 7-10: One course required in each goal. (courses here can "double dip and also count in goals 1-6. Credit amount only counts once.)

Goal Area 7: Human Diversity

| Course No. | Course Title | Credits | Other Goal Area |
| :---: | :---: | :---: | :---: |
| Human Diversity -1 course: |  |  |  |
| ANTH1140 | Anthropology of Religion or | 3 |  |
| ASL1300 | Deaf Culture or | 3 |  |
| COMM1110 | Principles of Interpersonal Communication or | 3 |  |
| COMM1210 | Small Group Communication or | 3 |  |
| COMM1310 | Intercultural Communication or | 3 |  |
| ENGL2300 | Children's Literature or | 3 |  |
| ENGL2320 | Writing: From Structure to Style or | 3 |  |
| ENGL2330 | Hmong American Literature or | 3 |  |
| ENGL2350 | Women and Literature or | 3 |  |
| ENGL2360 | Global Literary Perspectives | 3 |  |
| ENGL2370 | African American Literature or | 3 |  |
| ENGL2380 | American Indian Literature or | 3 |  |
| ENGL2410 | U.S. Latinx and Latin American Literature or | 3 |  |
| ENGL2450 | Survey of American Literature I or | 3 |  |
| ENGL2460 | Survey of American Literature II or | 3 |  |
| ENGL2570 | Introduction to Literary Studies: Reading Plays or | 3 |  |
| ENGL2900 | Fantasy Literature or | 3 |  |
| GCST1040 | American Indian Culture - Indigenous Peoples of Minnesota or | 3 |  |
| GCST1220 | Practical Applications of Traditional Aikido or | 2 |  |
| GCST1320 | Community Organizing I or | 3 |  |
| GCST1503 | Masculinities or | 3 |  |
| GCST1978 | American Indian Cultural Expression or | 3 |  |
| GCST2410 | U.S. Latinx and Latin American Literature | 3 |  |
| GEOG1000 | Geography of the United States or | 2 |  |
| HIST1200 | History of United States Through 1877 or | 3 |  |
| HIST1210 | History of the United States Since 1877 or | 3 |  |
| HIST1220 | American Colonial History or | 3 |  |
| HIST1240 | History of the American West or | 3 |  |
| HIST1270 | Race in America or | 3 |  |
| INTD1040 | American Indian Culture - Indigenous Peoples of Minnesota or | 3 |  |
| PHIL1040 | Western Religions or | 3 |  |
| PSYC1165 | Psychology of Adjustment or | 3 |  |
| PSYC1170 | Psychology of Gender or | 3 |  |
| PSYC2110 | Principles of Social Psychology or | 3 |  |
| PSYC2340 | Human Sexuality or | 3 |  |
| SOC1110 | Introduction to Sociology or | 3 |  |
| SOC1130 | Social Problems/Deviance or | 3 |  |

| SOC2110 | Principles of Social Psychology $\boldsymbol{o r}$ | 3 |  |
| :--- | :--- | :--- | :--- |
| SOC2210 | Social Inequality $\boldsymbol{o r}$ | 3 |  |
| TFT1210 | Introduction to Theatre or | 3 |  |
| TFT1310 | American Cinema $\boldsymbol{o r}$ | 3 |  |
| TFT1350 | The American Musical Theatre | 3 |  |

Goal Area 8: Global Perspective

| Course No. | Course Title | Credits | Other Goal Area |
| :---: | :---: | :---: | :---: |
| Global Perspective - 1 course: |  |  |  |
| ANTH1010 | IntroductiontoAnthropology:Cultural Anthropology or | 3 |  |
| ARBC1030 | Arab Cultures or | 3 |  |
| ARBC1101 | Introduction to Arabic or | 4 |  |
| ARBC1102 | Beginning Arabic II or | 4 |  |
| ARBC2201 | Intermediate Arabic I or | 4 |  |
| ART1040 | Introduction to Art or | 3 |  |
| ART2180 | Art History: Pre-History to the Age of Cathedrals or | 3 |  |
| ART2190 | Art History: Renaissance to 21st Century Art or | 3 |  |
| ART2300 | Architectural History or | 2 |  |
| ASL1101 | American Sign Language I or | 4 |  |
| ASL1102 | American Sign Language II or | 4 |  |
| ASL2201 | Intermediate American Sign Language I or | 4 |  |
| ASL2202 | Intermediate American Sign Language II or | 4 |  |
| COMM1310 | Intercultural Communication or | 3 |  |
| COMM1510 | Nonverbal Communication or | 3 |  |
| COMM1710 | Oral Interpretation and Traditions or | 3 |  |
| ECON1060 | Principles of Macroeconomics or | 3 |  |
| ENGL2400 | Utopian/Dystopian Literature or | 3 |  |
| ENGL2550 | Survey of British Literature I or | 3 |  |
| ENGL2560 | Survey of British Literature II or | 3 |  |
| ENGL2580 | Shakespeare's Plays or | 3 |  |
| ENGL2590 | Shakespeare Plays II or | 3 |  |
| GCST1210 | The History, Philosophy, and Practice of Traditional Aikido or | 3 |  |
| GCST1211 | The History, Philosophy, and Practice of Traditional Aikido I or | 3 |  |
| GCST1212 | The History, Philosophy and Practice of Traditional Aikido II or | 3 |  |
| GCST1213 | The History, Philosophy, and Practice of Traditional Aikido III or | 3 |  |
| GCST1502 | Human Trafficking or | 3 |  |
| GCST2320 | Community Organizing II or | 3 |  |
| GEOG1040 | Human Geography or | 3 |  |
| GEOG1100 | World Geography or | 3 |  |
| GEOG1190 | Area Studies or | 3 |  |
| HIST1010 | World History: Origins to 1300 or | 3 |  |
| HIST1020 | World History: 1300 to Present or | 3 |  |
| HIST1030 | Colonial History of the Americas or | 3 |  |
| HIST1110 | History of Western Civilization Pre 1550 or | 3 |  |
| HIST1120 | History of Western Civilization 1550 to Present or | 3 |  |

| HIST1130 | History of the Medieval West or | 3 |  |
| :---: | :---: | :---: | :---: |
| HIST1140 | History of the Ancient West or | 3 |  |
| HIST2500 | World Regional History or | 3 |  |
| MUSC1220 | Survey or Western Music or | 3 |  |
| MUSC1300 | Music in World Cultures or | 3 |  |
| MUSC2170 | History of Music I: Medieval Through Classical Eras or | 3 |  |
| MUSC2180 | History of Music II: Romantic Era to the 21st Century or | 3 |  |
| PHIL1010 | Introduction to Philosophy or | 3 |  |
| PHIL1030 | Eastern Religions or | 3 |  |
| PHIL1060 | Philosophy of Religion $\boldsymbol{o r}$ | 3 |  |
| PHIL1080 | Comparative World Religions | 3 |  |
| PHIL1210 | Global Justice, Peace and Conflict or | 3 |  |
| POLS1600 | Comparative Politics or | 3 |  |
| POLS1700 | World Politics or | 3 |  |
| PSYC2350 | Multicultural Psychology or | 3 |  |
| SPAN1030 | Spanish and Latin American Culture or | 3 |  |
| SPAN1101 | Beginning Spanish I or | 5 |  |
| SPAN1102 | Beginning Spanish II or | 5 |  |
| SPAN2201 | Intermediate Spanish I or | 5 |  |
| SPAN2202 | Intermediate Spanish II or | 5 |  |
| TFT1260 | Introduction to Television or | 3 |  |
| TFT1320 | World Cinema or | 3 |  |
| TFT1710 | Oral Interpretation and Traditions | 3 |  |

Goal Area 9: Ethical and Civic Responsibility

| Course No. | Course Title | Credits | Other Goal Area |
| :---: | :---: | :---: | :---: |
| Ethical and Civic Responsibility - 1 course: |  |  |  |
| COMM1610 | Introduction to Mass Communication or | 3 |  |
| COMM1810 | Introduction to Health Communication or | 3 |  |
| ECON1050 | Economics of Crime or | 3 |  |
| ENGL1800 | Introduction to Journalism or | 3 |  |
| ENGL2390 | American Working-Class Literature or | 3 |  |
| ENGL2950 | Mystery and Detective Fiction or | 3 |  |
| GCST1210 | The History, Philosophy, and Practice of Traditional Aikido or | 3 |  |
| GCST1211 | The History, Philosophy, and Practice of Traditional Aikido I or | 3 |  |
| GCST1212 | The History, Philosophy and Practice of Traditional Aikido II or | 3 |  |
| GCST1213 | The History, Philosophy, and Practice of Traditional Aikido III or | 3 |  |
| GCST1220 | Practical Applications of Traditional Aikido or | 2 |  |
| GCST1320 | Community Organizing I or | 3 |  |
| GCST1490 | Dave Larson American Indian Immersion Experience or | 4 |  |
| GCST1502 | Human Trafficking or | 3 |  |
| GCST1964 | African American Civil Rights Immersion Experience or | 4 |  |
| HIST1230 | U.S. Labor History or | 3 |  |
| HIST1700 | History and Popular Culture or | 3 |  |
| HIST2600 | Intellectual History or | 3 |  |

| HIST2700 | History and Popular Culture $\boldsymbol{o r}$ | 3 |  |
| :--- | :--- | :--- | :--- |
| PHIL1020 | Ethics $\boldsymbol{o r}$ | 3 |  |
| PHIL1070 | Political Philosophy or | 3 |  |
| PHIL1110 | Informal Reasoning for Problem Solving $\boldsymbol{o r}$ | 3 |  |
| PHIL1120 | Ethics in Organization $\boldsymbol{o r}$ | 3 |  |
| PHIL1220 | Health Care Ethics $\boldsymbol{o r}$ | 3 |  |
| POLS1100 | American Government and Politics $\boldsymbol{o r}$ | 3 |  |
| POLS1140 | State and Local Politics $\boldsymbol{o r}$ | 3 |  |
| SOC1130 | Social Problems/Deviance | 3 |  |

Goal Area 10: People and the Environment

| Course No. | Course Title | Credits | Other Goal Area |
| :---: | :---: | :---: | :---: |
| People and the Environment-1 course: |  |  |  |
| ANTH1020 | IntrotoAnthropology:PhysicalAnthropology, Archaeology \& Prehistory or | 3 |  |
| ANTH1130 | The Archaeology of Ancient Europe or | 3 |  |
| BIOL1030 | Boundary Waters Canoe Area Field Biology or | 4 |  |
| BIOL1160 | Global Environment Field Biology or | 4 |  |
| BIOL1200 | Current Environmental Issues or | 4 |  |
| BIOL1600 | Biology of Nature Series or | 1 |  |
| BIOL1610 | Field Ecology or | 1 |  |
| CHEM1000 | Chemistry and Society or | 4 |  |
| CHEM1010 | Introduction to Chemistry or | 4 |  |
| EEVS1140 | Historical Geology or | 4 |  |
| EEVS1150 | Boundary Waters Field Geology or | 4 |  |
| EEVS1160 | Global Environmental Field Geology or | 4 |  |
| EEVS1170 | Minnesota Field Geology Series: Glacial Geology or | 2 |  |
| EEVS1180 | Minnesota Field Geology Series: Caves, Karst and Ancient Seaways or | 2 |  |
| EEVS1190 | Minnesota Field Geology Series: Minnesota Rivers or | 2 |  |
| EEVS1200 | Oceanography or | 3 |  |
| EEVS1201 | Oceanography Lab or | 1 |  |
| EEVS1210 | Minnesota Field Geology Series: Volcanic, Plutonic and Metamorphic Geology or | 2 |  |

Elective credits, excluding under 1000 level, to reach 60 credits:
NHCC Residency and GPA

| Course No. | Course Title | Credits |
| :--- | :--- | :--- |

15 Credits must be earned at NHCC:
2.00 overall GPA for NHCC courses

Total Credit Required 60
Degree Requirements
2.00 GPA required for MnTC courses
2.00 overall GPA for NHCC courses

Degree Information

The Associate of Arts (A.A.) is awarded for successful completion of 60 credits and is designed to constitute the first two years of a liberal arts bachelor degree program. An A.A. degree includes the entire 40 credit Minnesota Transfer Curriculum (MnTC) as the general education requirement. Students may also choose to concentrate in a particular field of study in preparation for a planned major or professional emphasis at a four-year college by following the pre-major requirement of the desired transfer institution in addition to the MnTC and A.A. requirements.
A student shall:
Earn a minimum of 60 semester credits.
Earn a grade point average of $2.00(\mathrm{C})$ or higher in courses taken at North Hennepin Community College. Earn a minimum of 20 semester credits of the 60 semester credits required for the A.A. Degree at NHCC.
Complete the general education distribution requirement listed in the Minnesota Transfer Curriculum. The student shall select general education (MnTC) courses numbered 1000 or above to complete a minimum of 40 credits.
Have four years in which to complete their work under the terms of the catalog in effect at the time of their first enrollment.
Students taking more than four years to complete their graduation requirements may follow any catalog in effect during the four-year period preceding their date of graduation.
Required A.A. Degree Course Distribution:
Complete 40 credits in the Minnesota Transfer Curriculum satisfying the requirements for each of the 10 goal areas. Complete at least 4 credits for the Wellness requirement with at least one course from each of the following areas: Health (all courses) and Physical Education (all courses).
Complete 16 elective credits selected from all courses listed in the College's offerings, which are numbered 1000 or higher.
Completion of an A.A. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).
Note: Courses can satisfy more than one goal area, however, credits may only be counted once toward the 60 credit minimum.
Developmental Courses
Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information
North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Program Outcomes

Develop a foundation of essential knowledge about the cultural, social, and natural worlds, and individual well-being.
Develop intellectual and practical skills, including:

- Understanding the commonalities and diversity of the human experience, values, and opinions understanding the forms of artistic expression and their inherent creative processes
- Thinking critically, applying systematic reasoning, and developing information management quantitative skills communicating clearly and effectively
Demonstrate personal and social responsibility, including:
- Developing a code for personal and civic life as a responsible citizen in a democracy maintaining good mental and physical health and social adjustment
- Seeking new knowledge independently integrative applied learning including: the ability to apply General Education to the issues of our times and be prepared to transfer to and succeed at an upper-level academic institution.

Career Opportunities: Information on careers, including salary and employment outlook data is available on the iseek and Bureau of Labor Statistics websites at www.iseek.org and www.bls.gov

Transfer Information
If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: TransferInformation

## Accreditation

North Hennepin Community College is accredited by the: Higher Learning Commission 30 N. LaSalle Street, Suite 2400 Chicago, I L 60602-2504 1-800-621-7440

1. Health and Exercise Science - 2 courses, 4 credits, one Health course and one Exercise Science course: EXSC1010(2), EXSC1020(1), EXSC1041(1), EXSC1042(1), EXSC1050(1), EXSC1070(1), EXSC1110(1), EXSC1130(1), EXSC1140(1), EXSC1151(1), EXSC1152(1), EXSC1200(1), EXSC1210(1), EXSC1230(1), EXSC1240(1), EXSC1250(3), EXSC1260(1), EXSC1270(1), EXSC1310(1), EXSC1400(1), EXSC1420(1), EXSC1430(1), EXSC1440(1), EXSC1451(1), EXSC1452(1), EXSC1500(3), EXSC1510(2), EXSC1520(3), EXSC1600(1), EXSC1610(1), EXSC1630(1), EXSC1640(1), EXSC1700(3), EXSC1710(3), EXSC1720(2), EXSC1730(1), EXSC1740(1), EXSC1750(1), EXSC1751(1), EXSC1752(1), EXSC1760(1), EXSC1800(1), EXSC1810(1), EXSC1820(1), EXSC1830(1), EXSC1840(1), EXSC1850(1), EXSC1990(1), EXSC2101(4), EXSC2102(2), EXSC2110(3), EXSC2390(3), EXSC2490(4), HLTH1030(3), HLTH1040(3), HLTH1050(3), HLTH1060(3), HLTH1070(3), HLTH1080(3), HLTH1100(3), HLTH1250(3), HLTH1600(3), HLTH1900(3), HLTH1990(1)

## AS: Biology Transfer Pathway

2019-2020
The Associate of Science Biology Transfer Pathway offers students an opportunity to earn course credits that directly transfer to a designated Biology bachelor's degree program at Minnesota State universities. The entire curriculum has been carefully designed to meet bachelor's degree program requirements for transfer students planning initial study at a Minnesota State college. Students planning to transfer to non-system universities are advised to consult with their intended transfer institution as early as possible to determine transferability of the courses in this curriculum.
The Biology Transfer Pathway AS will transfer to the following designated baccalaureate degree majors:

- Bemidji State University: Biology - General Biology, BS Biology - Ecology, Biodiversity, and Evolutionary Biology, BS Biology - Environmental Science, BS
- Metropolitan State University: Biology, BA
- Minnesota State University, Mankato: Biology, BA Biology, BS
- Minnesota State University, Moorhead: Biology, BA Ecology, BA
- Southwest Minnesota State University: Biology Concentration, BA St. Cloud State University: Biology, BA
- Winona State University: Biology, BA

## Program Courses

| The Humanities and Fine Arts (Goal Area 6) - $\mathbf{3}$ credits |  |  |
| 13-15 Additional Elective Credits to equal 60 total credits (Chosen based on Major Track and Transfer <br> University) |  |  |

NHCC Residency and GPA

| Course No. | Course Title | Credits |
| :--- | :--- | :--- |
| $\mathbf{1 5}$ Credits must be earned at NHCC: |  |  |
| 2.00 overall GPA for NHCC courses |  |  |

Total Credit Required 60

## Degree Requirements

## Notes

Under some circumstances, students may substitute Biology 1001 for Biology 1101 if the appropriate chemistry and mathematics prerequisites are met prior to enrolling in Biology 1102. Students who have completed Biology 1001 and 1002 under the previous NHCC course numbering system may substitute these courses for Biology 1101/1102.
Students may take Math 1150 or HIGHER for this requirement. Students planning to transfer to a BA/BS program are advised to consult the mathematics requirements of the program and institution to which transfer is planned.
It is recommended that MATH 1210 is taken. Students planning to transfer to a BA/BS program are advised to consult the mathematics requirements of the program and institution to which transfer is planned.
*Credit total may increase if other mathematics courses are substituted.

## Biology Transfer Pathway's Competencies

## ScientificMethod

Science is a process of trial and error by which we hope to improve our understanding of the natural world incrementally, by making predictions, testing them, and improving their accuracy. The Scientific Method includes the ability to propose testable hypotheses and carry out experiments to test them, and relies on standardized international systems of measurement.
DataInterpretationandStatisticalAnalysis
Students should be able to analyze simple data sets using appropriate descriptive and inferential statistics.
NavigatingandReadingtheScientificLiterature
Students should be able to use public literature databases to find appropriate published material, and should be able to read, understand, and evaluate the validity and importance of the scientific literature and to integrate new concepts into their existing knowledge frameworks.
ScientificCommunication
Students should be able to communicate their own and others data and analysis in oral and written format, using computers where necessary to visualize data or to create clear and compelling papers, posters, or presentations.

## ScienceandSociety/CivicEngagement

Students should be able to analyze scientific studies in light of their ecological, social, economic, ethical, and cultural implications.
Collaboration
Students should learn to communicate and work productively with others in designing, conducting, and evaluating projects, experiments, and other course related deliverables as an essential skill in science
InterdisciplinaryNatureofScience
Science depends upon knowledge, skills, and tools from other scientific and nonscientific disciplines. Students should develop their ability to utilize other disciplines as sources of context and skills to inform the learning and work they are engaged in.

## Microscopy

The microscope is a tool used extensively in biology for observation and investigation. Skill development in basic light microscopy and exposure to more advanced forms of microscopy and digital imaging is fundamental to further study in biology.

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the
required scientific, professional or technical courses in the degree program. A student shall:
Earn a minimum of 60 semester credits as required in the program, with a grade point average of $2.00(\mathrm{C})$ or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average. Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College.
Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technicalcredits. Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four- year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information

# Cert: Building Inspection Technology <br> 2019-2020 

This accelerated certificate program provides students the foundational knowledge to pursue a career in construction code enforcement or for existing professionals to upgrade their skills. The courses meet one night a week and the program can be completed in two semesters. Successful completion of the Building Inspection Technology Certificate gives students the required training and points to take the State of Minnesota's Certified Building Official-Limited exam.

## Program Courses

| Course No. | Course Title | Credits |
| :--- | :--- | :---: |
| BIT1050 | Foundations of Construction Codes and Inspections | 3 |
| BIT1150 | Residential Plan Review and Field Inspections | 4 |
| BIT1250 | Commercial Plan Review and Field Inspections | 4 |
| BIT1900 | Legal and Administrative Aspects of Construction Codes | 3 |

## NHCC Residency and GPA

| Course No. | Course Title | Credits |
| :--- | :--- | :--- |
| $\mathbf{4}$ Credits must be earned at NHCC: |  |  |
| 2.00 overall GPA for NHCC courses |  |  |

## Total Credit Required 14

## Degree Requirements

2.00 overall GPA for NHCC courses

## Program Outcomes

Knowledge of human cultures and the physical and natural world, including:

- Understand the purpose and intent of construction codes.

Personal and Social Responsibility, including:

- Apply building codes and referenced standards to construction projects.
Integrative Learning, including:
- Perform inspections and plan reviews on both residential and commercial construction projects. Prepare for and take the Minnesota Building Official- Limited exam

## Gainful Employment Program Information

## Building Inspection Technology

## Degree Information

Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of 2.00 (C). A certificate shall include 9 to 30 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information

# AS: Business Transfer Pathway 

## 2019-2020

The Associate in Science degree in Business is designed for students who are interested in transferring after graduation to pursue a 4 -year baccalaureate or a professional degree in Business Administration, Management, Marketing, Finance, International Business, Operations Management, Human Resources, Entrepreneurship, and others.

The Pathway to Baccalaureate degree was created to ensure minimum competency requirements are met at the associate degree level and that students are academically prepared to transfer into the parallel bachelor degree program as juniors in Business at all of the Minnesota State Institutions:
Metropolitan State University (Options to continue at NHCC), Minnesota State University Moorhead, Bemidji State University, Minnesota State University Mankato, Southwest State University, St. Cloud State University and Winona State University.

# AAS: Business Computer Systems and Management 

2019-2020

The Business Computer Systems and Management program is designed for students interested in immediate employment or enhancing current career skills. The program is designed for students interested in a business management background with an opportunity to concentrate on utilizing the computer in managerial decision making. Careers exist in administration, management, sales, marketing, or technology departments of a business or organization. This degree combines essential knowledge of business and advanced technology skills using the latest computer technology and software programs. The courses from this program are delivered in the classroom and/or online.
The Associate of Science in Business Computer Systems and Management is designed to articulate to:

- Minnesota State University Moorhead - B.S. in Operations Management
- Minnesota State University Moorhead - B.S. in Project Management
- Bethel University - B.A. in Business Management degree

Accreditation Council for Business Schools and Programs, 11520 West 119th Street, Overland Park, KS 66123

## Program Outcomes

Knowledge of Human Cultures and the Physical and Natural World, focused by:

- Effective use of up-to-date technology and computer applications.
- Develop management and business principles, advanced technical and communication skills along with critical, independent and creative problem solving skills.
Intellectual and Practical Skills, focused by:
- Competent use of digital resources to access and evaluate information using current technology to perform basic business tasks.
- Demonstrate global thinking, working in teams, applying knowledge and focusing on hands-on real world situations.
- Develop team work, and critical and creative thinking practices to become more effective, efficient and productive. Personal and Social Responsibility and Engagement, focused by:
- Collaborate as a member of a team solving diverse and complex problems common in business today. Develop ethical practices in using technology.
Integrative and Applied Learning, including:
- Integrate computer technology as it relates to a career in variety of business career pathways.

Upon completion of the program the student will be prepared for entry level work in the business, computer, or management field. Courses in this degree may transfer to four-year colleges. Consult with an advisor for further information.

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Degree Information

The Associate in Applied Science (A.A.S.) degree is intended for those students who plan to use the competence gained through their degree for immediate employment or enhancing current career skills. The A.A.S. degree includes a minimum of 20 semester credits in general education selected from at least three of the ten goal areas of the Minnesota Transfer Curriculum (MnTC). The MnTC courses within the A.A.S. programs transfer to any Minnesota State College or University.
Many of the A.A.S. degree programs have articulation agreements with four-year institutions for transfer of the program. A student shall:
Earn a minimum of 60-71 semester credits as required in the program with a grade point average of $2.00(\mathrm{C})$ or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College.
Earn 20 credits in at least 3 MnTC goal areas
Completion of an A.A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity
employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Accreditation

North Hennepin Community College is accredited by the: Higher Learning Commission
30 N. LaSalle Street, Suite 2400
Chicago, IL 60602-2504
1-800-621-7440

## AS: Business Computer Systems and Management

## 2019-2020

The Associate of Science Degree in Business Computer Systems and Management is designed for students who after completion of this degree are interested in continued study in a baccalaureate degree program in a related field as well as for students who are interested in careers in computers, management, business, education, or training. This degree is also meant for students who wish to enhance their computer and management knowledge in today's business world to help further their career. Students should consult an advisor/counselor for transfer opportunities to various Minnesota colleges. The courses from this program are delivered in the classroom and/or online. The Associate of Science in Business Computer Systems and Management is designed to articulate to:

- Metropolitan State University B.S. in Business Administration degree
- Minnesota State University Moorhead B.S. in Project Management
- Bethel University B.A. in Business Management degree

Program Courses: Business Foundation

2.00 overall GPA for NHCC courses

Program Outcomes Knowledge of Human Cultures and the Physical and Natural World, focused by:

- Effective use of up-to-date technology and computer applications.
- Develop management and business principles, advanced technical and communication skills along with critical, independent and creative problem solving skills.

Intellectual and Practical Skills, focused by:

- Competent use of digital resources to access and evaluate information using current technology to perform basic business tasks.
- Demonstrate global thinking, working in teams, applying knowledge and focusing on hands-on real world situations.
- Develop team work, and critical and creative thinking practices to become more effective, efficient and productive.

Personal and Social Responsibility and Engagement, focused by:

- Collaborate as a member of a team solving diverse and complex problems common in business today.
- Develop ethical practices in using technology.

Integrative and Applied Learning, including:

- Integrate computer technology as it relates to a career in variety of business career pathways.

Upon completion of the program the student will be prepared for entry level work in the business, computer, or management field. Courses in this degree may transfer to four-year colleges. Consult with an advisor for further information.

## Program Accreditation

Accreditation Council for Business Schools and Programs, 11520 West 119th Street, Overland Park, KS 66123

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.
A student shall:
Earn a minimum of 60 semester credits as required in the program, with a grade point average of 2.00
(C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College.
Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technical credits.
Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.

Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

Total Credit Required 25

## Degree Requirements

### 2.00 overall GPA for NHCC courses

## Program Outcomes

Knowledge of Human Cultures and the Physical and Natural World:

- Apply mathematical, physical, and chemical concepts to routine laboratory procedures.
- Apply knowledge of laboratory instrumentation, proper preparation of samples, and the limitations of instrumental analysis.
- Demonstrate knowledge of laboratory instrumentation, proper preparation of samples, and the limitations of instrumental analysis.
Intellectual and Practical Skills:
- Apply critical thinking skills to chemical laboratory technology.
- Use interpersonal and communication skills appropriate to the chemical laboratory technology environment. Use quantitative and qualitative analyses accurately in laboratory procedures.
Personal and Social Responsibility:
- Demonstrate independent work in the laboratory.
- Demonstrate knowledge of current Good Lab Practices

Integrative Learning:

- Synthesis and advanced accomplishment across general and specialized studies (demonstrated through the application of knowledge, skills, and responsibilities to new settings and complex problems).
- Troubleshoot results of experiments. Interpret the results of experiments.

## AS: Chemistry Transfer Pathway

## 2019-2020

The Associate in Science degree in Chemistry Transfer Pathway is designed for students to work as a chemical lab assistant or who are interested in transferring after graduation to pursue a 4-year baccalaureate in chemistry. The pathway to a baccalaureate degree was created to ensure minimum competency requirements are met at the associate degree level and that students are academically prepared to transfer into the parallel bachelor degree program as juniors in chemistry at all of the following Minnesota State Institutions:

Metropolitan State University, Winona State University, Minnesota State university Mankato, Bemidji State University, Southwest Minnesota State University, St. Cloud State University, Minnesota State University Moorhead
Chemistry Specific Content Area

## Degree Requirements

2.00 overall GPA for NHCC courses

Program Outcomes
Knowledge of human cultures and the physical and natural world, including:

- Demonstrate basic knowledge and understanding of the fundamentals of experimental and theoretical chemistry.
- Explain and apply skills in analytical thinking and problem solving, and apply scientific methods to experimental data.

Intellectual and practical skills including:

- Demonstrate skills in laboratory operations including making accurate and precise measurements, preparing solutions, operating instrumentation, experimental design, and the interpretation and reporting of quantitative and qualitative data and results.

Personal and social responsibility and engagement, including:

- Work both independently and collaboratively in the classroom and in the laboratory.
- Apply learned concepts to everyday situations and experiences and critically evaluate contributions to science reported in the media; identify valid approaches to scientific problem solving and reporting.

Integrative and applied learning, including:

- Communicate their own data and analysis in oral and written communications that uses tables and graphs, describes detailed experimental procedures, and clearly explains conclusions, in order to create clear and compelling papers, posters, or presentations.

# AS: Computer Science Transfer Pathway 

## 2019-2020

The Computer Science Transfer Pathway (AS) is designed for students who are interested in transferring after graduation to pursue a four-year baccalaureate degree in Computer Science or related disciplines.
This transfer pathway specifically ensures that a student who successfully completes a Computer Science Transfer Pathway (AS) can transfer the entire completed degree into a designated parallel baccalaureate degree program in Computer Science at any of the following universities:
Metropolitan State University, Minnesota State University Mankato, Southwest Minnesota State University, Minnesota State University Moorhead, Winona State University, Bemidji State University, St. Cloud State University
A balanced set of required and elective courses makes this degree suitable for succeeding in the software development job market. Besides providing the students with necessary knowledge and skills, it equips them with tools and routines to keeping them current with the industry progress.

## Total Credit Required 60

## Degree Requirements

2.00 Overall GPA for NHCC Courses

Degree Information

The Associate of Arts (A.A.) is awarded for successful completion of 60 credits and is designed to constitute the first two years of a liberal arts bachelor degree program. An A.A. degree includes the entire 40 credit Minnesota Transfer Curriculum (MnTC) as the general education requirement. Students may also choose to concentrate in a particular field of study in preparation for a planned major or professional emphasis at a four-year college by following the pre-major requirement of the desired transfer institution in addition to the MnTC and A.A. requirements.
A student shall:
Earn a minimum of 60 semester credits.
Earn a grade point average of 2.00 (C) or higher in courses taken at North Hennepin Community College. Earn a minimum of 20 semester credits of the 60 semester credits required for the A.A. Degree at NHCC.
Complete the general education distribution requirement listed in the Minnesota Transfer Curriculum. The student shall select general education (MnTC) courses numbered 1000 or above to complete a minimum of 40 credits.
Have four years in which to complete their work under the terms of the catalog in effect at the time of their first enrollment.
Students taking more than four years to complete their graduation requirements may follow any catalog in effect during the four-year period preceding their date of graduation.
Required A.A. Degree Course Distribution:
Complete 40 credits in the Minnesota Transfer Curriculum satisfying the requirements for each of the 10 goal areas. Complete at least 2 credits for the Wellness requirement from either Health (all courses) or Physical Education (all courses).
If the student intends to transfer, he/she is encouraged to work with an advisor to fulfill requirements for transfer to the other institution.
Completion of an A.A. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information
North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Accreditation

North Hennepin Community College is accredited by the: Higher Learning Commission 30 N. LaSalle Street, Suite 2400 Chicago, IL 60602-2504 1-800-621-7440

## Cert: Communication and Computers

## 2019-2020

The Certificate in Communication \& Computer Skills is designed to provide a foundation in the study of various communication skills, including written, interpersonal, and digital. The program is designed for students who plan to complete the certificate as well as students who want to pursue an associate's degree with or without intending to transfer
This certificate supports the 2015 Minnesota legislation Educational Attainment Goal 2025: Working to increase the percent of Minnesotans age 25 to 44 who have attained a postsecondary certificate or degree to 70 percent by 2025 (https://www.ohe.state.mn.us/mPg.cfm?pageID=2187)

## Total Credit Required 60

## Degree Requirements

2.00 overall GPA for NHCC courses

## Notes

It is recommended that students intending to transfer to the University of Minnesota B.A.S. or Minnesota State University Moorhead
B.S. program consult with a counselor about the best course selection options. Students may best be served by choosing MATH courses to fulfill the electives. University of Minnesota students should take MATH 1200 or 1221 . Minnesota State University Moorhead students should take MATH 1200. It is further recommended that students intending to transfer to the Minnesota State University Moorhead B.S. program should select BUS 1220 and BUS 1300 as electives.

## Program Outcomes

- Develop a foundation of essential knowledge about the cultural, social, and natural worlds, and individual well-being.
- Understand and utilize information that describes and prescribes the physical basis, technical specifics and sequential process of building construction
- Formulate a consistent system of actions involving the study of the construction process and the management of that process in an organized and knowledgeable manner Develop intellectual and practical skills, including:
- Develop a basic understanding of building codes and regulations Understanding of construction documents system and organization.
- Be able to prepare a construction project cost estimates
- Be able to prepare construction project schedules Apply the principles of the Critical Path Method Organize and schedule construction activities
- Refine communications skills with subordinates, peers and superiors
- Deduce essential data that is required to prepare cost estimates from construction drawings
- Evaluate and use computer technology in estimating and scheduling
- Demonstrate personal and social responsibility, including enhance personal development in: Good work attitudes, values, and habits
- Self-confidence Responsibility
- Better understanding of career options Realistic appraisal of strengths
- Prepare, develop, and refine individual CPM and PDM networks in classroom exercises upon an individual and team bases
- Gain first-hand experiences associated with supervisory and/or management roles in an industrial setting
- Refine communications skills with subordinates, peers and superiors
- Implement, develop and/or refine skills in production, management, and personnel matters Integrative Learning, including:
- Apply construction management techniques to an actual construction management project
- Apply the principles, knowledge and skills learned in the classroom to on-the-job practices and procedures in the construction industry real life situations
- Develop and refine problem-solving techniques
- Formulate systematic and sequential plans, monitor plans, and evaluate projects to assure that quality control goals are achieved

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.
A student shall:
Earn a minimum of 60 semester credits as required in the program, with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College. Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technical credits.
Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. # Cert: Construction Quality Assurance and Quality Control 2019-2020 

Construction Quality Assurance and Quality Control is the student of the principles of the construction quality management. It begins with carefully developed project requirements adhere to by the contractor, the owner and regulating agencies. It assures that the quality standards established by the designer in the projects plan and specification are achieved during the construction of a project. Students are prepared for management roles in both public and private organizations ensuring the projects in the build environment meet all applicable contract standards and requirements.

## Degree Information

The Associate in Applied Science (A.A.S.) degree is intended for those students who plan to use the competence gained through their degree for immediate employment or enhancing current career skills. The A.A.S. degree includes a minimum of 20 semester credits in general education selected from at least three of the ten goal areas of the Minnesota Transfer Curriculum (MnTC). The MnTC courses within the A.A.S. programs transfer to any Minnesota State College or University. Many of the A.A.S. degree programs have articulation agreements with four-year institutions for transfer of the program.
A student shall:
Earn a minimum of 60-71 semester credits as required in the program with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. Earn
20 credits in at least 3 MnTC goal areas
Completion of an A.A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org andwww.bls.gov.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: TransferInformation

Degree Information
The Associate in Applied Science (A.A.S.) degree is intended for those students who plan to use the competence gained through their degree for immediate employment or enhancing current career skills. The A.A.S. degree includes a minimum of 20 semester credits in general education selected from at least three of the ten goal areas of the Minnesota Transfer Curriculum (MnTC). The MnTC courses within the A.A.S. programs transfer to any Minnesota State College or University. Many of the A.A.S. degree programs have articulation agreements with four-year institutions for transfer of the program.
A student shall:
Earn a minimum of 60-71 semester credits as required in the program with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. Earn
20 credits in at least 3 MnTC goal areas
Completion of an A.A.S. degree fulfills the Goal Area 2 requirement of the Minnesota
Transfer Curriculum (MnTC).
Developmental Courses
Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information
North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Accreditation

## AS: Corporate Wellness

## 2018-2019

The Associate of Science in Corporate Wellness at North Hennepin Community College is designed to provide students with the knowledge and skills they need to succeed in a variety of wellness environments. Students will expand on the broad subject of exercise science and explore the effects movement, diet, and stress can have on the individual as a whole, and how these responses can impact a corporate environment. Students will reach beyond exercise science theories to connect how well thought out health interventions impact not only wellness, but also job satisfaction, health care cost, and return on investments for both corporate and individual. This degree can prepare students to transfer and choose from a broad range of careers such as a Health \& Wellness Manager, Director of Health Promotion, Corporate Wellness Manager, Wellness/Fitness Manager, Health Improvement Manager, Wellness Account Specialist, Health Promotions Adviser, Wellness Coordinator, Health \& Productivity Analyst, and/or Health/Wellness Coach.

## Notes

A cooperative agreement between North Hennepin Community College and Metropolitan State University exists for students earning the A.S. degree in Criminal Justice who intend to transfer to Metropolitan State to pursue their B.A. degree in Criminal Justice.

## Program Outcomes

Develop a foundation of essential knowledge about the cultural, social, and natural worlds, including:

- Demonstrating knowledge of history, current issues, concepts, organization, philosophies and theories in the field of criminal justice.
- Demonstrating an understanding of local ordinances, State Statutes and Federal Law, the purpose and function of police, courts, and corrections.
- Demonstrating an understanding of the judicial review process, political, cultural and social forces which impact the police, courts, corrections, suspects, victims, and other parties involved in the criminal justice system.

Develop intellectual and practical skills, including:

- Communicating appropriately and effectively in work situations.
- Obtaining and refining the necessary skills in interpersonal communication, mathematics, basic crime statistics, as the skills are related to public contact and employment in the criminal justice system.
- Utilizing the intellectual and practical skills necessary to represent a private or public agency in a professional manner developing the writing and public speaking skills necessary to communicate in small and large groups to prepare employment and further education.

Demonstrate personal and social responsibility, including:

- Identifying career opportunities in criminal justice and the skills and attributes that employers are seeking and creating an understanding that employers often require continued higher education, citizenship, and service to others for initial placement and promotion.
- Comparing and contrasting traditional, developing and future trends and ideas in criminal justice.
- Developing a basic understanding of race, sex, color, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identification, and social class as related to criminal justice issues. This basic understanding should lead to tolerance, valuing differences, and leading to the acceptance of others.

Demonstrate integrative and applied learning, including:

- Articulating the history and application of Criminal Justice with respect to Law Enforcement, as well as its relationship to the other social sciences.
- Analyzing complex material, including constitutional law, State and Federal court rulings and having the ability to read and understand basic criminal justice related and court documents.
- Applying concepts used in the Criminal Justice profession.

Upon completion of the program the student will prepared to transfer to a baccalaureate program.

Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of 2.00 (C). A certificate shall include 9 to 30 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information
North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

# AA: Economics Transfer Pathway 

2019-2020
The Economics Transfer Pathway AA offers students a powerful option: the opportunity to complete an AA degree with course credits that directly transfer to designated Economics bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities enter the university with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor's degree programs in a related field.
*UniversitieswithintheMinnesotaStatesystemincludeBemidjiStateUniversity;MetropolitanStateUniversity;Minnesota StateUniversity,Mankato;MinnesotaStateUniversityMoorhead;SouthwestMinnesotaStateUniversity;St.CloudState University; and Winona State University.

## Program Courses

| Course No. | Course Title | Credits |
| :---: | :--- | :---: |
| ECON1060 | Principles of Economics Macro | 3 |
| ECON1070 | Principles of Economics Micro | 3 |
| MATH1221 | Calculus I (minimum grade 1.67) | 5 |
| MATH1222 | Calculus II | 5 |

## Program Electives

Must satisfy 1 of the following requirements Select from Option 1 or Option 2:

| Course No. | Course Title | Credits |
| :--- | :--- | :---: |
| Option 2: Complete ACCT 2111, CIS 1101, and CIS 1102: | 4 |  |
| ACCT2111 | Financial Accounting or | 3 |
| CIS1101 | Business Computer Systems I or | 3 |
| CIS1102 | Business Computer Systems II |  |

Option 1: Complete MATH 2220, and either MATH 2010 or MATH2300:

| MATH2010 | Probability and Statistics or | 3 |
| :--- | :--- | :---: |
| MATH2220 | Calculus III or | 5 |
| MATH2300 | Linear Algebra | 3 |

## AS: Education

2019-2020
The Associate of Science in Education is a transfer oriented program providing a core of education courses and experiences. It prepares individuals to transfer into a four-year teacher education program. The curriculum provides specific training, general education, and experience working with children or youth in educational settings.
Traditional paths to teaching can include:

- Bachelor of Art or Bachelor of Science Degree with a major in Elementary Education (Teacher's licensure also required)
- Bachelor of Art or Bachelor of Science Degree with a major of choice and a minor in Secondary Education Masters Degree or Doctorate, typically required for teaching at the College level
The Associate of Science in Education is designed to articulate to:
- Concordia University St. Paul in B.A. in Birth-Third Grade Elementary Teaching degree
- Concordia University St. Paul in B.A. in K-6 Elementary Teaching degree
- Concordia University St. Paul in B.A. in Child Development degree
- St. Scholastica in B.S. in Elementary Education K-6

This degree requires 30 hours of Field Experience related to education. Field Experience is embedded into the Education course assignments and is completed outside of class meeting times.
Program Courses

| Course No. | Course Title | Credits |
| :--- | :--- | :---: |
| EDUC1210 | Introduction to Education | 3 |
| EDUC1280 | Diversity in Education | 3 |
| EDUC1350 | Foundations of Teaching Literacy | 3 |

## General Education Courses

| Course No. Course Title | Credits |  |
| :--- | :--- | :---: |
| ENGL1202 | College Writing II | 2 |
| PHIL1020 | Ethics | 3 |
| PSYC1150 | General Psychology | 3 |
| PSYC1210 | Child Development | 3 |
| SOC1110 | Introduction to Sociology | 3 |

College Writing I: (minimum grade 1.67)

| ENGL1200 | Gateway College Writing (minimum grade 1.67) <br> or | 4 |
| :--- | :--- | :---: |
| ENGL1201 | College Writing I (minimum grade 1.67) | 4 |

COMM1010 or COMM1110-1 course:

| COMM1010 | Fundamentals of Public Speaking $\boldsymbol{o r}$ | 3 |
| :--- | :--- | :--- |
| COMM1110 | Principles of Interpersonal Communication | 3 |

## MnTC Electives

| Course No. | Course Title | Credits |
| :---: | :--- | :---: |
| Natural Sciences (Goal Area 3)-7 credits from different disciplines, one must be a lab |  |  |
| Mathematical-Logical Reasoning (Goal Area 4) - 1 or 2 courses. Check requirements of <br> transfer institution: |  |  |
| MATH1031 | Math for Elementary Education I or | 3 |
| MATH1032 | Math for Elementary Education II or | 3 |
| MATH1130 | Elementary Statistics $\boldsymbol{o r}$ | 3 |
| MATH1140 | Finite Mathematics or | 3 |
| MATH1150 | College Algebra or | 3 |
| MATH1180 | College Algebra and Pre-Calculus | 5 |

Social Science (Goal Area 5) - 3 credits
The Humanities and Fine Arts (Goal Area 6) - 6 credits including one literature course. Check requirements of transfer institution. ENGL2300 (Children's Literature) highly recommended.

## Global Perspective (Goal Area 8) - 3 credits

People and the Environment (Goal Area 10)-3 credits

## Health Requirement

| Course No. | Course Title | Credits |
| :---: | :--- | :---: |
| HLTH1030 | Personal and Community Health | 3 |

## Electives

| Course No. | Course Title | Credits |
| :---: | :---: | :---: |
| Additional credits, if needed, to reach 60 credits: |  |  |

## NHCC Residency and GPA

| Course No. | Course Title | Credits |
| :---: | :---: | :---: |
| 15 Credits must be earned at NHCC: |  |  |
| 2.00 overall GPA for NHCC courses |  |  |

## Total Credit Required 60

## Degree Requirements

2.00 overall GPA for NHCC courses

## Program Outcomes

Demonstrate written, verbal, and interpersonal communication skills appropriate to various educational settings. Articulate strategies for creating classrooms which are responsive to diversity, cultural differences, and ethnic identity. Conduct literacy education research and apply the findings to strategies for the classroom.
Describe how learning theories and philosophies impact instructional decisions.

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.

## A student shall:

Earn a minimum of 60 semester credits as required in the program, with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College.
Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technical credits. Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Accreditation

North Hennepin Community College is accredited by the: Higher Learning Commission 30 N .
LaSalle Street, Suite 2400 Chicago, IL 60602-2504 1-800-621-7440

## AS: Pre-Engineering

2019-2020
The Associate of Science degree program in (Pre) Engineering is designed to prepare students for continued study in a baccalaureate degree program in engineering.

## Program Courses

| Course No. | Course Title | Credits |
| :---: | :---: | :---: |
| ENGR1000 | Introduction to Engineering and Design | 3 |

General Education Courses

| Course No. | Course Title | Credits |
| :--- | :--- | :---: |
| CHEM1061 | Principles of Chemistry I (minimum grade 1.67) | 4 |
| CHEM1062 | Principles of Chemistry II | 4 |
| ECON1060 | Principles of Economics Macro | 3 |
| MATH1221 | Calculus I (minimum grade 1.67) | 5 |
| MATH1222 | Calculus II (minimum grade 1.67) | 5 |
| MATH2220 | Calculus III | 5 |
| MATH2300 | Linear Algebra | 3 |

| PHIL1020 | Ethics | 3 |
| PHYS1601 | General Physics I | 5 |
| PHYS1602 | General Physics II | 5 |
| C |  |  |

College Writing I:

| ENGL1200 | Gateway College Writing or | 4 |
| :--- | :--- | :--- |
| ENGL1201 | College Writing I | 4 |

CSCI1120 OR CSCI1130-1 course:

| CSCI1120 | Programming in C/C++ or | 4 |
| :--- | :--- | :--- |
| CSCI1130 | Introduction to Programming in Java or | 4 |
|  |  |  |

BIOL1000, BIOL1001, BIOL1200-1 course:

| BIOL1000 | Life Science $\boldsymbol{o r}$ | 4 |
| :--- | :--- | :---: |
| BIOL1001 | Biology I $\boldsymbol{o r}$ | 4 |
| BIOL1200 | Current Environmental Issues | 4 |

## NHCC Residency and GPA

| Course No. | Course Title | Credits |
| :---: | :---: | :---: |
| $\mathbf{1 5}$ Credits must be earned at NHCC: |  |  |
| 2.00 overall GPA for NHCC courses |  |  |

Total Credit Required 60

## Degree Requirements

2.00 overall GPA for NHCC courses

Program Outcomes
Knowledge of Human Cultures and the Physical and Natural World:

- Understand the major principles of calculus-based mathematics and their relationship to engineering problems and solutions.
- Understand the major principles of general physics and chemistry and their relationship to engineering problems and solutions.
Intellectual and Practical Skills:
- Appropriately communicate technical material orally and in writing.

Personal and Social Responsibility

- Appropriately and safely use laboratory equipment in physics and chemistry coursework

Integrative Learning Integrative Learning:

- Apply the major principles of calculus-based mathematics to engineering problems and solutions.
- Apply the major principles of general physics and chemistry to their engineering courses.

## Notes

Engr 1200 - Engineering Graphics is an additional recommended course.

# AA: English Transfer Pathway 2019-2020 

PURPOSE:
The English Transfer Pathway AA offers students a powerful option: the opportunity to complete an AA degree with course credits that directly transfer to designated English bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities enter with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor's degree program in a related field.
*Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University Moorhead; Southwest Minnesota State University; St. Cloud State University; and Winona State University.

Content Area 1 - Introduction to Literary Studies (Choose one course)

| Course No. | Course Title | Credits |
| :--- | :--- | :---: |
| ENGL 2150 | Introduction to Literary Studies | 3 |
| ENGL 2540 | Introduction to Literary Studies: Reading Poetry | 3 |
| ENGL 2570 | Introduction to Literary Studies: Reading Plays | 3 |
| ENGL 2590 | Introduction to Literary Studies: American Short Stories | 3 |

Content Area 2 - Literature Survey (Choose one course)

| Course No. Course Title | Credits |  |
| :--- | :--- | :---: |
| ENGL 2270 | Modern American Literature | 3 |
| ENGL 2450 | Survey of American Literature I | 3 |
| ENGL 2460 | Survey of American Literature II | 3 |
| ENGL 2550 | Survey of British Literature I | 3 |
| ENGL 2560 | Survey of British Literature II | 3 |
| ENGL 2580 | Shakespeare's Plays | 3 |

## Content Area 3 - Diverse Literature (Choose one course)

| Course No. Course Title | Credits |  |
| :--- | :--- | :---: |
| ENGL 2330 | Hmong American Literature | 3 |
| ENGL 2350 | Women in Literature | 3 |
| ANDL 2360 | Global Literary Perspectives | 3 |
| ENGL 2370 | African American Literature | 3 |
| ENGL 2380 | American Indian Literature | 3 |
| ENGL 2390 | American Working-Class Literature | 3 |
| ENGL 2410 | U.S. Latinx and Latin American Literature | 3 |

Content Area 4 - Writing for a Specific Purpose (Choose one course)

| Course No. | Course Title | Credits |
| :--- | :--- | :---: |
| ENGL 1140 | Professional Writing | 3 |
| ENGL 1800 | Introduction to Journalism | 3 |
| ENGL 1900 | Introduction to Creative Writing | 3 |
| ENGL 1940 | Technical Writing | 3 |
| ENGL 2010 | Writing Creative Nonfiction and Memoir | 3 |
| ENGL 2020 | Writing Stories | 3 |
| ENGL 2030 | Writing Poetry | 3 |
| ENGL 2320 | Writing: From Structure to Style | 2 |
| ENGL 2500 | Playwriting | 3 |

## Complete Goal Areas 1-10 to fulfill All MnTC Requirements

| Course No. | Course Title | Credits |
| :---: | :--- | :---: |
| It is strongly recommended to select courses that fulfill multiple Goal Areas |  |  |
| ENGL 1200 <br> or 1201 | Gateway to College Writing or College Writing I | 4 |
| ENGL 1202 | College Writing II | 3 |
| COMM 1010 | Public Speaking OR | 3 |

| COMM 1110 | Interpersonal Communications OR | 3 |
| :--- | :--- | :---: |
| COMM 1210 | Small Group Communications | 3 |
| HLTH/EXSC | Health OR Exercise Science | 2 |

| MnTC Electives: |  |  |
| :--- | :--- | :--- |
| Goal Area 3 | Natural Science: Select 2 courses, 7 credits from 2 | 7 |
|  | different disciplines, one must be a lab | 3 |
| Goal Area 4 | Mathematical/Logical Reasoning - 1 course, at least 3 credits |  |
| Goal Area 5 | History and the Social and Behavioral Sciences: 3 courses, 9 credits | 9 |
| Goal Area 7 | Human Diversity: (one course if not already met by a Content Area Course <br> or MnTC Electives |  |
| Goal Area 8 | Global Perspectives: (one course if not already met by a Content Area <br> Course or MnTC Electives |  |
| Goal Area 9 | Ethical and Civic Responsibility: (one course if not already met by a <br> Content Area Course or MnTC Electives |  |
| Goal Area 10 | People and the Environment: (one course if not already met by a Content <br> Area Course or MnTC Electives |  |

Program Electives, minimum 8 credits - Recommended that students coordinate electives (courses listed below or courses in the above Content Areas not already taken as requirements) with remaining MnTC requirements and academic track at receiving institution.

| Course No. Course Title | Credits |  |
| :--- | :--- | :---: |
| ENGL 1250 | Magazine Workshop | 3 |
| ENGL 1950 | Graphic Novles | 3 |
| ENGL 1990 | English Special Topics | 3 |
| ENGL 2300 | Children's Literature | 3 |
| ENGL 2340 | Nature in Literature | 3 |
| ENGL 2400 | Utopian/Dystopian Literature | 3 |
| ENGL 2900 | Fantasy Literature | 3 |
| ENGL 2950 | Mystery and Detective Fiction | 3 |

## NHCC Residency and GPA

NHCC Residency and GPA

| Course No. | Course Title | Credits |
| :--- | :--- | :--- |
| 7 Credits must be earned at NHCC: |  |  |
| 2.00 overall GPA for NHCC courses |  |  |

Total Credit Required 22

## Degree Requirements

2.00 overall GPA for NHCC courses

Note: This program requires a 2.0 minimum grade for courses used by its requirements unless otherwise

## Program Outcomes

Knowledge of Human Cultures and the Physical and Natural World:

- Compare diverse global
perspectives.
Intellectual and Practical Skills:
- Demonstrate advanced proficiency in academic English.
- Develop critical thinking for college and career goals.
- Employ academic skills and active learning strategies.
- Select learning practices according to learning needs.

Personal and Social Responsibility:

- Analyze the effects of one's personal beliefs and experiences on learning.
- Investigate ways to participate on campus and in the community.

## Gainful Employment Program Information

## English Language for Academic Purposes

## Degree Information

Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of 2.00 (C) in each class. A certificate shall include 9 to 32 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Program Outcomes

Knowledge of Human Cultures and the Physical and Natural World, focused by:

- Describe the major functional areas of American businesses and the global aspects and legal and ethical responsibility of businesses operating profitably in a changing world and apply to daily business practice.
- Describe supervisory issues in planning, human resources, team building, and motivation and apply basic supervisory concepts to develop proactive solutions.
Intellectual and Practical Skills, focused by:
- Apply effective listening, written, verbal, persuasive and nonverbal communication appropriate to professional situations locally and globally.
- Effectively use prevalent business software and technology to access information and solve basic business tasks.
- Use quantitative analysis of financial information and accounting concepts to interpret information.
- Apply legal principles to problems commonly experienced in the business world.
- Describe the basic concepts of finance as it relates to business and quantitatively apply knowledge gained to assess financial risks of both individual and business decisions.
- Prepare quantitative and qualitative market research within the scope of consumer behavior.
Personal and Social Responsibility and Engagement, focused by:
- Identify and appreciate differences in personality, differences in communication styles and diversity in general and demonstrate behavior that respects those differences.
Integrative and Applied Learning, including:
- Develop a managerial strategic plan that includes critical elements of planning, organizing, leading, and controlling.
- Illustrate the marketing concept through the completion of a comprehensive marketing plan.
- Production of a business model and business plan.

## Notes

Class Recommendations:
Math 1130 - Elementary Statistics (Goal Area 4)
Math 1150 - College Algebra or Math 1140 - Finite Math (Goal Area 4) Lab Science (Goal Area 3)

## Program Accreditation

Accreditation Council for Business Schools and Programs, 11520 West 119th Street, Overland Park, KS 66123

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Degree Information

The Associate in Applied Science (A.A.S.) degree is intended for those students who plan to use the competence gained through their degree for immediate employment or enhancing current career skills. The A.A.S. degree includes a minimum of 20 semester credits in general education selected from at least three of the ten goal areas of the Minnesota Transfer Curriculum (MnTC). The MnTC courses within the A.A.S. programs transfer to any Minnesota State College or University. Many of the A.A.S. degree programs have articulation agreements with four-year institutions for transfer of the program.
A student shall:
Earn a minimum of 60-71 semester credits as required in the program with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College.

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay

## Service at 1-800-627-3529.

## Accreditation

North Hennepin Community College is accredited by the:
Higher Learning Commission
30 N. LaSalle Street, Suite 2400
Chicago, IL 60602-2504

# AS: Exercise Science Transfer Pathway 

## 2019-2020

The Associate of Science in Exercise Science Transfer Pathway will examine the effects of exercise and physical activity on people in order to optimize their physical and mental health. This program focuses on the anatomy, physiology, biochemistry and biophysics of human movement, and application to exercise and therapeutic rehabilitation. This degree can prepare students to transfer, and choose from a broad range of careers such as clinical testing, personal training and performance enhancement, sports management, physical therapy, strength and conditioning, athletic training, cardiac rehabilitation and many more.

## Program Courses

| Course No. | Course Title | Credits |
| :---: | :--- | :---: |

| Addidional courses, if needed, to reach $\mathbf{3 0}$ MnTC credits, and 60 total credits |  |  |

## Total Credit Required 60

Students seeking a Physical Therapy degree: Additional program requirements are CHEM 1062, BIOL 1202, PHYS 1201 and PHYS 1202. See PT specific degree map from EXSC faculty and/or advisor.
CHEM 1061 has a College Algebra Pre-Requisite (MATH 1150) or Accuplacer score of 79 or higher CHEM 1061 and BIOL 1101 are required for Physical Therapy Program requirements. CHEM 1010 and BIOL 1001 will NOT be counted towards a Physical Therapy Program and you will have to retake these courses at the higher level.
Knowledge of Human Cultures and the Physical and Natural World including:

Apply principles, skills, and methods related to biomechanics, exercise physiology, health promotion, exercise prescription and sport psychology.

## Intellectual and Practical Skills, Including:

- Apply the clinical and epidemiological evidence linking physical activity and exercise to mental and physical health.
- Apply the scientific method to solve problems related to physical activity and health.
- Utilize oral and written communication that meets appropriate professional and scientific standards in the field of Kinesiology/Exercise Science.
- Evaluate the effectiveness of human movement using mechanical principles.
- Associate the organic, skeletal, and neuromuscular structures of the human body to psychological factors associated with diverse physical activities.
- Work effectively in teams by valuing collaboration, providing service to others, and developing relational techniques for lifelong learning and problem solving.

## Personal and Social Responsibility and Engagement, Including

- Apply Exercise Science related skills to real-world problems through empirical research, internships, field experience, and/or service learning.
- Demonstrate leadership and social responsibility to improve quality of life for others and ensure equitable access for diverse groups by creating appropriate environments to initiate and maintain a physically active, healthy lifestyle.
- Model behavior consistent with that of a Kinesiology professional, including 1) advocacy for a healthy, active lifestyle, 2) adherence to professional ethics, 3) service to others, 4) shared responsibility and successful collaboration with peers, and 5) pursuit of learning beyond NHCC.
- Safely develop an individualized exercise prescription based on scientific principles and appropriate evaluation techniques designed to reduce the risk of chronic disease and avoid injuries.

## Integrative and Applied Learning, Including

- Synthesis and advanced accomplishment across general education, liberal studies, specialized studies and activities in the broader campus community.
- Assimilate, analyze, synthesize and integrate concepts related to the exercise science field. Students will also be able to sit for professional certifications related to personal training, including but not limited to those offered by the National Academy of Sports Medicine, the American Council on Exercise, and select others.

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.
A student shall:

Earn a minimum of 60 semester credits as required in the program, with a grade point average of 2.00
(C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College.
Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technical credits.
Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the fouryear period preceding their graduation.
Completion of an A. S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information

## AA: Emphasis in Film

## 2019-2020

The Associate of Arts (A.A.) degree with an emphasis in film gives students an understanding of - and experience with - audiovisual communication. You will learn how film and video actually work to produce an effect on an audience and how these media principles can be applied in your life and career. Such skills are now in high demand by employers as more and more companies look for people who can communicate through audio-visual media. The A.A. with emphasis in Film provides a solid foundation in film theory should you decide to continue your film studies at a four-year institution.
The Associate of Arts with an Emphasis in Film is designed to articulate to: Metropolitan State University B.A. in Screenwriting degree

## Program Courses

## Total Credit Required 60

## Degree Requirements

2.00 Overall GPA for NHCC courses

## Program Outcomes

Knowledge of human cultures and the physical and natural world, including:

- How film traditions and filmmaking developments in America have contributed to our culture - at times both inhibiting and developing our understanding of our own cultural diversity;
- How film traditions and developments in non-English-speaking countries have contributed to filmmaking and world culture; how the elements of film work together to produce an effect on an audience; how cinematography, design, editing, sound, theme, screenplay, performance, and directing combine to make those impacts; and,
- how a film's social context and its political and religious influence show that film is not only an entertainment, but also a powerful tool for communication of a point of view.
Intellectual and Practical Skills, including:
- Using critical skills (interpretive, evaluative, and analytical) toward understanding a film's intent, evaluating its effect, and judging its quality, not only from a United States perspective, but from a World perspective;
- Demonstrating an ability to employ the elements of film to effectively and artistically communicate a message;
- Experiencing a wide variety of approaches tp filmmaking.

Personal and Social Responsibility, including:

- The ability to work independently and collaboratively in a high-pressure creative environment;
- acting with sensitivity to cultural differences in films and filmmaking, both in what's portrayed as well as toward the people making them.
Integrative Learning, including:
- Participating in the various aspects of filmmaking mentioned above;
- demonstrating a required level of proficiency in creating images and sounds that work together to produce the effect they intend on an audience;
- Investigating careers in film and television.

Be prepared to transfer to a four year institution in this discipline:
Currently articulates to Metropolitan State University's Screenwriting B.A. Program; pending with Film Studies at St. Cloud State University and Moorhead State University; and,
Graduates will have completed all 10 Goal Areas of the Minnesota Transfer Curriculum requirements and have a foundation of knowledge in film to prepare them for transfer to a baccalaureate program in Film Studies or Screenwriting.

## Degree Information

The Associate of Arts (A.A.) is awarded for successful completion of 60 credits and is designed to constitute the first two years of a liberal arts bachelor degree program. An A.A. degree includes the entire 40 credit Minnesota Transfer Curriculum (MnTC) as the general education requirement.
Students may also choose to concentrate in a particular field of study in preparation for a planned major or professional emphasis at a four-year college by following the pre-major requirement of the desired transfer institution in addition to the MnTC and A.A. requirements.
A student shall:

Earn a minimum of 60 semester credits.
Earn a grade point average of 2.00 (C) or higher in courses taken at North Hennepin Community College. Earn a minimum of 20 semester credits of the 60 semester credits required for the A.A. Degree at NHCC.
Complete the general education distribution requirement listed in the Minnesota Transfer Curriculum. The student shall select general education (MnTC) courses numbered 1000 or above to complete a minimum of 40 credits.
Have four years in which to complete their work under the terms of the catalog in effect at the time of their first enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog in effect during the four-year period preceding their date of graduation. Required A.A. Degree Course Distribution:
Complete 40 credits in the Minnesota Transfer Curriculum satisfying the requirements for each of the 10 goal areas. Complete at least 4 credits for the Wellness requirement with at least one course from each of the following areas: Health (all courses) and Physical Education (all courses).
Complete 16 elective credits selected from all courses listed in the College's offerings, which are numbered 1000 or higher. Completion of an A.A. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information
North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Degree Information

The Associate in Applied Science (A.A.S.) degree is intended for those students who plan to use the competence gained through their degree for immediate employment or enhancing current career skills. The A.A.S. degree includes a minimum of 20 semester credits in general education selected from at least three of the ten goal areas of the Minnesota Transfer Curriculum (MnTC). The MnTC courses within the A.A.S. programs transfer to any Minnesota State College or University. Many of the A.A.S. degree programs have articulation agreements with four-year institutions for transfer of the program.

## A student shall:

Earn a minimum of 60-71 semester credits as required in the program with a grade point average of
2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College.

Earn 20 credits in at least 3 MnTC goal areas
Completion of an A.A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Accreditation

North Hennepin Community College is accredited by the:
Higher Learning Commission
30 N. LaSalle Street, Suite 2400
Chicago, IL 60602-2504
1-800-621-7440

## Cert: Game Programming

2019-2020

The Game Programming Certificate provides students with an opportunity to learn how to create interactive computer games, including Web-based ones. It targets students who want to acquire skills needed for game design and programming. The required Game Programming course utilizes programming language chosen by instructor. The Certificate offers a choice between the three most popular programming languages: Java, $\mathrm{C}++$ and $\mathrm{C} \#$.

## AA: Gender and Women's Studies Emphasis

2019-2020

In this program students will examine gender through many lenses, including history, psychology, sociology, arts and humanities. They will also gain an understanding of the relationships of power, sexuality, race, class, nationality, religion and age as they intersect with gender. Students will become familiar with the cultural aspects of gender inequality and oppression.

2.00 Overall GPA for

Degree Information

The Associate of Arts (A.A.) is awarded for successful completion of 60 credits and is designed to constitute the first two years of a liberal arts bachelor degree program. An A.A. degree includes the entire 40 credit Minnesota Transfer Curriculum (MnTC) as the general education requirement. Students may also choose to concentrate in a particular field of study in preparation for a planned major or professional emphasis at a four-year college by following the pre-major requirement of the desired transfer institution in addition to the MnTC and $\mathrm{A} . \mathrm{A}$. requirements.
A student shall:

Earn a minimum of 60 semester credits.
Earn a grade point average of 2.00 (C) or higher in courses taken at North Hennepin Community College. Earn a minimum of 20 semester credits of the 60 semester credits required for the A.A. Degree at NHCC.
Complete the general education distribution requirement listed in the Minnesota Transfer Curriculum. The student shall select general education (MnTC) courses numbered 1000 or above to complete a minimum of 40 credits.
Have four years in which to complete their work under the terms of the catalog in effect at the time of their first enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog in effect during the four- year period preceding their date of graduation.

Complete 40 credits in the Minnesota Transfer Curriculum satisfying the requirements for each of the 10 goal areas. Complete at least 2 credits for the Wellness requirement from either Health (all courses) or Physical Education (all courses).
If the student intends to transfer, he/she is encouraged to work with an advisor to fulfill requirements for transfer to the other institution.
Completion of an A.A. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).
Developmental Courses
Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information
North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. # AS: Graphic Design <br> 2019-2020 

NHCC's Graphic Design program starts with a fine arts foundation that gives students hands-on experience with design concepts. Drawing, painting, color theory, photography, dimensional design (2D,3D) and art history classes help students to begin thinking like designers, with or without a computer. Of course, as foundation skills are gained, graphic design courses then emphasize industrystandard digital tools and software (Apple computers, Adobe Creative Suite) to harness design thinking and developing technical skills for more advanced concepts and projects.

NHCC graphic design majors work across different media: print, packaging, and book publication; web design and web animation; video and social media; sometimes street art and temporary installations. We learn digital and technical tools, but also how the design industry operates. We learn the actual language of design, we learn about audiences and work cultures, we learn strategies for developing a professional network of contacts, we learn about accepting constructive criticism and acknowledging the importance of other opinions, we learn interpersonal communication strategies to prepare for real professional situations. We work with real clients in advanced classes on projects that have an impact in the "real world." Small class sizes and one-on-one time with accomplished faculty artists and designers allow students to form the skills and opportunities needed to pursue, and get, jobs with graphic design industry employers. In fact, starting in the spring of 2015 NHCC's Graphic Design Program began working with metro area employers for paid graphic design internships. Students with consistently strong performance in their degree coursework are able to compete for these opportunities.

NHCC alumni have gone on to own their own graphic design studios and have worked for a long list of employers such as The Minnesota Twins, Nickelodeon, 3M, the Smithsonian Institution, Target, Best Buy, Colle+McVoy, and Minnesota Public Radio, to name just a few. NHCC's annual collection of student art and writing, Under Construction, is designed by students and has earned 30 national awards for content and design since 1968. It offers a rare chance to be a published writer and/or artist as part of a community college experience. See Under Construction as an e-publication at http://nhcc.edu/publications.

The NHCC Associate of Science in Graphic Design degree is for students who are interested in: Working as graphic designers, web/interactive designers, art directors, production artists, illustrators or in related jobs at design studios, advertising agencies, marketing and public relations companies, corporate art departments, magazines, websites and newspapers

- Working as self-employed (freelance) graphic designers, web/interactive designers, or illustrators
- Continuing study in a baccalaureate or professional degree program for graphic design, web/interactive design, or illustration.
- The degree is friendly towards continuing studies in graphic design at a 4-year college/university.
- NHCC has a graphic design articulation agreement with Concordia University in downtown St. Paul, also with Minnesota State University, Moorhead, Minnesota. Articulation agreements allow all credits from a two year degree to count as progress towards the 4 -year degree with the partnering College or University.
- Talk with an academic advisor (http://nhcc.edu/student-resources/academic-advising) about

## Degree Requirements

2.00 overall GPA for NHCC courses

Program Outcomes
Develop a foundation of essential knowledge about the cultural, social, and natural worlds, and individual well-being by:

- Demonstrating skill in the foundation studio arts courses

Develop intellectual and practical skills, including:

- Verbally and visually communicating their knowledge of design
- Competently critiquing design
- Designing effectively with type and images
- Communicating traditional design concepts with the latest technology so as to be effective graphic designers in today's environment
Demonstrate personal and social responsibility, including:
- Developing constructive, organized work habits and professional presentation skills
- Developing an understanding of the creative accomplishments of other people and cultures, past and present, in the development of the field of graphic design
- Studying the ethics in the use of ideas and technical information as a foundation for respect of intellectual ownership
Integrative Learning, including:
- Managing a design problem from conceptualization to a finished layout
- Writing and designing a professional portfolio
- Demonstrating visual problem solving that employs technical skills and comprehension of the historical context of graphic design with application for contemporary design
Be prepared to transfer to and succeed at an upper-level academic institution.

## Notes

To complete the Minnesota Transfer Curriculum, in addition to the courses listed above the student will need to take these additional goal area credits:
Goal Area 1: ENGL 1202 College Writing II - 2 credits Goal Area 1: Speech course - 3 credits
Goal Area 3: 4 credits or 7 credits (if Goal Area 4 Math course was taken to fulfill the option for this degree) with lab component on one of the course choices in this goal area
Goal Area 4: 3 credits, if student has no Goal Area 4 classes

Goal Area 5: 6 credits
Goal Areas 7, 9, and 10: 6 additional credits (beyond the 3 credits selected in the program) with 3 credits in each of the areas

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.

## A student shall:

Earn a minimum of 60 semester credits as required in the program, with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College. Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technical credits.
Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## AS: Health

## 2019-2020

The Associate of Science Degree in Health is a rewarding field for individuals interested in making a difference in the lives of others through the promotion of healthy lifestyles, healthy family functioning, and improving conditions that make it possible to life healthy lives. It is a vitally important field that is experiencing rapid growth and demand. This AS degree prepares students for a wide range of occupations in the health field, relating to stress techniques, nutrition and wellness, drugs and alcohol awareness, healthy sexuality and global implications in health. Students will be prepared to transfer to a 4-year institution upon completion as well as work in a variety of career settings including, but not limited to, family planning agencies, nonprofit agencies, state and federal health agencies, schools and community health agencies.
This degree has an articulation agreement to Minnesota State University Mankato.

Program Outcomes

## Knowledge of Human Cultures and the Physical and Natural World:

- Identify and develop a background of knowledge to address the major health-related, cultural and social needs of the communities we live and work in.

## Intellectual and Practical Skills:

- Inquiry and analysis.
- Critical and creative thinking.
- Written and oral communication.
- Quantitative literacy.
- Information literacy.
- Teamwork and problem solving.
- Examine the importance of ethnic and cultural factors for health practices in the community. promote holistic health care standards.

## Personal and Social Responsibility and Engagement:

- Promote healthy behaviors through evidence-based data and apply these findings to strategies in the classroom to promote holistic health care standards.
- Identify the socioeconomic, behavioral, biological, environmental, and other factors that impact human health and contribute to health disparities.
- Ethical reasoning and action.
- Foundations and skills for lifelong learning.

Integrative and Applied Learning:

- Apply the data presented in these classes to analyze and synthesize pertinent and current information which will help educate students and their future clients.

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program. A student shall:
Earn a minimum of 60 semester credits as required in the program, with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least 50\% of career specific courses at North Hennepin Community College. Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technical credits.
Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Accreditation

2.00 Overall GPA for NHCC courses

Program Outcomes

Knowledge of human cultures and the physical and natural world, including:

- Broad knowledge of world history, ancient to present, including knowledge of chronology, place, and significance.
- Broad knowledge of major fields of history and schools of historical interpretation.

Intellectual and Practical Skills, including:

- Ability to evaluate primary and secondary source material
- Ability to develop and critique historical arguments based on primary and secondary source material ability to communicate using the standards of the discipline
- Ability to develop and complete a program of historical research, beginning with the development of a research topic, through producing an original secondary source of publishable quality
Personal and Social Responsibility, including:
- Ability to identify and evaluate bias and perspective in written and audio-visual materials, including digital, internet, and broadcast media.
- Insight into the construction of historical knowledge as reflective of personal and social contexts

Integrative Learning, including:

- Ability to critically analyze, interpret, and synthesize various types of historical materials.
- Understanding of the role of the past in causing current events, conflicts, and problems, and its richness as a source of possible solutions.

Be prepared to transfer to a four year institution in this discipline

Graduates will have completed all 10 Goal Areas of the Minnesota Transfer Curriculum requirements and have a foundation of knowledge in history to prepare them for transfer to a baccalaureate program.

## Degree Information

The Associate of Arts (A.A.) is awarded for successful completion of 60 credits and is designed to constitute the first two years of a liberal arts bachelor degree program. An A.A. degree includes the entire 40 credit Minnesota Transfer Curriculum (MnTC) as the general education requirement. Students may also choose to concentrate in a particular field of study in preparation for a planned major or professional emphasis at a four-year college by following the pre-major requirement of the desired transfer institution in addition to the MnTC and A.A. requirements.
A student shall:

Earn a minimum of 60 semester credits.
Earn a grade point average of $2.00(\mathrm{C})$ or higher in courses taken at North Hennepin Community College. Earn a minimum of 20 semester credits of the 60 semester credits required for the A.A. Degree at NHCC.
Complete the general education distribution requirement listed in the Minnesota Transfer Curriculum. The student shall select general education (MnTC) courses numbered 1000 or above to complete a minimum of 40 credits.
Have four years in which to complete their work under the terms of the catalog in effect at the time of their first enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog in effect during the four-year period preceding their date of graduation.
Required A.A. Degree Course Distribution:

Complete 40 credits in the Minnesota Transfer Curriculum satisfying the requirements for each of the 10 goal areas. Complete at least 2 credits for the Wellness requirement from either Health (all courses) or Physical Education (all courses).

If the student intends to transfer, he/she is encouraged to work with an advisor to fulfill requirements for transfer to the other institution.
Completion of an A.A. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. # AS: Law Enforcement Transfer Pathway 

2019-2020
The Law Enforcement Transfer Pathway AS offers students a powerful option: the opportunity to complete an AS degree with course credits that directly transfer to designated Law Enforcement's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities enter the university with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor's degree programs in a related field.
*Universities in the Minnesota State System Include: Bemidji State University, Metropolitan State University, Minnesota State University Mankato, Minnesota State University Moorhead, Southwest Minnesota State University, St Cloud State University and Winona State University

2.00 overall GPA for NHCC courses

## Notes

Applicants to the theory-based courses of the "Professional Licensing Program" must complete the nine prerequisite courses, or their equivalent, with at least a "C" grade ( 2.00 on a 4.00 scale) in each course and a cumulative GPA of 2.5.

US citizenship is not required for admission to the "Professional Licensing Program;" however, applicants must be US citizens before being hired by a law enforcement agency.
Applicants may not be convicted of a crime that would prohibit them from being admitted to the law enforcement program under the rules of the Minnesota Board of Peace Officer Standards and Training (POST).

## Program Outcomes

Develop a foundation of essential knowledge about the cultural, social, and natural worlds, including:
an understanding of the history, organization and functions of the criminal justice system including legal issues, the purpose and function of police, courts, and corrections.
an understanding of political, cultural and social class forces which impact the police, suspects, victims, and other parties involved in law enforcement.
Develop intellectual and practical skills, including:

- Communicating effectively in work situations.
- Obtaining and refining the necessary skills in interpersonal communication, mathematics, basic crime statistics, and report writing, as these skills relate to public contact and criminal activity.
- Utilizing the intellectual and practical skills necessary to represent a public agency in a professional manner during routine public contacts, high stress situations, and arrests.
Demonstrate personal and social responsibility, including:
- Identifying career opportunities in public law enforcement and private security agencies and the attributes that employers are seeking and creating an understanding that employers often require continued higher education, citizenship, and service to others for initial placement and promotion.
- Developing a basic understanding of race, sex, color, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identification, and social class as related to criminal justice issues. This basic understanding should lead to tolerance, valuing differences, and leading to the acceptance of others.
Demonstrate integrative and applied learning, including:
- Articulating the history and application of Criminal Justice with respect to Law Enforcement, as well as its relationship to the other social sciences.
- Understanding concepts used in the Law Enforcement profession and how they will be applied in the field.
- Understanding techniques and strategies used in crime investigation, patrol operations, and daily police work. Upon completion of the program, be prepared to transfer to a baccalaureate program.

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program. A student shall:

Earn a minimum of 60 semester credits as required in the program, with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College.
Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technical credits.
Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Accreditation

North Hennepin Community College is accredited by the: Higher Learning Commission 30 N. LaSalle Street, Suite 2400 Chicago, IL 60602-2504 1-800-621-7440

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## AAS: Management

2019-2020
The Associate of Applied Science in Management is designed for students wanting a diversified business background with an opportunity to concentrate on specialized functions of management. Courses are delivered in the classroom and/or online. This certificate qualifies for the Workforce Investment Act.
The Associate of Applied Science in Management is designed to articulate to: Minnesota State University Moorhead B.S. in Project Management
Concordia University St. Paul B.A. in Organizational Management and Leadership Concordia University St. Paul B.A. in Business

Concordia University St. Paul B.A. in Human Resource Management Concordia University St. Paul B.A. in Marketing and Innovation Management

Total Credit Required 60

## Degree Requirements

2.00 Overall GPA for NHCC Courses
*Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University Moorhead; Southwest Minnesota State University; St. Cloud State University; and Winona State University.

Advising on Electives: Recommendations specific to institutions based on the current catalog are listed below. Students are encouraged to research each institution to identify their best fit

| University | Recommendations |
| :--- | :--- |
| Bemidji State University | Students are encouraged to take and transfer in Differential <br> Equations. |
| Metropolitan State University | Students are also encouraged to take and transfer in Statistics I, <br> Physics I with Calculus, or Computer Programming I. |

| Minnesota State University Moorhead | Computer Programming course is required. |
| :---: | :---: |
| Minnesota State University Mankato | A minor is required. Students are encouraged to take at least one course that applies to their minor. A list of minors and their requirements are listed in the Minnesota State University's Mankato's catalog. Any minor may be chosen. |
| Southwest Minnesota State University |  |
| St. Cloud State University | A computer programming course and a minor in specific areas are required. <br> A list of acceptable minors can be found in the University Catalog. Students are encouraged to take at least one course that applies to their minor. |
| Winona State University | Students are encouraged to take and transfer in the following courses: <br> - Linear Algebra <br> - A math or computer science based introduction to discrete mathematical structures with applications <br> - First course in Statistics <br> - A minor is required to progress towards a minor should begin at the college level |

## Program Outcomes

Knowledge of human cultures and the physical and natural world, including:

- Learning to value and enjoy mathematics confidence in one's ability to do mathematics Intellectual and Practical Skills, including:
- Ability to be a mathematical problem solver
- Ability to communicate mathematical ideas clearly, efficiently, and effectively in both written and oral forms ability to reason mathematically

## Personal and Social Responsibility, including:

- Ability to function in a mathematical, statistical, and technological society

Integrative Learning, including:

- Addressing complicated problems, applying mathematical methods to arrive at solutions, and validating solutions
- Synthesizing ideas, applying disciplined thinking techniques to new settings, and approaching situations with multiple perspectives

## Degree Information

The Associate of Arts (A.A.) is awarded for successful completion of 60 credits and is designed to constitute the first two years of a liberal arts bachelor degree program. An A.A. degree includes the entire 40 credit Minnesota Transfer Curriculum (MnTC) as the general education requirement.
Students may also choose to concentrate in a particular field of study in preparation for a planned major or professional emphasis at a four-year college by following the pre-major requirement of the desired transfer institution in addition to the MnTC and A.A. requirements.

## A student shall:

Earn a minimum of 60 semester credits.
Earn a grade point average of 2.00 (C) or higher in courses taken at North Hennepin Community College. Earn a minimum of 20 semester credits of the 60 semester credits required for the A.A. Degree at NHCC.

Complete the general education distribution requirement listed in the Minnesota Transfer Curriculum. The student shall select general education (MnTC) courses numbered 1000 or above to complete a minimum of 40 credits.
Have four years in which to complete their work under the terms of the catalog in effect at the time of their first enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog in effect during the four-year period preceding their date of graduation. Required A.A. Degree Course Distribution:
Complete 40 credits in the Minnesota Transfer Curriculum satisfying the requirements for each of the 10 goal areas. Complete at least 4 credits for the Wellness requirement with at least one course from each of the following areas: Health (all courses) and Physical Education (all courses).
Complete 16 elective credits selected from all courses listed in the College's offerings, which are numbered 1000 or higher. Completion of an A.A. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

# AAS: Medical Laboratory Technology 

## 2019-2020

The North Hennepin Community College Associate of Applied Science Medical Laboratory Technology (MLT) Program is designed to prepare students for a career in the medical laboratory. Medical Laboratory Technology is a rewarding, dynamic, and in-demand career with many opportunities for growth. By performing testing on blood and body fluids using highly specialized skills and complex instrumentation, MLTs provide information that is vital to both diagnosing and treating disease. In fact, over $70 \%$ of all health care decisions are made based on laboratory results.
Through NHCC's MLT program, students will gain both knowledge and hands-on experience, making them highly desirable employees. Coursework includes theory in phlebotomy, urinalysis, clinical chemistry, hematology, immunology, microbiology, and immunohematology. Practical experience will be gained in student laboratories at NHCC and through a 19-week clinical experience during the program's final semester. Upon completion of the program, students will be eligible to sit for the American Society of Clinical Pathology Board of Certification Exam.
All on-campus MLT courses are offered in both day and evening formats. However, in the final semester students are required to participate in clinical rotations, which are only offered during the day Monday-Friday. Admission into the MLT Program requires a separate application and entrance exam. The selection process is competitive, and the college may not be able to accept all applicants that meet the minimum standards. MLT application deadline is March 1st for the fall semester start. The Associate of Applied Science in Medical Laboratory Technology is designed to articulate to: Saint Cloud State University B.S. in Medical Laboratory Science degree

## General Education Courses

## All General Education courses must be completed with a grade of $\mathbf{C}$ or better.

| MLT2360 | Applied Immunohematology | 2 |
| MLT2380 | Applied Chemistry | 2 |

## NHCC Residency and GPA

| Course No. | Course Title | Credits |
| :--- | :--- | :--- |
| I 5 Credits must be earned at NHCC: |  |  |
| 2.00 overall GPA for NHCC courses |  |  |

## Total Credit Required 60

## Degree Requirements

2.00 overall GPA for NHCC courses

Note: This program requires a 2.0 minimum grade for courses used by its requirements unless otherwise specified.

## Program Outcomes

Knowledge of Human Cultures and the Physical and Natural World:

- Develop entry-level medical laboratory technology skills in a clinical setting to prepare them for the workplace.
Intellectual and Practical Skills:
- Develop and demonstrate professionalism and concern for the customer.
- Develop competence in the theoretical knowledge and technical skills necessary for proficient performance of clinical laboratory procedures.
- Utilize effective interpersonal communication skills with customers and coworkers. Utilize effective written communication skills appropriate for the professional setting.
- Develop competence in the theoretical knowledge necessary to prepare for the national certification examination of the profession.
Personal and Social Responsibility and Engagement:
- Value participation in continuous professional development.
- Develop awareness of the role and responsibilities of the medical laboratory technician as a member of the health care team.
Integrative and Applied Learning:
- Apply critical thinking skills to correlating laboratory findings and common disease processes.
- Apply critical thinking skills to learning new techniques and procedures.

Upon successful completion of the program, the student will be eligible to sit for the national certification examination.
Upon successful completion of the program, students may be eligible to transfer to the B.S. in Medical Laboratory Science program at St. Cloud State University.

## Career Opportunities

Hospitals, Medical Clinics, Pharmaceutical Companies, Government Agencies, Chemical, and Industrial Companies, Medical Device Companies and Private Labs
Program Accreditation
National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) 5600 N. River Road, Suite 720 Rosemont, IL 60018

## Notes

Day or evening option for MLT didactic courses. The program concludes with a clinical component that is only offered on the day shift.

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Degree Information

The Associate in Applied Science (A.A.S.) degree is intended for those students who plan to use the competence gained through their degree for immediate employment or enhancing current career skills. The A.A.S. degree includes a minimum of 20 semester credits in general education selected from at least three of the ten goal areas of the Minnesota Transfer Curriculum (MnTC). The MnTC courses within the A.A.S. programs transfer to any Minnesota State College or University. Many of the A.A.S. degree programs have articulation agreements with four-year institutions for transfer of the program.
A student shall:
Earn a minimum of 60-71 semester credits as required in the program with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College.
Earn 20 credits in at least 3 MnTC goal areas
Completion of an A.A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Accreditation

North Hennepin Community College is accredited by the: Higher Learning Commission
30 N. LaSalle Street, Suite 2400
Chicago, IL 60602-2504
1-800-621-7440

## Cert: Microsoft Office Essentials

## 2019-2020

This certificate provides essential computer skills needed in industry today. Students will use Microsoft Office products as well as other computer software applications that can be applied in business situations. Courses can be taken online. A course completed while earning a certificate can be applied to the A.A.S. or A.S. in Business Computer Systems and Management degrees and also some courses will be applied towards more advanced certificates. The courses from this program are delivered in the classroom and/or online. This certificate qualifies for the Work Investment Act.

## Program Courses

| Course No. | Course Title | Credits |

## Degree Requirements

2.00 overall GPA for NHCC courses

Program Outcomes

- Perform specialized tasks using Microsoft Office applications
- Maintain computer information records Use of Microsoft Office for reports creation
- Verify information using information technology
- Gain advanced knowledge of Microsoft Office applications
- Communicate in a business environment: written, verbal, and nonverbal
- Access and evaluate information effectively
- Demonstrate the use of up-to-date technology and computer applications
- Formulate solutions to business problems using facts, logic, creativity, and values
- Solve mathematical problems related to business operations

Degree Information
Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of 2.00 (C). A certificate shall include 9 to 30 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.
Developmental Courses
Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## AFA: Music

2019-2020
The Associate of Fine Arts in Music is designed to provide a broad background in music for students planning transfer to another college or university to complete a bachelor's degree in music performance, music education, or music business. The degree includes rigorous academic studies along with group performance experiences, individual lessons and solo performance opportunities.
The Associate of Fine Arts in Music is designed to articulate to: Minnesota State University Moorhead B.A. in Music degree Saint Cloud State University B.A. in Music (including Composition and new Media emphases) degree
Program Courses: Music History and Theory

| Course No. | Course Title | Credits |
| :---: | :--- | :---: |
| MUSC1241 | Music Theory I | 3 |
| MUSC1242 | Music Theory II | 3 |
| MUSC1251 | Ear Training and Sight Singing I | 2 |
| MUSC1252 | Ear Training and Sight Singing II | 2 |
| MUSC1300 | Music in World Cultures | 3 |
| MUSC2170 | History of Music I: Medieval Through Classical Eras | 3 |
| MUSC2180 | History of Music II: Romantic Era to the 21st Century | 3 |
| MUSC2241 | Music Theory III | 3 |
| MUSC2242 | Music Theory IV | 3 |
| MUSC2251 | Ear Training and Sight Singing III | 2 |
| MUSC2252 | Ear Training and Sight Singing IV | 2 |

Program Courses: Music Performance

| Course No. | Course Title | Credits |
| :--- | :--- | :--- |

Music Lessons - 1 credit for $\mathbf{4}$ semesters. See course numbers for your instrument's $\mathbf{1 / 2}$ hour lessons. Students may take 1 hour lessons, but only 4 credits total will count toward degree. All semesters must be lessons in the student's major instrument:

| MUSC1510 | Applied Music: Guitar or | 1 |
| :--- | :--- | :---: |
| MUSC1610 | Applied Music: Voice or | 1 |
| MUSC1810 | Applied Music: Piano or | 1 |
| MUSC1830 | Applied Music: Strings or | 1 |
| MUSC1850 | Applied Music: Percussion or | 1 |
| MUSC1860 | Applied Music: Brass or | 1 |
| MUSC1870 | Applied Music: Woodwinds or | 1 |
| MUSC2010 | Advanced Applied Music Lessons | 2 |

Music Large Ensemble Participation - 1 credit for $\mathbf{4}$ semesters. Students must participate in a large ensemble music performance for $\mathbf{4}$ semesters:

| MUSC1130 | College Choir or | 1 |
| :--- | :--- | :--- |
| MUSC1160 | Large Instrumental Ensemble | 1 |

Depending on student placement level, choose 2 credits from the following (Piano Proficiency
Requirement):

| MUSC1801 | Class Piano I or | 2 |
| :--- | :--- | :---: |
| MUSC1802 | Class Piano II or | 2 |
| MUSC1810 | Applied Music: Piano or | 1 |
| MUSC2010 | Advanced Applied Music Lessons | 2 |

Music Small Ensemble - 2 credits. Additional options include: Wind Ensemble, String Ensemble and Theatre practicum (pit band performance or musical theatre stage acting performance):

| MUSC1150 | Chamber Singers or | 1 |
| :--- | :--- | :---: |
| MUSC1170 | Instrumental Jazz Ensemble or | 1 |
| MUSC1180 | Small Group Performance Ensemble | 1 |

Depending on student placement level, choose 2 credits from the following (Guitar Proficiency Requirement):

| MUSC1501 | Class Guitar I or | 2 |
| :--- | :--- | :---: |
| MUSC1502 | Class Guitar II or | 2 |
| MUSC1510 | Applied Music: Guitar or | 1 |
| MUSC2010 | Advanced Applied Music Lessons | 2 |

## General Education Courses

| Course No. | Course Title | Credits |
| :---: | :--- | :---: | :---: |
| ENGL1202 | College Writing II | 2 |

College Writing I: (minimum grade 1.67)

| ENGL1200 | Gateway College Writing (minimum grade 1.67) <br> or | 4 |

| Natural Sciences (Goal Area 3)-4 credits |  |  |
| Mathematics/Logical Reasoning (Goal Area 4) - $\mathbf{3}$ credits |  |  |
| History and the Social and Behavioral Sciences (Goal Area 5) - $\mathbf{6}$ credits |  |  |
| Goal Areas 7, 9, or 10-3 credits |  |  |

NHCC Residency and GPA

| Course No. | Course Title | Credits |
| :---: | :---: | :---: |
| 15 Credits must be earned at NHCC: |  |  |
| 2.00 overall GPA for NHCC courses |  |  |

Total Credit Required 68

## Degree Requirements

2.00 overall GPA for NHCC courses

Notes

To complete the Minnesota Transfer Curriculum, in addition to the courses listed above the student will need to take these:

- Goal Area 3: 3 credits with one Goal Area 3 course that includes a lab component.
- Goal Area 5: 3 credits
- Goal Area 9 or 10:3 credits in each goal area required; remaining credits depend on student's choices of electives. Some courses fulfill two goal areas.

## Program Outcomes

Develop a foundation of essential knowledge about the cultural, social, and natural worlds, and individual well-being by:

- Demonstrating skill in the foundation music courses

Develop intellectual and practical skills, including:

- Verbally and visually communicating their knowledge of music history, theory and performance
- Competently analyzing and critiquing their own performance as well as that of others
- Competently using the concepts of theory, history and performance in creative processes

Demonstrate personal and social responsibility, including:

- Developing constructive, organized work habits and professional interpersonal and communication skills
- Developing an understanding of the creative accomplishments of other people and cultures, past and present, in the development of the field of music
- Studying the ethics of the use of ideas, information and creative works as a foundation for respect of intellectual ownership
Integrative Learning, including:
- Managing the process of creative problems in music from conceptualization to performance
- Performing competently and artistically as an individual and in groups
- Demonstrating problem solving that employs technical skills and comprehension of the historical context of music with application in theory and performance
Be prepared to transfer to and succeed at an upper-level academic institution.
Accreditation
North Hennepin Community College is accredited by the: Higher Learning Commission 30 N. LaSalle Street, Suite 2400 Chicago, IL 60602-2504 1-800-621-7440

## Degree Information

An Associate of Fine Arts (A.F.A.) degree is intended for students whose primary goal is to complete a program in a designated discipline in fine arts. The A.F.A. degree is designed for transfer to a baccalaureate degree.
Completion of an A.F.A. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).
Developmental Coursework
Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information
North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## AS: Nursing (MANE)

## 2019-2020

The North Hennepin Community College Associate Degree Nursing Program is designed to educate students who are prepared to begin professional nursing careers as competent, caring members of today's healthcare team. The NHCC program is a partner in the Minnesota Alliance for Nursing Education (MANE). Coursework includes nursing theory focusing on holistic assessment, therapeutic nursing interventions including communication, levels of prevention, critical thinking, collaboration and leadership/management concepts. Clinical application occurs in a variety of settings including: acute, sub- acute and long-term care facilities, community clinics, schools and home health settings. Safe, caring, competent nursing care across the lifespan and along the wellness continuum is fostered.
All students admitted will be dually enrolled in North Hennepin Community College and Metropolitan State University. Upon the completion of five semesters, graduates are awarded an Associate in Science degree in Nursing and are eligible to apply to take the NCLEX-RN ${ }^{\circledR}$ exam and meet the Minnesota State Board of Nursing requirements for licensure. NHCC nursing graduates can seamlessly continue for an additional three semesters with an upper division full-partner school in the Minnesota Alliance for Nursing Education (MANE) to complete their Bachelor of Science in Nursing.
Admission into the nursing program requires a separate special application and entrance exam. The selection process is highly competitive. The college may not be able to accept all applicants that meet the minimum standards. The application deadlines are February 1st for fall semester and June 1st for spring semester.
The Associate of Science in Nursing is designed to align with the Metropolitan State University B.S.N. in Nursing degree.
Nursing Application Prerequisite Courses

Total Credit Required 75

## Degree Requirements

2.75 GPA Minimum for Nursing Application Prerequisite Courses
2.75 Minimum GPA for Application Prerequisites and Program Prerequisites
2.00 overall GPA for NHCC courses

Note: This program requires a 2.0 minimum grade for courses used by its requirements unless otherwise specified.

## Admission Information

The nursing program has limited enrollment and nursing classes start in the fall semester and the spring semester of each year. The nursing course sequence for the Standard and Mobility Option begin each fall and spring semester with separate deadlines for each cohort. Students are encouraged to plan ahead because there is a separate application process required for admission to the Nursing Program. The application process is competitive. Therefore, meeting the minimum requirements does NOT assure that a student will be competitive with other applicants.
Students accepted to the nursing program will be required to participate in nursing clinical experiences, receive certification in CPR for the healthcare provider, maintain current immunizations records and criminal background checks. Upon acceptance to the nursing program a student would receive more information on these requirements. Please do NOT complete these requirements prior to attending the nursing program orientation, which takes place after acceptance into the nursing program. Note: Minnesota law requires that any person who provides services that involve direct contact with patients and residents at a health facility licensed by the Minnesota Department of Health must have a background study conducted by the state. Any individual who is disqualified from having direct patient contact as a result of the background study, and whose disqualification is not set aside by the Commission of Health, will not be permitted to participate in a clinical placement in a Minnesota licensed health care facility.
Failure to participate in a clinical placement required by the academic program could result in ineligibility to qualify for a degree in this program.

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.
A student shall:

[^0]Have four years to complete the graduation requirements in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.

## Service Learning

In addition to the General Education courses and the Nursing Curriculum courses, nursing students are required to participate in 30 hours of service learning by the end of the nursing program. Some or all hours may be completed during semester breaks however no service learning hours can be earned until after the first day of class in a NURS course.

## Sequences and Prerequisites

Courses are planned to build upon previous course work. Therefore, the following sequence of courses is required; however, it is recommended that a student pursue the general education and supporting science courses first. Note: High school chemistry and algebra are recommended prior to Biology 1001.

Biology 1001 is taken in the first semester of the Nursing program Psychology 1160 is taken in the first semester of the Nursing program English 1201 is taken in the first semester of the Nursing program Communications 1110 is taken concurrently or prior Nursing 2700 Biology 2111 is taken prior to Nursing 2700
Biology 2112 is taken prior to Nursing 2800 Biology 2100 is taken prior to Nursing 2700 Psychology 1250
is taken with the second semester of the Nursing program
Nursing courses are taken in sequence

Nursing 2750 is taken concurrently with Nursing 2700 Nursing 2820 is taken concurrently with Nursing 2800 Nursing 2850 is taken concurrently with Nursing 2800 Nursing 2920 is taken concurrently with Nursing 2900

Highly Recommended Courses

Applicants should have completed at least high school chemistry OR a college level introduction to chemistry course with a ' $\mathrm{C}^{\prime}$ or better.

Placing at college level on the Accuplacer or completing course work to get to college level in Math, English and Reading (as well as Listening and Vocabulary for students with an ESOL background).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a
degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Program Outcomes Outcome:

NCLEX-RN First Time Pass Rates

## Expected Level of Achievement:

The program's most recent annual licensure examination pass rate will be at least $80 \%$ for all first-time test takers during the same 12-month period.

## Actual:

1/1/2017-6/30/2017-86.9\%
1/1/2016-12/31/2016-79.84\%
MN Average: $81.86 \%$
National Average: 81.68\%

## Outcome:

Program Completion
Expected Level of Achievement:
$70 \%$ of students will complete the program in $150 \%$ of the program length.
Actual:
2016: 82\%

## Outcome:

Job Placement
Expected Level of Achievement:
Within six months of completing semester five, $70 \%$ of students will be employed as a Registered Nurse.

## Actual:

2015: 80.6\%
Knowledge of Human Cultures and the Physical and Natural World:

- Assisting clients in meeting needs by implementing nursing behaviors and actions based on knowledge and understanding of the natural and behavioral sciences, nursing theory and research and past nursing experiences.
- Conducting Nursing interventions that are compassionate, nurturing, protective and client-centered creating an environment of hope and trust.
Intellectual and Practical Skills:
- Utilizing critical thinking and evidenced-based information as the foundation for clinical decision making.
- Using effective personal, professional and therapeutic communication processes.
- Promoting, restoring and maintaining health and reducing risk through use of the teaching-learning process in collaboration with the client, significant support person(s) and the healthcare team.
- Collaborating with the client, significant support person(s), peers, and other members of the health care team and community agencies to meet client needs and assist the client toward desired outcomes.
Personal and Social Responsibility and Engagement:
- Adhering to standards of professional practice.
- Is accountable for her /his own actions and behaviors.
- Practicing nursing within legal, ethical and regulatory frameworks.
- Exhibiting professional behaviors including valuing the profession of nursing and participating in ongoing professional development.
Integrative and Applied Learning:
- Relying upon the collection, analysis and synthesis of relevant data for the appraisal of a client's health status and to meet a client's changing needs.
- Managing care through the efficient, effective use of human, physical, financial and technological resources to meet client needs and support organizational outcomes.

Qualified for recommendation to write the National Council Licensure Examination for Registered Nurses $\circledR^{\circledR}$. In order to qualify for licensure, graduates must satisfy the requirements stated by the Minnesota Board of Nursing.

## Student Learning Outcomes (SLOs)

Demonstrate reflection, self-analysis, self-care, and lifelong learning into nursing practice
Apply leadership skills to enhance quality nursing care and improve health outcomes Utilize best available evidence and informatics to guide decision making
Collaborate with inter-professional teams to provide holistic nursing care
Adapt communication strategies to effectively respond to a variety of health care situations Incorporate ethical practice and research within the nursing discipline and organizational enviromnents
Practice holistic, evidence-based nursing care including diverse and underserved individuals, families, and communities

## Accreditation

North Hennepin Community College is accredited by the: Higher Learning Commission, 30 N. LaSalle Street, Suite 2400
Chicago, IL 60602-2504, (800)621-7440
The nursing program is accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326, (404)975-5000, and approved by the Minnesota Board of Nursing.

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## AS: Nursing, Advanced Standing (MANE)

## 2019-2020

The North Hennepin Community College Associate Degree Nursing Program is designed to educate students who are prepared to begin professional nursing careers as competent, caring members of today's healthcare team. The NHCC program is a partner in the Minnesota Alliance for Nursing Education (MANE). Coursework includes nursing theory focusing on holistic assessment, therapeutic nursing interventions including communication, levels of prevention, critical thinking, collaboration and leadership/management concepts. Clinical application occurs in a variety of settings including: acute, sub- acute and long-term care facilities, community clinics, schools and home health settings. Safe, caring, competent nursing care across the lifespan and along the wellness continuum is fostered.
All students admitted will be dually enrolled in North Hennepin Community College and Metropolitan State University. Upon the completion of five semesters, graduates are awarded an Associate in Science degree in Nursing and are eligible to apply to take the NCLEX-RN ${ }^{\circledR}$ exam and meet the Minnesota State Board of Nursing requirements for licensure. NHCC nursing graduates can seamlessly continue for an additional three semesters with an upper division full-partner school in the Minnesota Alliance for Nursing Education (MANE) to complete their Bachelor of Science in Nursing. The Advanced Standing Track is offered to qualified licensed practical nurses (LPNs). Students who enter in the spring of 2015 or later are granted 5 credits of advanced standing and will participate in a transition course to assist in the change of role to professional nurse
Admission into the nursing program requires a separate special application and entrance exam. The selection process is highly competitive. The college may not be able to accept all applicants that meet the minimum standards. The application deadlines are February 1st for fall semester and June 1st for spring semester.
The Associate of Science in Nursing is designed to align with the Metropolitan State University B.S.N. in Nursing degree.

## Degree Requirements

### 2.75 Minimum for all Pre-Admission Courses

2.75 Minimum GPA for Application Prerequisites and Program Prerequisites
2.00 overall GPA for NHCC courses

Note: This program requires a 2.0 minimum grade for courses used by its requirements unless otherwise specified.

## Admission Information

The nursing program has limited enrollment and nursing classes start in the fall semester and the spring semester of each year. The nursing course sequence for the Standard and Mobility Option begin each fall and spring semester with separate deadlines for each cohort. Students are encouraged to plan ahead because there is a separate application process required for admission to the Nursing Program. The application process is competitive. Therefore, meeting the minimum requirements does NOT assure that a student will be competitive with other applicants.
Students accepted to the nursing program will be required to participate in nursing clinical experiences, receive certification in CPR for the healthcare provider, maintain current immunizations records and criminal background checks. Upon acceptance to the nursing program a student would receive more information on these requirements. Please do NOT complete these requirements prior to attending the nursing program orientation, which takes place after acceptance into the nursing program. Note: Minnesota law requires that any person who provides services that involve direct contact with patients and residents at a health facility licensed by the Minnesota Department of Health must have a background study conducted by the state. Any individual who is disqualified from having direct patient contact as a result of the background study, and whose disqualification is not set aside by the Commission of Health, will not be permitted to participate in a clinical placement in a Minnesota licensed health care facility. Failure to participate in a clinical placement required by the academic program could result in ineligibility to qualify for a degree in this program.

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.
A student shall:

Earn a minimum of 75 semester credits as required in the program, with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Each nursing course must be completed with a C or better for progression to the next nursing course Earn a minimum of 15 semester credits at NHCC.
Have four years to complete the graduation requirements in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four- year period preceding their graduation

## Service Learning

In addition to the General Education courses and the Nursing Curriculum courses, nursing students are required to participate in 30 hours of service learning by the end of the nursing program. Some or all hours may be completed during semester breaks however no service learning hours can be earned until after the first day of class in a NURS course.

## Sequences and Prerequisites

Courses are planned to build upon previous course work. Therefore, the following sequence of courses is required; however, it is recommended that a student pursue the general education and supporting science courses first. Note: High school chemistry and algebra are recommended prior to Biology 1001.

Biology 1001 is taken in the first semester of the Nursing program Psychology 1160 is taken in the first semester of the Nursing program English 1201 is taken in the first semester of the Nursing program Communications 1110 is taken concurrently or prior Nursing 2700 Biology 2111 is taken prior to Nursing 2700
Biology 2112 is taken prior to Nursing 2800 Biology 2100 is taken prior to Nursing 2700 Psychology 1250
is taken with the second semester of the Nursing program
Nursing courses are taken in sequence

Nursing 2750 is taken concurrently with Nursing 2700 Nursing 2820 is taken concurrently with Nursing 2800 Nursing 2850 is taken concurrently with Nursing 2800 Nursing 2920 is taken concurrently with Nursing 2900

## Highly Recommended Courses

Applicants should have completed at least high school chemistry OR a college level introduction to chemistry course with a 'C' or better.
Placing at college level on the Accuplacer or completing course work to get to college level in Math, English and Reading (as well as Listening and Vocabulary for students with an ESOL background).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

# Cert: Object-Oriented Programming 

## 2019-2020

The Object-Oriented Programming Certificate provides students with the opportunity to learn the fundamentals and more advanced topics of object-oriented design and programming. The certificate is designed in the way allowing the students to select one or two programming languages, among the most popular ones. The major language elements are introduced in connection with the related algorithms. The students will also learn about the major abstract data types and the efficient ways to manipulate data.

## AS: Paralegal

## 2019-2020

This program prepares students to assist lawyers and administrators of law-related occupations in providing efficient legal services to the public. The program of study includes general education courses, law-related courses, and legal specialty courses. The paralegal courses are offered primarily in the evening program of the College. Courses prepare students for entry into a paralegal career and provide presently employed paralegals an opportunity to enhance their legal knowledge and skills. The Paralegal Program does not train graduates to provide legal services directly to the public. Any person who attempts to provide legal services directly to the public, but is not licensed to practice law, engages in the illegal and unauthorized practice of law. The Paralegal Program is approved by the American Bar Association.
Students must take at least ten semester credits or the equivalent of legal specialty courses through traditional classroom instruction as required by the American Bar Association
Students wishing to enroll in the Paralegal Program, must complete an Admission Request. Students must make an appointment to meet with an advisor to present the Admission Request for processing. For more information or to schedule an appointment, please contact Counseling and Advising at 763-424-0703.
The Associate of Science in Paralegal is designed to articulate to:

- Concordia University B.A. in Organizational Management and Leadership degree
- Concordia University B.A. in Business degree
- Concordia University B.A. in Public Policy degree
- Concordia University B.A. in Criminal Justice degree
- Hamline University B.A. in Legal Studies degree
- Metropolitan State University B.A. Individualized Studies degree

## Criminal Offense Notice

If you have been arrested, charged, or convicted of any criminal offense, you should investigate the impact that the arrest, charge or conviction may have on your chances of employment in the field you intend to study or your chances to obtain federal, state, and other higher education financial aid.

## Program Outcomes

Knowledge of Human Cultures and the Physical and Natural World:

- Demonstrate an understanding of the sources of law, legal procedure, and operation of legal systems within state and federal government and apply that knowledge to the work of paralegals.
Intellectual and Practical Skills:
- Demonstrate written, verbal, and interpersonal skills appropriate to various legal and business settings. Think critically and creatively analyze, synthesize, and organize information.
- Demonstrate ability to use word processing, spreadsheets, data base and case management software as they are used in the legal profession.
Personal and Social Responsibility:
- Understand and apply the Rules of Professional Conduct as they relate to the practice of law and demonstrate ethical behaviors in all settings.
Integrative Learning:
- Conduct legal research using print and electronic resources, apply results to fact situations, and report findings in an appropriate format.
- Successfully complete projects performed by paralegals in the various substantive areas of law.

This program prepares students to perform paralegal work in private law firms, government agencies or large corporations or transfer to a four-year institution in this discipline.
Degree Information
The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.
A student shall:

Earn a minimum of 60 semester credits as required in the program, with a grade point average of 2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College.
Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technical credits.
Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial
enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published
during the four-year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).
Developmental Courses
Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Criminal Offense Notice

If you have been arrested, charged, or convicted of any criminal offense, you should investigate the impact that the arrest, charge or conviction may have on your chances of employment in the field you intend to study or your chances to obtain federal, state, and other higher education financial aid.

## Degree Information

Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of 2.00 (C). A certificate shall include 9 to 30 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Degree Information

Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of 2.00 (C). A certificate shall include 9 to 30 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.

## Program Outcomes

Knowledge of Human Cultures and the Physical and Natural World:

- Demonstrate an understanding of the sources of law, legal procedure, and operation of legal systems within state and federal government and apply that knowledge to the work of paralegals.
Intellectual and Practical Skills:
- Demonstrate written, verbal, and interpersonal skills appropriate to various legal and business settings.
- Think critically and creatively analyze, synthesize, and organize information.
- Demonstrate ability to use word processing, spreadsheets, data base and case management software as they are used in the legal profession.
Personal and Social Responsibility:
- Understand and apply the Rules of Professional Conduct as they relate to the practice of law and demonstrate ethical behaviors in all settings.
Integrative Learning:
- Conduct legal research using print and electronic resources, apply results to fact situations, and report findings in an appropriate format.
- Successfully complete projects performed by paralegals in the various substantive areas of law.

This program prepares students to perform paralegal work in private law firms, government agencies or large corporations or transfer to a four-year institution in this discipline.

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Accreditation

North Hennepin Community College is accredited by the: Higher Learning Commission 30 N. LaSalle Street, Suite

## Cert: Personal Training

## 2019-2020

This certificate program prepares students to develop individualized exercise programs and provide knowledgeable information on weight loss, weight gain, muscle strengthening, and flexibility.
According to the American College of Sports Medicine, Personal Training is the third fastest growing occupation in the nation. The certificate program is designed to assist students in developing skills to be successful in the areas of the fitness industry, business, sports, and coaching.
Areas of study include: health and fitness, kinesiology, and concepts of personal training. Included in the program is an internship on campus which would allow practical application of concepts learned in the areas of exercise prescription and implementation of individualized programs for fellow students or employees.

- The Personal Trainer Certificate is designed to articulate to: Concordia University B.A. in Kinesiology degree

## Gainful Employment Program Information

Personal Trainer
Notes
Upon completion of PE 2101, the student will have the opportunity to complete the NASM certification exam for Personal Training.
Students who complete the Personal Trainer Certificate Program may choose to continue their education by completing their A.S. Degree at NHCC. In addition, after completing their A.S. Degree, they may further their education by transferring to St. Cloud State University or Augsburg College, to which the current degree allows a seamless transfer.

## Program Outcomes

Knowledge of Human Cultures and the Physical and Natural World:

- Apply principles, skills, and methods related to biomechanics, exercise physiology, health promotion, exercise prescription and sport psychology..

Intellectual and Practical Skills: Inquiry and analysis:

- Apply the clinical and epidemiological evidence linking physical activity and exercise to mental and physical health.
- Critical and creative thinking: Apply the scientific method to solve problems related to physical activity and health.
- Written and oral communication: Utilize oral and written communication that meets appropriate professional and scientific standards in the field of Kinesiology/Exercise Science.
- Quantitative literacy: Evaluate the effectiveness of human movement using mechanical principles.
- Information literacy: Associate the organic, skeletal, and neuromuscular structures of the human body to psychological factors associated with diverse physical activities..
- Teamwork and problem solving: Work effectively in teams by valuing collaboration, providing service to others, and developing relational techniques for lifelong learning and problem solving.
Personal and Social Responsibility and Engagement
- Civic knowledge and involvement - campus, local and global: Apply Fitness/Kinesiology related skills to realworld problems through empirical research, internships, field experience, and/or service learning.
- Intercultural knowledge and competence: Demonstrate leadership and social responsibility to improve quality of life for others and ensure equitable access for diverse groups by creating appropriate environments to initiate and maintain a physically active, healthy lifestyle.
- Ethical reasoning and action: Model behavior consistent with that of a Kinesiology professional, including 1) advocacy for a healthy, active lifestyle, 2) adherence to professional ethics, 3) service to others, 4) shared responsibility and successful collaboration with peers, and 5) pursuit of learning beyond NHCC.
- Foundations and skills for lifelong learning: Safely Develop an individualized exercise prescription based on scientific principles and appropriate evaluation techniques designed to reduce the risk of chronic disease and avoid injuries.
Integrative and Applied Learning:
- Synthesis and advanced accomplishment across general education, liberal studies, specialized studies and activities in the broader campus community.
- Assimilate, analyze, synthesize and integrate concepts related to the exercise science field.
- Students will also be able to sit for professional certifications related to personal training, including but not limited to those offered by the National Academy of Sports Medicine, the American Council on Exercise, and select others.

## Program Outcomes

Develop a foundation of essential knowledge about the cultural, social, and natural worlds, and individual well-being. Develop intellectual and practical skills, including:

- Explaining how lifetime activities contribute to wellness
- Describing patterns of good nutrition and how they contribute to wellness describing the stress mechanism and stress reduction techniques
- Identifying and analyzing muscles used in single and multiple joint movements
- Demonstrating the importance of oral and written communication in successful individual and team play

Demonstrate personal and social responsibility, including:

- Describing the influence of cultural diversity in physical education and its influence in areas of dance, sports and participation
- Practicing habits to ensure personal safety
- Applying the components of sportsmanship and fair play to both the discipline and to life skills developing an awareness of effective practices to create a safe environment for physical education
Integrative Learning, including:
- Designing a personal e-folio, which includes one's philosophy of physical education
- Through service learning, creating a learning environment which respects and incorporates learners' experiences (personal, cultural, and community)

Be prepared to transfer to, and succeed, at an upper-level academic institution.

## Career Opportunities

Career settings could include: fitness centers (training facilities, corporate businesses, schools and colleges), community center workout facilities, and health clubs. Possible positions could include personal trainer, athletic trainer, fitness specialist, sport coaches, strength and conditioning interns, and group exercise specialists.

## Degree Information

The Associate of Science (A.S.) degree is intended for students whose primary goal is to complete the credentials for a specific career and/or prepare for transfer to complete a bachelor's degree at a college or university with whom North Hennepin Community College has an articulation agreement. The A.S. degree provides a balance of general education courses and the required scientific, professional or technical courses in the degree program.

Earn a minimum of 60 semester credits as required in the program, with a grade point average of
2.00 (C) or above in courses taken at North Hennepin Community College. Specific programs may have additional requirements or a higher minimum grade point average.
Earn a minimum of 15 semester credits at North Hennepin Community College. A student must complete at least $50 \%$ of career specific courses at North Hennepin Community College.
Earn 30 credits in at least 6 Minnesota Transfer Curriculum (MnTC) goal areas. Earn 30 professional/technical credits. Have four years to complete the graduation requirements as published in the catalog in effect at the time of their initial enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog published during the four-year period preceding their graduation.
Completion of an A.S. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC).

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. Chicago, IL 60602-2504 1-800-621-7440

## AA: Political Science Transfer Pathway

2019-2020

## PURPOSE:

The Political Science Transfer Pathway AA offers students a powerful option: the opportunity to complete an AA degree with course credits that directly transfer to designated Political Science bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities enter with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor's degree program in a related field.
*Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University Moorhead; Southwest Minnesota State University; St. Cloud State University; and Winona State University.

## Political Science - 9 credits Required

## Requirement 1:

| Course No. | Course Title | Credits |
| :---: | :--- | :---: |
| POLS 1100 | American Government and Politics | 3 |

Requirement 2: Choose 1 of the following courses

| Course No. | Course Title | Credits |
| :--- | :--- | :---: |
| POLS1600 | Comparative Politics | 3 |
| POLS1700 | World Politics | 3 |

Requirement 3: Choose 1 of the following courses (students may take POLS 1600 or POLS 1700 - which ever was NOT used to satisify requirement 2 )

| Course No. | Course Title | Credits |
| :--- | :--- | :---: |
| POLS 1140 | State and Local Politics | 3 |
| POLS 1600 | Comparative Politics | 3 |
| POLS1700 | World Politics | 3 |
| POLS2130 | Constitutional Law | 3 |

## MnTC Requirements:

| Course No. | Course Title | Credits |
| :---: | :---: | :---: |
| It is strongly recommended to select courses that fulfill multiple Goal Areas |  |  |
| $\begin{array}{\|l} \hline \text { ENGL } 1200 \\ \text { or } 1201 \end{array}$ | Gateway to College Writing or College Writing I | 4 |
| ENGL 1202 | College Writing II | 2 |
| Communications course that fulfills Goal Area 1 |  | 3 |
| Goal Area 3 | Natural Science: Select 2 courses, 7 credits from 2 different disciplines, one must be a lab | 7 |
| Goal Area 4 | Mathematical/Logical Reasoning - 1 course, at least 3 credits MATH 1130 is highly recommended | 3 |
| Goal Area 5 | History and the Social and Behavioral Sciences: 3 courses, 9 credits - Goal 5 is satisfied by completing the POLS required courses |  |
| Goal Area 6 | The Humanities and Fine Arts - 3 courses, 9 credits, at least two different subjects | 9 |
| Goal Area 7 | Human Diversity: (one course if not already met by a Content Area Course or MnTC Electives | 3 |
| Goal Area 8 | Global Perspectives: 3 credits - Goal 8 is satisified by completing the POLS required courses |  |
| Goal Area 9 | Ethical and Civic Responsibility: 3 credits - Goal 9 is satisfied by completing the POLS required courses |  |
| Goal Area 10 | People and the Environment: 3 credits | 3 |

## Health Requirements: 5 credits ( $\mathbf{2}$ credits from Exercise Science and $\mathbf{3}$ credits from Health)

## Electives: $\mathbf{1 2}$ credits (course must be numbered 1000 or above, can be MnTC Goal Area Courses and can be POLS course not used to satisify the POLS required* courses.

*Note that only the 9 credits earned through the 3 POLS required courses are guaranteed to be accepted as transfer to the major; it is up to the transferring university as to whether they will accept/apply additional POLS credits to their designated Political Science bachelor's degree program.

## NHCC Residency and GPA

## Degree Requirements

2.00 Overall GPA for NHCC Courses

Degree Information
The Associate of Arts (A.A.) is awarded for successful completion of 60 credits and is designed to constitute the first two years of a liberal arts bachelor degree program. An A.A. degree includes the entire 40 credit Minnesota Transfer Curriculum (MnTC) as the general education requirement. Students may also choose to concentrate in a particular field of study in preparation for a planned major or professional emphasis at a four-year college by following the pre-major requirement of the desired transfer institution in addition to the MnTC and A.A. requirements.
A student shall:

Earn a minimum of 60 semester credits.
Earn a grade point average of 2.00 (C) or higher in courses taken at North Hennepin Community College. Earn a minimum of 20 semester credits of the 60 semester credits required for the A.A. Degree at NHCC
Complete the general education distribution requirement listed in the Minnesota Transfer Curriculum. The student shall select general education (MnTC) courses numbered 1000 or above to complete a minimum of 40 credits
Have four years in which to complete their work under the terms of the catalog in effect at the time of their first enrollment. Students taking more than four years to complete their graduation requirements may follow any catalog in effect during the fouryear period preceding their date of graduation.

Complete 40 credits in the Minnesota Transfer Curriculum satisfying the requirements for each of the 10 goal areas. Complete at least 2 credits for the Wellness requirement from either Health (all courses) or Physical Education (all courses).
If the student intends to transfer, he/she is encouraged to work with an advisor to fulfill requirements for transfer to the other institution.
Completion of an A.A. degree fulfills the Goal Area 2 requirement of the Minnesota Transfer Curriculum (MnTC)

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

## Equal Opportunity Employer and Disability Access Information

North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

North Hennepin Community College is accredited by the: Higher Learning Commission 30 N. LaSalle Street, Suite 2400 Chicago, IL 60602-2504 1-800-621-7440

## Cert: Spanish Language

## 2019-2020

The purpose of the Spanish Certificate is to prepare students who wish to gain a fair command of the Spanish language and understand the culture of the Spanish-speaking world. This certificate is appropriate for students who are currently employed in an area related to the use of the Spanish language. Students who complete this certificate will be able to use the language for communication with Spanish-speaking colleagues or customers. Students could include the Certificate on their resume and in a portfolio, indicating a conversational level of Spanish language proficiency. The Certificate helps highlight to employers both in the U.S. and in other countries a students' Spanish language ability and communication skills. This certificate is also applicable to students who are planning to pursue Spanish major or minor in a four-year college or university.

# AFA: Theatre Transfer Pathway 

## 2019-2020

The Associate of Fine Arts Theatre Transfer Pathways includes rigorous studies in performance and production, along with hands-on experience in theatre methods and practices. These studies will allow students to gain a deep understanding and working knowledge of theatre fundamentals. It will also prepare students for direct transfer to an established bachelor's degree program in Theatre. The 40 credits Minnesota Transfer Curriculum (MnTC) is completed with the AFA degree to assist the transfer to the MN State University system via the Theatre Transfer Pathways Program.
The Theatre Transfer Pathway AFA is designed to articulate to:

- Metropolitan State University B.A. in Theatre
- Minnesota State University Moorhead B.A. in Theatre

# Cert: Web Graphic Design and Programming and e-Commerce 

2019-2020

The Web Graphic Design and Programming and e-Commerce certificate is a broad-based introduction to designing and scripting small business marketing and commercial websites. Students learn the basic principles behind effective design and web programming, including uploading content to the Internet and the basics of e-commerce.
This certificate is for students who have programming skills and would like to gain creative design and e-Commerce skill, or for students who have creative graphic design/art skill and would like to gain skills in programming and e-Commerce, or for students who have business/e-Commerce skills and would like to gain skills in computer programming and creative design. Some courses are offered online.
This certificate is also a great entry point to begin an A.S. degree in Graphic Design, Computer Science, or Business Computer Systems and Management.

## Cert: Wellness Coach

## 2019-2020

The Wellness Coach Certification will offer students the opportunity to be successful Health Professionals by becoming certified Health/Wellness Coaches. The program aims to prepare students to be ready to employ Health and Wellness programs to individuals, including but not limited to: weight loss, lifestyle coaching and behavior change, disease risk prevention, and athletic performance training.
Within this program students will engage in a creative way of thinking that is guided by: 1) curiosity and the ability to appropriately seek answers, 2) develop confidence in taking initiative to implement health programs to successfully change people's lives, and 3 ) be able to reflect and manipulate, as needed, the interventions implemented based on constant evaluation of program's efficiency. Students will examine and be able to identify initial health and wellness needs and wants of individuals regardless of age, gender, and race. Upon completing this program students will be able to relate principles and theories of exercise science in order to formulate specific health interventions (physical and mental) to produce desired outcomes of an individual.
In order to facilitate success as Health/Wellness Coaches students will be exposed to multidisciplinary teaching, including: business, marketing, nutrition, and interpersonal communication theories and concepts.
Furthermore, student will have an opportunity to examine, in depth, Exercise Science theories and guiding principles of: exercise physiology, biomechanics, sports nutritions, exercise psychology, training periodization, and fitness testing and prescription.

| 2.00 overall GPA for NHCC courses |  |  |

Total Credit Required 9
Degree Requirements
2.00 overall GPA for NHCC courses

Degree Information

Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of 2.00 (C). A certificate shall include 9 to 30 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.
Equal Opportunity Employer and Disability Access Information
North Hennepin Community College is a member of Minnesota State Colleges and Universities system and an equal opportunity employer and educator. This document is available in alternative formats to individuals with disabilities by calling 763-493-0555 or through the Minnesota Relay Service at 1-800-627-3529.

## Program Outcomes

- Perform clerical and administrative duties for an organization
- Implement the Information processing cycle
- Prepare technical reports and complicated tables
- Integrate information from various Microsoft Office applications into a Word document
- Integrate the use of web based technology to create shared documents
- Demonstrate the use of the Internet for research, distribution and communication
- Evaluate credibility of websites
- Create documents using desktop publishing skills
- Communicate in a business environment: written, verbal, and nonverbal
- Demonstrate the use of up-to- date technology and computer applications
- Formulate solutions to business problems using facts, logic, creativity, and values
- Access and evaluate information effectively

## Career Opportunities

Information on careers, including salary and employment outlook data, is available on the iseek and Bureau of Labor Statistics websites: www.iseek.org and www.bls.gov.
Accreditation
North Hennepin Community College is accredited by the: Higher Learning Commission 30 N . LaSalle Street, Suite 2400 Chicago, IL 60602-2504 1-800-621-7440

## Transfer Information

If you are planning on transferring to another institution, follow the guidelines available on our transfer resources web page to help you plan the process: Transfer Information

## Degree Information

Certificates may be earned for successful completion of courses in a specialized program of study with a minimum grade point average of 2.00 (C). A certificate shall include 9 to 30 semester credits. At least one-third of the total credits required for each certificate must be completed at North Hennepin Community College.

## Developmental Courses

Some students may need preparatory course(s) in Math and/or English. Courses numbered below 1000 will not apply toward a degree.

| 00000002 | ACCT | 1000 | Small Business Accounting | This course is for the student who wants to understand and practice accounting in a small business environment. Topics include: assets, liabilities, equity, revenue, expenses, accruals, deferrals, preparation/analysis of financial statements, fixed assets and cash control. This course does not transfer to four-year colleges. |
| 00000004 | ACCT | 2111 | Financial Accounting | This course is a study of the accounting principles and concepts used to understand and develop financial statements. Topics include accruals and deferrals, revenues, expenses, assets, liabilities, equities, and cash flows. The course will analyze current industry financial statements from the point of view of investors and creditors for profitability, liquidity and risk. |
| 00000005 | ACCT | 2112 | Managerial Accounting | Managerial accounting focuses on the three main activities performed by managers: planning, controlling, and decision-making. This course consists of preparing a variety of reports for internal use and analyzing them in the company's decision-making process. <br> Prerequisite: ACCT 2111 |
|  |  |  |  | This course provides a hands-on approach to learning how current (on the market) computerized accounting systems are used and installed. The following modules are covered: general ledger, financial statements, accounts receivable, accounts payable, purchasing, inventory and payroll. Note: Knowledge of accounting debits and credits and CIS 1101 or computer experience is recommended. <br> Prerequisite: Acct 2111 |
| 00000009 | ACCT | 2230 | Computerized Accounting with QuickBooks |  |
| 00000532 | ACCT | 2250 | Small Business Payroll | Students taking this course will prepare and analyze payroll transactions, federal/state payroll tax reports. <br> Prerequisite: Acct 2111 |
| 00000533 | ACCT | 2260 | Small Business Income Taxes | This course will assist the student in understanding corporation and personal (Schedule C) tax requirements. It will also show students what they must do to prepare and maintain tax information for the year end business income tax statements. <br> Prerequisite: Acct 2111 |

| 00001419 | ACCT | 1990 | Topic: | This course will provide flexibility in offering an in-depth review of topics of immediate importance and topical interest. These topics will go beyond the introductory courses in examining specific aspects of the subject matter. |
| 00170433 | ACCT | 2300 | Accounting Capstone | This final capstone course in the accounting sequence is designed to extend and integrate your understanding of theoretical and practical issues in accounting, including the analytical and decision making processes for business enterprises. Further development of theoretical and practical issues from prerequisite courses and reinforcement of communication skills (writing, discussion, and presentation) are central elements of this course. This course will provide the student with the ability to enter the job market or transfer to a four year school with a good understanding of the accounting functions of a small business. Prerequisites: ACCT 2111, ACCT 2112 and CIS 1220 (or with instructor approval) |
| 00000015 | ADEV | 0940 | Building A College Vocabulary | This course offers students an opportunity to learn the major strategies used by adults in developing an academic and professional vocabulary and to develop an individual learning plan for applying those strategies. Students take a pre-test to determine their learning needs, learn a minimum of 200 new words, and take a post-test at the end of the course to document skill improvement. May be repeated for credit. Does not apply toward a degree. |

| :---: | :---: | :---: | :---: | :---: |
| 00000016 | ADEV | 0951 | College Reading and Learning Strategies I | This course prepares students for success in future college coursework. This course emphasizes learning strategies to improve comprehension and understanding of how various texts are organized. This course requires students to examine their existing learning strategies and introduces students to learning practices, processes, techniques and/or strategies necessary for college success, such as prereading, underlining and annotating, and/or developing study aids. Credit does not apply to a degree. Placement in this class is determined by student's score on the reading assessment test. <br> Students who place into ADEV 0951 are required to enroll in the full reading sequence (ADEV 0951 and ADEV 0952) during the first two terms at NHCC. <br> Students who place into ADEV 0951 are required to enroll in this course during their first term at NHCC. |
| 00000017 | ADEV | 0952 | College Reading and Learning Strategies II | The academic focus of this course is the introduction of critical literacy skills. Students enrolled in this course are offered extended practice with various literary and informational texts. Students will be expected to produce written products that demonstrate their comprehension of these texts. Students who successfully complete this course will have acquired learning strategies for comprehending and studying a variety of collegelevel materials. Credit does not apply to a degree. <br> Placement in this class will be determined by student's reading assessment score and/or successful completion of ADev 0951. <br> Prerequisite: For Nursing program students, ADEV 0951 with a grade of B better OR equivalent reading assessment test score. <br> For non-nursing program students, ADEV 0951 with a grade of C or better OR equivalent reading assessment test score. |
| 00000025 | ADEV | 1950 | Reading Texts Critically | This course will focus on developing critical literacy and critical thinking strategies necessary for dealing efficiently and effectively with different kinds of college reading assignments. This course lays the foundation for other courses which students will need to use critical thinking. |

| 00001659 | ARBC | 1030 | Arab Cultures | This course discusses the history and culture of the Arab world, examining various aspects of this rich and venerable civilization, the importance attached to education, the achievements of Arab science and also the internal conflicts, wide-spread poverty, and the role of women. This course is also an introduction to how the religion of Islam created a far-flung Arab Muslim world that embraces lands reaching from the shores of the Atlantic to the Indian Ocean, and examines how social institutions and culture are intertwined with politics and economics. This course is taught in English; no previous knowledge of Arabic language is required. |
| 00001660 | ARBC | 1101 | Introduction to Arabic | Designed for the student with little or no previous experience with a second language, this course gives students the opportunity to learn basic communication needs in Arabic. The four language skills of reading, listening, writing, and speaking will be implemented and practiced. The class begins with learning the Alphabet and progresses into learning reading elementary level Arabic, writing simple sentences, speaking basic and introductory idioms. Listening drills and exercises are employed in the class. Students will also learn basic grammar and its applicability, especially in writing. <br> The course also introduces students to the culture of the Arabic-speaking people. Some aspects of Arab heritage, traditions, and customs will be highlighted and explained. |
| 00001661 | ARBC | 1102 | Beginning Arabic II | This course is the second of two-course series to fulfill the needs of our students as well as our community. It is designed for non-native beginners to learn formal Arabic also known as Modern Standard Arabic. Prerequisite: Arbc 1101 |
| 00002162 | ARBC | 2201 | Intermediate Arabic I | This course continues the development of the multiple language skills introduced in the beginning sequence. The student is introduced to the literature and culture of Arabic speaking nations. <br> Prerequisite: Arbc 1102 or equivalent |

| 00001333 | ART | 1990 | Topic: | This course will provide flexibility in offering an in-depth review of topics of immediate importance and topical interest. These topics will go beyond the introductory courses in examining specific aspects of the subject matter. |
| 00001454 | ART | 1310 | Three Dimensional Design | As an introduction to the basic language of three-dimensional design, this course includes constructive, additive, subtractive and substitution techniques using traditional and contemporary media. Various methods of presentation are explored ranging from small freestanding works to site specific models and proposals. |
| 00001455 | ART | 1320 | Introduction to Sculpture | This course is a specialized study on an individual basis in wood, metals, plaster, clay, stone or mixed media. The student will work with the sculptural possibilities of these materials and refine their ability to work in one particular medium. |
| 00001694 | ART | 2740 | Jewelry Workshop | This workshop is a basic introduction to rudimentary jewelry-making techniques which includes fabrication of metals through hand piercing, sawing, forging, soldering, riveting and forming raw materials such as silver, copper, brass and found objects. May be repeated for credit. |
| 00001732 | ART | 1340 | Fundamentals of Color | The course teaches fundamental color theory by introducing the physical, perceptual, and artistic aspects of color. The dimensions of color are explored through theory and practice using paint and colored papers. Students also are introduced to the theories of the physiology and the psychology of color reception, cultural taste and preferences as they relate to color choices, and the color usage of well known artists, of art movements, and of different world cultures. <br> Strongly recommend taking Drawing I before this course. |
| 00001733 | ART | 2640 | Watercolor | This course is an introduction to the basic skills and techniques of watercolor painting. The special characteristics of watercolor application will be explored to create both traditional and abstract results. |
| 00001894 | ART | 2781 | Quiltmaking Workshop I | This is a basic workshop introducing the processes and technical skills of quilting along with an introduction to artistic principles such as color, texture, line, form, and composition. Students are also introduced to information about the history of quilting and the cultural connections quilting holds within our society. |

| Curric Id | Subj | Cou Nbr | Title | Cou Desc |
| :---: | :---: | :---: | :---: | :---: |
| 00001895 | ART | 2782 | Quiltmaking Workshop II | This is an advanced workshop which further develops the processes and technical skills of quilting along with artistic principles such as color, texture, line, form, and composition. This course may be repeated for credit. |
| 00001924 | ART | 1770 | Quilt Arts | This class explores the visual and expressive possibilities of quilting as a fine art. Students will solve design problems using fabric. Traditional and non-traditional quilting techniques will be used to enhance personal expression and to create innovative visual communications. |
| 00001961 | ART | 2750 | Ceramics Workshop | Ceramics Workshop is a basic studio course for art and non-art students which provides a fundamental understanding of the hand building and wheel throwing processes in clay. Ceramics Workshop will introduce all methods of forming clay including pinch, throwing, coil and slab building. This course is repeatable for credit. |
| 00001962 | ART | 1361 | Ceramics I | Ceramics is an introductory studio course that presents students with a fundamental understanding of the hand building and wheel throwing processes in clay. This course will focus on a creative and imaginative approach to solving visual problems in clay. Ceramics will introduce all methods of forming clay including pinch, throwing, coil and slab building. |
| 00001963 | ART | 1362 | Ceramics II | Ceramics II is an advanced studio course that presents students with an in depth understanding of the hand building and wheel throwing processes in clay. This course emphasizes student's development of a personal creative style taking an imaginative approach to solving visual problems in clay. Ceramics 11 will introduce all methods of forming clay combining pinch, throwing, coil and slab building with comprehensive glazing techniques. <br> Prerequisite: Art 1361 |
| 00002132 | ART | 1270 | Digital Video Production | This course introduces basic video production concepts and techniques with an emphasis on using the elements of motion and sound as creative artistic tools. Students will critically analyze video in terms of genre, context, meaning, visual language and form and then produce and edit their own short projects that explore creative and experimental applications of the medium rather than the traditional mass communication form. Students are encouraged to use their own computer for editing if possible. Basic knowledge of the computer is helpful. |

| :---: | :---: | :---: | :---: | :---: |
| 00002173 | ART | 2900 | Studio Arts Capstone Practicum | This course is intended for students who have completed a significant portion of coursework in the Studio Arts AFA program and are within a semester of completion. It is a capstone experience in which students will refine their skills in portfolio building, artistic presentation in the professional arts world, resume building, critique skills, exhibition preparation, and use of web resources for artists' representation. Students will work closely with faculty to integrate concepts learned throughout their program into a final portfolio of work in preparation for continued study or work. Prerequisites: Art 1301, Art 1310, Art 1340, and Art 1401 |
| 00002257 | ART | 1170 | Advanced Photography | This course blends traditional and digital photography introducing a variety of both film based and digital technology to support creative and personal visual investigation. <br> Prerequisites: Art 1101 and/or Art 1160 |
| 00002282 | ART | 2810 | Publication Design | This course introduces the history and techniques of publication design and production and advances the student $j_{j} s$ skills in on-paper publication layout and page design. Concepts in multi-page media formats such as magazines and books are studied through lectures, presentations and studio projects. Printing technology is explored from design to production, as well as budgeting and the economics of book production. Through experimentation and group discussions, students will learn to conceptualize visual ideas and refine their design concepts professionally and appropriately for these media formats to produce Under Construction, an actual book. |

| 00187603 | ART | 1100 | Creative Cloud Essentials | An introduction to creating art, designing for print and audience interactivity using Adobe Creative Cloud and/or relevant digital tools from other developers. Students will learn how to use Photoshop, Illustrator, InDesign, and either Dreamweaver or other interactive design software to produce creative graphic projects intended for consumption on paper or screens. Students will learn to use Photoshop to improve digital photos and create original artwork, Illustrator to create original vector-based artwork, and InDesign for page layout and preparation of artwork for personal or commercial printing. They will learn how to use software to engage an audience with interactivity on a screen about a topic of choice. <br> This course is for: beginning artists, freelance artists, professional fine artists, graphic designers, writers, self-employed or small business owners, communication specialists, marketing specialists, and anyone with an interest in learning more about art, graphic design, and Adobe Creative Cloud. |
| 00188116 | ART | 2561 | Web Design I | This course explores the foundations of interactive design for the (worldwide) web. Using industry-relevant tools, students will learn the fundamentals of designing and building a website. Students will be introduced to the concepts of user interface (UI) design, user experience (UX), and front-end development. Experience with digital photography and image editing (Photoshop) is suggested. Students will demonstrate and incorporate the techniques and theories of web design in design projects, build websites incorporating appropriate file formats, file sizes, functionality, site plan and organizational concepts, develop skill in web design and proficiency using the tools of web design software in design projects, critically and competently evaluate and analyze web projects, creatively solve web design problems and work on a web portfolio. |

| 00000566 | BIOL | 1030 | Boundary Waters Canoe Area Field Biology | This is a lecture, lab, and field based course in which students will study the biological communities and ecology of the mixed coniferous/deciduous forests, lakes, and wetland ecosystems of the BWCA region. The course culminates with an eight to nine day long field trip to the area. This course is open to all students. |
| 00000957 | BIOL | 1230 | Medical Terminology I- Basics | This course is designed to introduce students to the Greek and Latin derivatives used to form medical terminology. Students will learn how to build and analyze medical terms. Emphasis will be placed on proper spelling, definition, usage, and pronunciation of medical terms. Other topics include: prefixes, suffixes, combining forms, introduction to basic biology, and introduction to body systems. |
| 00000958 | BIOL | 1231 | Medical Terminology II - Application | This course is a continuation of Biol 1230 Medical Terminology I Basic. The focus is on applying proper medical terminology in reading medical reports, case histories and using the medical dictionary. Prerequisite: Biol 1230 |
| 00001025 | BIOL | 1160 | Global Environment Field Biology | This course will introduce students to the ecology and environmental issues of various locations abroad, and present them within the context of the social, cultural and political conditions of that country or region. Students will examine how various cultures and societies approach ecological and environmental problems. The impact of globalization on these issues will be a major focus of the course. Students will travel to the country or region of study to examine first-hand the issues covered in the course. |
| 00001334 | BIOL | 1990 | Special Topics | This course will provide flexibility in offering an in-depth review of topics of immediate importance and topical interest. These topics will go beyond the introductory courses in examining specific aspects of the subject matter. |

| 00177838 | BIOL | 2360 | Genetics | We will examine the organization, storage, maintenance, transfer, and expression of genetic information. Molecular data and Mendelian principles will be applied to understand genetics at the molecular, cellular, organismal, and population levels. Skills of professional biologists will be practiced, such as reading primary literature, designing/carrying out experiments, and evaluating qualitative and quantitative data. Prerequisite: BIOL 1101 or BIOL 1001, BIOL 1102, and MATH 1150, with a C or better in each. Co-enrollment in BIOL 1102 can be considered with instructor permission. 3 hours lecture, 3 hours lab |
| 00179196 | BIOL | 2610 | General Ecology | We will examine the interrelationships of organisms and their environments, emphasizing the historic development of fundamental principles at the levels of individuals, population, community, and ecosystem through examination of theoretical and empirical findings. Skills of professional biologists will be practiced, such as reading primary literature, designing/carrying out experiments, and evaluating qualitative and quantitative data. Prerequisite: Prerequisite: BIOL 1102, and placement above MATH 1150 or successful completion of MATH 1150 or higher, with a C or better. |
| 00194265 | BIOL | 0186 | Microbiology - Iowa Lakes | Consortium Credit - Microbiology |
| 00000098 | BIT | 1100 | Field Inspection | This course provides a basic understanding of how to conduct field inspections under the IRC. Students will learn about building components and systems and how building code requirements are applied to these systems during construction. This course is intended for a student working toward a career in the construction industry as an inspector or as a project manager. <br> For BIT students it is recommended that BIT 1000 be completed before this course. |
| 00000100 | BIT | 1300 | Plan Review Non-Structural | This course is designed to give the experienced construction inspector an understanding of the more detailed requirements of the International Building Code. Topics covered will include standards referenced in the International Building Code, which are considered an extension of the code. Emphasis will be on commercial, industrial, and multi-story buildings. <br> For BIT students it is recommended that BIT 1100 be completed before taking this course. |

| 00000130 | BUS | 1430 | Financial Statement Analysis | This course provides students with an understanding of financial statements for decision-making about cash flow, capital project investments, and management of a business organization. The course provides a conceptual understanding of financial data reported in various financial statements and of ratio analysis that can be used as analytical tools to interpret and obtain an understanding of the business and financial health of corporations. In addition, students will carry out a comparison of two corporations involved in similar businesses. <br> Recommended: An accounting course or some knowledge of accounting. |
| 00000131 | BUS | 1440 | Personal Financial Planning | This course is designed for personal financial planning. The topics in the course include goal setting, financial aspects of career planning, budgeting, credit cards, debt and money management strategies, types of savings, retirement plans, investments and tax strategies, insurance, factors that affect the home and car buying versus leasing, fundamentals of investments and various investment options. In addition, basics of estate planning for a lifetime of creating wealth will also be covered. BUS 1400 recommended. |
| 00000132 | BUS | 1450 | Investments | This course is a practical introduction to investments for the individual investor. The course focuses on stocks, bonds, mutual funds, REITs, annuities and other investment alternatives. Emphasis is placed on how to determine the value of stocks and bonds. The course will impart knowledge of practical value to anyone interested in becoming actively involved in managing personal investments. The main goals of the course are to provide understanding of the essential features of various investment instruments, their risk-reward relationships, for whom and under what circumstances the instrument is appropriate and how the market operates for buying and selling the various investment instruments. |

| 00000153 | CIS | 1000 | Computer and Keyboarding Essentia | This is an introductory course to introduce students to the use of basic computer skills and to develop mastery of the computer keyboard. This course covers introductory information about computer hardware and software, working with drives, folders and files, and the use of the microcomputer as a productivity tool. <br> Students will learn to type the alphabet, number, and symbol key by touch. Emphasis is on the mastery and the development of speed and accuracy sufficient to make the computer a communication tool. Simple tables, memos, business letters, and reports are covered. Please contact your instructor for the version of software that will be used. <br> NOTE: No Credit will be given if you have previously completed CIS 1000 (Electronic Keyboarding). |
| 00000154 | CIS | 1101 | Business Computer Systems I | This course develops computer and digital literacy and emphasizes its importance in today's businesses and society. Through hands-on experience students will gain an understanding of computer concepts, capabilities and applications and be able to implement this knowledge in their professional and personal lives. Computer applications covered include word processing, spreadsheets, presentation graphics, databases, windows/operating system, e-mail use and management, folder and file organization and use of the Internet. Computer concepts covered include understanding computers and mobile devices, how a computer works, managing files, computer and mobile device hardware components, digital safety and security, application programs, input and output devices, digital storage options, ethical practices and Internet basics. Hands-on experience will be provided on computers in the Windows environment using the Microsoft Office Suite including Word, Excel, Access, and PowerPoint. Knowledge of the keyboard is recommended for this course. Check with your instructor for the software edition that will be used. |

| 00000155 | CIS | 1102 | Business Computer Systems II | Emphasis is on an in-depth understanding of the Microsoft Office Suite beyond the fundamentals of CIS 1101. Students will develop their skills with exercise-oriented learning by completing advanced training working with spreadsheets, word processing, presentation graphics, and relational databases. Students will complete an integrated application project incorporating several software applications into one final document. Computer concepts covered include communication networks, operating systems, the internet, database management, data security, computer careers, and background to become a productive, knowledgeable computer consumer and professional. Hands-on experience suitable for professional purposes or personal use will be provided on computers in the Windows environment using the advanced features of the Microsoft Office Suite including Word, Excel, Access, and PowerPoint. <br> If you believe you have computer experience that is equivalent to the prerequisites of this course, CIS 1101, please contact the instructor for permission to register for this class. <br> Check with your instructor for the software edition that will be used. |
| 00000156 | CIS | 1200 | Word Processing | This course introduces students to the word processing cycle and how word processing is used in the work place. This course is for anyone who needs to prepare their own business documents. Students will use the Microsoft Office Word application to create and edit business documents, enhance page layout, create tables, create reports, create columns, and create form letters and merge with a mailing list. Other topics covered include: styles, templates, mailing labels, drawing objects, graphics, and WordArt. After this course, the student would be prepared to take the Microsoft Office Certified Application Specialist Exam for Word. Knowledge of the keyboard is recommended for this course. Check with your instructor for the software edition that will be used. |

| :---: | :---: | :---: | :---: | :---: |
| 00000161 | CIS | 1310 | The Whole Internet | This course provides a comprehensive understanding of the Internet. This course is for anyone who wants to use the internet effectively, efficiently and safely, understand the uses of the Internet, create web pages and also increase their confidence and knowledge. Students will learn about the basic technology that supports the internet, effectively use e-mail and other types of communication, explore virtual communities and web tools, use search engines and directories to find information on the internet, evaluate the quality of web resources, locate software, explore ecommerce concepts, learn how to use the internet safely, manage common security threats and create web pages. Students will use e-mail, a class web site, and other web based tools to develop proficiency. The course explores current internet innovations. Previous exposure to the internet is not required. |
| 00000162 | CIS | 1400 | Windows/Operating Systems | This course introduces students to operating systems through hands on experience and covers the basic to advanced features of Windows. Topics will include safeguarding your personal computer, customizing your desktop, using online help, organizing and managing files, creating and customizing your shortcuts, implementing a backup strategy, optimizing disks, troubleshooting computer problems, evaluating system performance, installing and troubleshooting software and hardware, updating the Windows registry. Discussions will also cover other operating systems. <br> Knowledge of the keyboard is recommended for this course. |
| 00000163 | CIS | 1510 | Introduction to Computers and Basic Word Processing | This course introduces students to the personal computer and the Microsoft Office Word application. Students will develop an understanding of how a computer works and the basic hardware and software needed for computer processing. Microsoft Office Word will be used to develop basic word processing skills. Students will create, format, print and save documents and learn how to find files already saved. Hands on exercises will give the opportunity to apply concepts. Knowledge of the keyboard is recommended for this course. Check with your instructor for the software edition that will be used. |

| 00148369 | COMM | 1010 | Fundamentals of Public Speaking | This course provides instruction and practical experience in the basics of public speaking. This course has a performance component: students are expected to create and deliver informative, persuasive and other types of speeches. |
| 00148370 | COMM | 1110 | Principles of Interpersonal Communication | This introductory course looks at communication in one-to-one relationships in friendships, families, the workplace, and elsewhere. Students will be challenged to discover and assess their own communication strengths and weaknesses as they define and discuss what it means to be a competent interpersonal communicator. Course content includes both theory and practice (skill development). |
| 00148371 | COMM | 1210 | Small Group Communication | This course examines communication in small groups. Students will participate in and analyze how small groups function, how leadership roles evolve, how decisions are made and how conflicts can be resolved. Students will work in small groups, complete group projects, and analyze group interaction. |
| 00148374 | COMM | 1990 | Topics: | This course will provide flexibility in offering an in-depth review of topics of immediate importance and topical interest. These topics will go beyond the introductory courses in examining specific aspects of the subject matter. |

| 00160767 | CRD | 1010 | Job Searching Strategies | This course is designed to empower students with the skills and resources necessary to find a job. Current issues and trends in the workforce related to hiring and job opportunities will be evaluated. Students will explore the job search process and develop effective techniques in preparing a resume and cover letter. Students will also develop networking skills and interviewing techniques to prepare for the eventual job search. Note: No credit will be given for this course if student has completed ADEV/BUS 1010. |
| 00000175 | CSCI | 1000 | Computer Basics | The students will get hands-on experience with an operating environment (the current version of Microsoft Windows) and Windows-based applications which include spreadsheets, word processors and presentation packages. The course enables students to use computers to process information and communicate using e-mail and World Wide Web. |
| 00000177 | CSCI | 1020 | Beginning Web Page Programming | Students learn practical techniques and principles of Website authoring; create multimedia-enhanced commercial, entertainment or educational sites; and plan site maintenance, promotion and implementation of user feedback. Prerequisite: Some experience with Microsoft Windows |
| 00000178 | CSCI | 1030 | Programming for Internet | This course covers the practical aspects of a programming language used for development of advanced Internet applications which include: on-line animation and interactivity, feedback, and browser control enhancements. The actual language used (JavaScript, Perl, or Java) will be chosen by the instructor. The course also includes a brief introduction to advanced HTML and SCS, uploading the site to a Web server and promoting it. Prerequisite: CSci 1000 or 1010 or 1020 or CIS 1101 or 1102 |
| 00000181 | CSCI | 1120 | Programming in C/C++ | This course continues the study of the most popular computer languages. It covers the common procedural core of C and $\mathrm{C}++$ languages: data types, expressions, operators, functions, pointers, and arrays. The course also includes elements of object-oriented programming: classes and objects. <br> Prerequisite: CSci 1130 or CSci 1150 with a grade of "C" or better |

| 00002287 | CSCI | 1050 | Computer Security Basics | This class examines the issues surrounding computer security in today's highly technological world. The course is designed to provide an overview of security problems: technical issues and the principles associated with databases, networks, administrative controls, privacy, operating systems and programming. The knowledge gained from this course will allow programmers, instructional designers, information technology specialists and managers to better understand a variety of issues surrounding secure computing. It is preferred that students have proficient computer skills. |
| 00148516 | CSCI | 2400 | Objective-C for Mobile Programming | The course teaches Objective-C programming utilizing Xcode tools package. The course explores fundamental OOP concepts. Other topics include pointers, memory management and Automatic Reference Counting. The basic Foundation Framework classes will also be introduced. <br> After completing this course, the students will be able to write ObjectiveC programs suitable for mobile applications running on iPhones and iPads. <br> Prerequisite: CSci 1120 or 1150 or 2001 with grade A |
| 00148520 | CSCI | 2500 | Introduction to Mobile Programming in ios | The course teaches students how to write mobile applications for iOSbased devices, building on Objective-C fundamentals. The course will lead the students through the essential concepts, tools, and techniques for developing iOS applications. <br> After completing this course, the students will have the knowledge and skills needed to create applications for iPhones and iPads. <br> Prerequisite: CSci 2400 with minimum grade B |
| 00158022 | CSCI | 2100 | Introduction to Android Application Development | This course provides an introduction to developing Android applications, covering the core concepts, tools and techniques for designing, developing and releasing Android applications. By the end of the course, students will build an Android application and release it to the Google Play Store. <br> Prerequisite: CSci 2001 |

| 00186215 | CSCI | 2020 | Computer Architecture | As an introduction to computer organization and structure, this course includes beginning machine and assembly language programming. Topics to be covered include logic gates and Boolean algebra, basic elements of computing devices, basic components of a computer, data representation and number systems, micro operations, microprogramming, and input-output programming. |
| 00195976 | DSCI | 2001 | Data Science I | This course introduces students to the rapidly growing field of Data Science. Students will learn the concepts and tools used to analyze data sets and make informed business and/or research decisions. Students will use various software, including databases, to gather, organize and visualize data for analysis. |
| 00195977 | DSCI | 2002 | Data Science II | Provide students further exposure to the growing field of Data Science. Building upon the topics in Data Science I, students will learn about machine learning techniques, ways to deal with networked systems and extremely large data sets, and methods for improving the performance of computerized statistical models. |
| 00181521 | EAP | 0880 | Listening and Speaking Skill Development | This course will focus on developing your academic listening and speaking skills in English. During this semester you will work on building the note-taking, presentation, and discussion skills you will need to study successfully at the college level. <br> Prerequisite: Placement test scores |
| 00181522 | EAP | 1280 | Listening and Speaking for College Success | This class focuses on the development of note-taking skills through the presentation of college-success content material in the form of lectures and student presentations. You will research student success topics and make formal presentations to the class. The course also reviews tone, register, rhythm, stress, reduction and emphasis as critical elements in delivering a speech. <br> Prerequisite: Placement test scores or grade of "C" or better in EAP 0830, 0860, 0880, 0980. |
| 00181523 | EAP | 0960 | Academic Writing Skills Development | This course focuses on developing writing process skills and study of various rhetorical patterns. You will engage in concentrated practice to develop paragraphs through multiple drafts, working towards academic essays. You will also continue to strengthen your English language skills. Prerequisite: Placement test scores or grade of "C" or better in EAP 0860. |

| 00001328 | EDUC | 1280 | Diversity in Education | This course is designed to help current and future educators acquire the knowledge and skills needed to become effective practitioners in culturally, racially, and linguistically diverse classrooms and schools. Students will examine current and emerging research, concepts, and debates about the education of students from both genders and from different cultural, racial, ethnic, and language groups. As part of the course requirement, this course requires at least 10 hours of experience (e.g., service learning hours, volunteer hours, etc.) in the K-12 setting outside of class meeting time. |
| 00001330 | EDUC | 1210 | Introduction to Education | This course will familiarize students will the historical, philosophical, and social foundations of education. The course will be of particular interest to those students who are exploring teaching as a career or to those who currently work in classroom settings. The class is designed to provide glimpses into a variety of aspects of teaching, to promote discussion, and to encourage self-exploration. The major course topics will guide students in exploring the influences of history and society on teaching, learning, and schooling and how these influences impact what is done in classrooms today. As part of the course requirement, this course requires at least 10 hours of experience (e.g., service learning hours, volunteer hours, etc.) in the K-12 setting outside of class meeting time. |
| 00001394 | EDUC | 1350 | Foundations of Teaching Literacy | This course focuses on the literacy needs and development of today's children. The course provides background on how literacy develops and places emphasis on the stages of literacy development. It presents both the theories and strategies that are needed in order to fully understand emerging readers and writers and how learners can be empowered in today's classrooms to function competently as literate adults in the twenty first century. As part of the course requirement, this course requires at least 10 hours of experience (e.g., service learning hours, volunteer hours, etc.) in the K-12 setting outside of class meeting time. <br> Formerly Titled: Language and Learning |

| 00184526 | EEVS | 1160 | Global Environmental Field Geology | An introduction to environmental geology with emphasis on the impact that globalization has on the environments and on geologic resources of various regions of the world, including the United States. Students will examine the geologic development of a particular region and how various cultures and societies approach environmental and geologic resource management problems. Students will explore their own community for the presence of globalization and they will travel to the country or region of study to meet with environmental experts and to observe first-hand the issues covered in this course. |
| 00184527 | EEVS | 1170 | Minnesota Field Geological Series: Glacial Geology | Come explore the glacial geologic history of Minnesota! We will also examine its influence on some of the state $\dot{d}^{s}$ economic, environmental and political issues. Topics include: geologic time, plate tectonics, hydrologic cycle, rock cycle, rock classification and identification, formation, climate change and destruction of continental ice sheets, sedimentary processes, recognition of erosional and depositional glacial landforms, and topographic map usage. This course is a field experience including observations, hypothesis, predictions, and evaluation of scientific data and results. Three-day field trip around Minnesota is mandatory. |
| 00184529 | EEVS | 1180 | Minnesota Field Geology Series: Caves, Karst and Ancient Seaways | Come explore Minnesota's caves and ancient ocean floors! This course will examine the hydrogeologic processes involved in cave formation and the development of karst topography. In addition, we will evaluate the evidence of ancient oceans in Minnesota using the sedimentary and fossil record. Additional topics include: plate tectonics, geologic time, hydrologic cycle, rock, mineral and fossil identification, weathering and erosion, sealevel change, marine sedimentary processes. This course is a field experience including observations, hypothesis, predictions, and evaluation of scientific data and results. Three-day field trip around <br> Minnesota is mandatory. Course is open to all students. |

| 00184535 | EEVS | 1200 | Oceanography | This course is an interdisciplinary survey of the biological, chemical, physical and geologic processes at work in the world $\mathrm{j}_{\mathrm{s}}$ oceans. Learners will practice making observations, forming scientific questions and posing hypotheses as they explore the interplay between these processes and the implications of these interactions for life on Earth, the Earth $i_{i} s$ climate and marine environments. Topics may include waves, tides, seafloor sediments, marine biology, seawater chemistry, plate tectonics, ocean currents, El niño, productivity and dead zones, sea level change, coastal processes and effects of man ${ }_{6}$ s influence on oceans. |
| 00184536 | EEVS | 1990 | Earth and Environmental Science: Special Topics | This course will provide flexibility in offering an in-depth review of topics of immediate importance and topical interest. These topics will go beyond the introductory courses in examining specific aspects of the subject matter. |
| 00000204 | ENGL | 1940 | Technical Writing | This course further develops writing skills as applied to technical subjects for a specialized or lay audience. Credit does not apply to the 40 MnTC credits required in the A.A. degree except in programs where students are permitted to substitute English 1940 for English 1112 or 1202. <br> Prerequisite: Engl 1200 or Engl 1201 |
| 00000205 | ENGL | 1960 | Writing Workshop | This course is designed for people interested in more intensive work with creative writing projects. The emphasis could range from poetry to story or nonfiction writing. |
| 00000206 | ENGL | 2270 | Modern American Literature | This course will introduce students to selected American writers of the twentieth and/or twenty-first centuries and their works. The course may be organized either by historic periods or topically. <br> Prerequisite: Engl 1200 or 1201 |
| 00000208 | ENGL | 2350 | Women and Literature | This course explores women as characters in and writers of literature, including fiction, non-fiction, drama and poetry. The course may also address issues of historical context, gender, class and race as a way of understanding women in literature. |
| 00000209 | ENGL | 2360 | Global Literary Perspectives | Students will interpret world literature and film (either in translation or originally written in English) that present culturally diverse voices and viewpoints. Special attention will be given to colonial and postcolonial literatures that reflect the immigrant communities of Twin Cities college campuses, such as Egyptian, Finnish, Ethiopian, Hmong, Icelandic, Iranian, Korean, Liberian, Mexican, Norwegian, Russian, Somali, Swedish, and Vietnamese. Prerequisite: Placement into Engl 1200 or Engl 1201 |

| Curric Id | Subj | Cou Nbr | Title | Cou Desc |

| 00000210 | ENGL | 2370 | African American Literature | This course introduces the student to the writings of African-Americans from the colonial period to the present and explores the contributions of these writers to American culture, letters, and life. The course may be organized either by historic periods or topically. |
| 00000211 | ENGL | 2380 | American Indian Literature | This course introduces the students to North American Native American Literature. Readings may include fiction, non-fiction, poetry, songs, mythology, and film from traditional and contemporary authors. Special attention may be given to Native American authors with Minnesota connections, such as Louise Erdrich, David Treuer, and Susan Power. |
| 00000212 | ENGL | 2450 | Survey of American Literature I | This course will provide students with a chronological overview of American literature, including major writers, literary developments (e.g. sentimentalism, gothic fiction, romanticism, transcendentalism) and key historical and social contexts, from the pre-colonial period to 1860. Prerequisite: Engl 1200 or Engl 1201 |
| 00000213 | ENGL | 2460 | Survey of American Literature II | This course will provide students with a chronological overview of American literature, including major writers, literary movements (e.g. local color, realism, naturalism, modernism, and post-modernism) and social and historical contexts, from 1860 to the present. |
| 00000214 | ENGL | 2550 | Survey of British Literature I | This course covers the literature of Great Britain with its historical background from its beginnings to 1785 . Chaucer, Shakespeare, Milton, Donne, and Swift, among others, are studied in this course. Prerequisite: Engl 1200 or Engl 1201 with coursework in literature strongly recommended. |
| 00000215 | ENGL | 2560 | Survey of British Literature II | This course covers the literature of Great Britain with its historical background from 1785 through the 20th century. The literature of the Romantic, Victorian, and Modern periods are studied in this course. Prerequisite: Engl 1200 or Engl 1201 with coursework in literature strongly recommended |
| 00000216 | ENGL | 2580 | Shakespeare's Plays | This course studies some of the major plays of William Shakespeare (which may include histories, comedies, tragedies, and romances), analyzing the plays from the standpoint of literary interpretation, focusing on poetic style and literary techniques. |

| 00159256 | ENGL | 2300 | Children's Literature | In this course, students will have the pleasure of reading, discussing and evaluating children's literature ranging from the picture book to the young adult novel. Students will explore the history of children's literature, critical responses to it and its specific role for children and adults. Students will examine works from the genre that might include picture books, chapter books, folktales, fantasy, realistic fiction, historical fiction, poetry and nonfiction with an emphasis on how the genre and its themes have evolved over time, paying particular attention to how those themes address the role of children in society. This course will appeal to students, parents and educators. <br> Prerequisite: Assessment score placement in Adev 0951 or above, ENGL 0950 or above, or ESOL 1230 or above. Recommendation: Completion of ENGL 1201 with a grade of "C" or higher. |
| 00165340 | ENGL | 0990 | Gateway Composition | This composition course is for students who need a more intensive review of standard American written English (grammar, punctuation, and sentence structure) than English 1201 alone provides. The course also introduces the processes and strategies of essay writing from first thoughts through revision to the final, edited college-level essay. <br> Prerequisite: College required assessment for placement OR prior successful completion of English 0900 |
| 00165351 | ENGL | 1200 | Gateway College Writing | This class provides extended practice in critical reading, writing, and thinking skills. Students will develop an effective writing process and work to achieve college-level competence in reading and responding to texts, visuals, events, and ideas in a variety of written formats, with an emphasis on the academic essay. Audience awareness, interpretation and analysis, logical reasoning, and persuasive and argumentative skills will be developed. MLA style documentation of primary sources will be included. |
| 00179620 | ENGL | 2400 | Utopian/Dystopian Literature | This course introduces students to the literature of utopias and dystopias, literary works about imaginary places, whose intention is to explore alternative models of political, cultural, and societal structures. Utopian/dystopian literatures seek to challenge existing ideas about governments, social communities, and constructions of human identity, but they also offer new, sometimes radical and transformative ideas regarding the reformation of existing human societies. |

| 00169566 | EXSC | 1451 | Beginning Tennis | This is a class for those who have never played tennis or have played very little. Instruction and practice in fundamental skills of tennis - forehand, backhand, serve, and volley - are studied through drills and game play. Rules, terminology, and strategy are included. Students are expected to furnish tennis rackets and tennis balls. |
| 00169567 | EXSC | 1510 | Coaching and Management | This course develops skills in areas of coaching and management of sports. Topics include theories of coaching, competency levels, teaching techniques, training, equipment purchasing and inventory, facility management, public relations, fundraising, and legal issues relating to sport. Students will gain the knowledge necessary to coach and/or manage sports at the high school, collegiate and/or recreational levels. |
| 00169568 | EXSC | 1430 | Tai Chi Chih | Tai Chi Chih consists of twenty simple, repetitive, non-strenuous, pleasant movements which involve no physical contact, but rather emphasize a soft flowing continuity of motion. Tai Chi Chih can be performed by anyone, regardless of age or physical condition, and the substantial benefits of the practice are surprisingly easy to realize with regular practice. |
| 00169569 | EXSC | 1800 | Aerobics | This course provides instruction and practice in a physical fitness program which involves a series of vigorous movements. Music is utilized with a combination of dancing, jogging, and jumping. This course may be repeated for credit. Good general health is recommended. |
| 00169570 | EXSC | 1810 | Step Aerobics | This course provides instruction and practice in a physical fitness program which involves a series of vigorous stepping movements. Music is utilized with a combination of a stepping apparatus and an extensive upper body workout to raise the heart rate to within the exercise heart rate zone. This course may be repeated for credit. Good general health is recommended. |
| 00169571 | EXSC | 1830 | Social Dance | This course includes instruction and practice in basic ballroom dance technique, including dance positions and posture, basic step patterns, rhythm, and styles. |
| 00169572 | EXSC | 1730 | Conditioning for Rocky Mountain Backpacking | A combination strength and aerobic conditioning program designed to help students enrolled in the Wilderness Backpacking package adapt to altitude and climate conditions they will experience on the trip. Students are required to have a physical exam prior to the trip, and should be in moderate to excellent physical condition. <br> NOTE: Participants must provide a physical examination by a physician to clear them for conditioning, and the eventual trip. |

| 00169580 | EXSC | 1130 | Leisure Time Games | Introduction and participation in selected individual and team games of a recreational nature are the core of this course. Rules and techniques are included in this course. |
| 00169581 | EXSC | 1440 | Karate | This course will enable the student to obtain a basic knowledge or appreciation of self-defense and the martial arts, specifically the Soo Bahk Do style of martial arts. Students will learn to execute basic selfdefense techniques, increase their flexibility, and improve their mental focus. Soo Bahk Do has been taught on campus since 1978 and was one of the "pioneer" arts introduced in Minnesota in the 1960's. Upon completion of the curriculum, the student will be eligible to test for rank recognized by the United State Soo Bahk Do Federation at an additional fee and can continue their training at a local studio. <br> All skill levels welcomed.This course will also utilize kicking pads and re breakable boards for some of the kicking and punching techniques. |
| 00169582 | EXSC | 1452 | Intermediate Tennis | This course is for people who have had beginning tennis lessons and reviews the basic skills of forehand, backhand, volley, and serve through drills and game play. Use of these basic skills in game situations will be emphasized. Rules, scoring, and terminology will be reviewed. Lob and smash will be introduced into play. A more thorough knowledge of tennis strategy will be developed through drills and game play. Students are expected to furnish tennis rackets and tennis balls. |
| 00169583 | EXSC | 1500 | Foundations of Exercise Science | This course is an introduction to the study of exercise science. The course includes the presentation of historical information and philosophical foundations the exercise science field. Students will investigate a major or minor in exercise science, areas of concentration, and related certifications within the field. The purpose of the class is to acquaint students with prospective career paths within the exercise science field and introduce them to professional organizations which provide certification and career enrichment opportunities. |
| 00169584 | EXSC | 1600 | Downhill Sports | This course offers students the ability to choose between Snowboarding and Alpine Skiing. It is intended to either introduce students to snowboarding/skiing and/or develop their current skill level. Using the American Teaching System (ATS), classes are split into 9 skill levels, beginning through advanced. |

| 00169605 | EXSC | 1752 | Yoga II | The focus of Yoga II will be on the physical and mental dimensions. Advanced postures and breathing techniques will be introduced and practiced. A variety of yoga styles will be practice (Hatha yoga, Power yoga, and Iyengar Yoga). Journaling is an integral part of this course. |
| 00169607 | EXSC | 1630 | Wilderness Navigation | This course provides skill, instruction, and experience related to the use of map and compass for off-trail wilderness navigation and problem solving. Navigation techniques will be taught and advanced through practical application. This course concludes with a weekend trip. |
| 00169608 | EXSC | 1640 | Outdoor Activity Sampler | This course provides skill, instruction, and experience related to numerous outdoor activities. Activities may include any or all of the following: canoeing, kayaking, orienteering, rock climbing, adventure ropes course, hiking, camping, natures edibles, and/or outdoor cooking. Students are exposed to a variety of skills so they have the opportunity to pursue interests beyond this course and throughout their lives. This course concludes with a weekend trip. |
| 00169609 | EXSC | 1610 | Winter Skills | This course introduces the skills, techniques, equipment, and ethics of winter wilderness-oriented skills, such as winter camping, snow shoeing, and cross country skiing. This course provides a variety of exposure to skills so that students may pursue interests beyond this course. This course concludes with a weekend trip. |
| 00169610 | EXSC | 1850 | Yoga Core | The yoga core class focuses on core stability and strength. Yoga postures that emphasize core strength will be focused on. The use of medicine balls, stability balls and bosu balls will be used to isolate the basic muscles of the core/torso/back. |

| 00187542 | EXSC | 1520 | Elementary Methods and Movement in Physical Education | This course is an exploration of the various types of body movements. It includes loco-motor movements, spatial elements, tumbling skills, rhythmic movements, as well as paired and group cooperative activities. It will incorporate developmental skills and low ropes activities. In addition, the course introduces cultural, folk, line, social, and square dance. Students will explore dances of other cultures and present a dance to the class along with a brief cultural history. Students will incorporate skills learned in the classroom to use in the local elementary or preschools as they lead activities on a weekly basis. |
| 00189607 | EXSC | 1470 | Bicycling | This course is designed to examine outdoor bicycling for both leisure and exercise. It will introduce students to basic bicycling skills, maintenance, and safety. An emphasis will be placed on increasing cardiovascular endurance as well as bicycling as a lifetime activity. <br> NOTE: Students will be expected to participate in bicycling (outdoor) each week, and will be required to log daily rides through the Polar Beat smart phone app. Access to a bicycle, helmet, and heart rate monitor are required for this course. |
| 00189676 | EXSC | 1410 | Jogging/Running | This course is designed to examine jogging/running as a means of improving cardiovascular fitness and promoting it as a lifelong activity. The American College of Sports Medicines (ACSM) physical activity guidelines will provide a framework for class requirements as well as aid in developing fitness goals that emphasize cardiovascular health. <br> NOTE: Students will be expected to participate in running/jogging every week, and should be able to physically handle the nature of the activity |
| 00189678 | EXSC | 1460 | Fitness Walking | This course is designed to examine walking as a means of improving fitness and promoting it as a lifelong activity. The American College of Sports Medicines (ACSM) physical activity guidelines will provide a framework for class requirements as well as aid in developing fitness goals that emphasize cardiovascular health. <br> NOTE: Students will be expected to participate in fitness walking, and will be required to log daily walks through the Polar Beat smart phone app/website. |

|  | GCST | 1212 | The History, Philosophy and Practice of Traditional Aikido II | This course is a continuation of the interdisciplinary exploration of the Japanese martial art Aikido through mental and physical practice. It will include further study of Aikidos unique history, philosophy, and the next level of techniques, integrating what is learned into everyday living to strengthen mind and body, appreciate nature, respect others, build positive relations, and contribute to society. <br> Definition: Aikido is a traditional Japanese martial art. Its system includes hand-to-hand, sword, and staff techniques. Aikido principles are based on harmonizing mind and body with a partners attack. People of all ages, sizes, and abilities can practice it. There are no tournaments or competitions. Its purpose is to build health, respect and responsibility through mental and physical discipline. <br> Note: Aikido is a hands-on martial art and will be instructed and conducted authentically; therefore, bowing, physical contact, and training with the opposite gender are absolute requirements of this course. Additionally, this course is an elective course in Interdisciplinary Studies fulfilling the MnTC Goal Areas $8 \& 9$. It will not count toward any HEALTH OR PE requirements. |

| 00191916 | GCST | 2410 | US Latinx and Latin American Literature | This course will introduce students to the genres, traditions, and themes that characterize Latinx literatures. Emphasis will be placed on the distinctions and similarities that have shaped the experiences and the cultural imagination among different Latinx communities in the U.S. and throughout Latin America. Genres include, but are not limited to, poetry, fiction, nonfiction, and film. |
| 00193678 | GCST | 1964 | African American Civil Rights Immersion Experience | This course will focus on the African American culture and the Civil Rights Movement through four themes: fragmentation, exclusion, resistance, and community. Particular attention will be given to the diversity of African diasporas within the United States. The African American Civil Rights Immersion Experience is designed to provide an up-close immersive experience of some of the events, places, people and systems throughout the United States that have helped shape and define contemporary African American theories. This course will be framed within the civil rights movement, including its social organization, customs and traditions, religion, and its arts and literature. The course challenges students to utilize and address issues such as political power, economic systems, racism, and activism. This course includes in-class participation and an off campus expedition to historical civil rights sites in the United States. <br> **Students must receive approval through the Diversity and Equity office prior to registering for the course** |
| 00193720 | GCST | 1503 | Masculinities | This course offers students the opportunity to examine masculinity from a feminist perspective. We will consider masculinity in terms of political, historical, and social influences. How do boys become men in the United States? We will address issues such as male aggression and violence, homophobia and male roles in western society (father, brother, husband, son, etc.) |
| 00193743 | GCST | 1502 | Human Trafficking | This course will explore human trafficking within the context of social justice, human rights, and feminist perspectives. We will analyze the behavior of traffickers and the ways this crime affects our global economy. We will examine criminal justice, vulnerabilities of victims and types of trafficking and how communities are responding to this activity. Students will gain an overall understanding of modern-day slavery and the issues we face regarding this crime. |

| 00001637 | HIST | 2900 | Applied History | This course is a writing-intensive research methods course that incorporates a service-learning component. Students will learn how to use and interpret various historical sources, such as archival material, oral history, photographs and video. Students will also learn how to use and interpret secondary source materials. The goal of the course is for the students to produce a publishable-quality research paper on a topic related to local history, with an emphasis on the relationship between local history and larger historical developments at the state, national, and/or global level. Prerequisite: Any 1000 level history class; English 1201-1202 Sequence |
| 00001638 | HIST | 2500 | World Regional History | Each semester this course is devoted to the history of a specific world region, and the region will change from semester to semester. The goal is to provide the student with the opportunity for an in-depth study of specific societies and specific cultures from around the world. The course may be repeated for credit under a different subtitle as the subject matter changes. |
| 00001964 | HIST | 1140 | History of the Ancient West | This course examines the origins and development of civilizations surrounding the Mediterranean, such as the Egyptians, Hittites, Greeks, and Romans, during the ancient period, from about 3000 BC through about AD 300. The course will explore the contact between the various ancient civilizations, and will seek to understand both the tendency toward empire-creation in the ancient world, and the proclivity of those empires to collapse. Students are expected to gain a working knowledge of the history of the period, as well as begin to develop the skills necessary to analyze documents as historical evidence, and to present a historical argument. |
| 00002007 | HIST | 2600 | Intellectual History | This course will examine cultural, religious, artistic, and scientific ideas in their historical contexts, explore arguments regarding the manner in which particular ideas both reflect and create the values of their own time, and investigate the manner in which certain ideas are viewed retrospectively from various subsequent historical periods. The class will read a variety of intellectual and imaginative works that will illustrate the process by which ideas are transmitted historically, and specific ideas considered will include but will not be limited to fundamentalism, nationalism, romanticism, and totalitarianism. |

| 00001338 | HLTH | 1050 | Stress Management | Stress is one of the most commonly referred to, but least understood, of all health problems. This class is designed to examine the differences between stress and personal challenges with an emphasis on the importance of the role of perception in distinguishing between the two. This course will also examine the many common sources of stress for most people and practice strategies for managing these stressors. The students will also discover how to control their stress instead of letting their stress control them. |
| 00001352 | HLTH | 1030 | Personal and Community Health | Personal and Community Health addresses itself to the needs and issues of the individual as related to current health matters in today's society. Our life style and modern society both contribute and detract from the holistic health concept. This class will assist the student in developing a plan for achieving and maintaining his/her personal health. |
| 00001353 | HLTH | 1060 | Drugs and Health | This course examines how drugs will relate with and affect holistic health, with a focus on the physiological, sociological and psychological effects these drugs may have on an individual and their relationships. The emphasis of this course is on the basic tools and information needed to understand and interact with individuals who may have problems with chemicals. It is designed to provide current information regarding the various drugs in society today. |
| 00001354 | HLTH | 1070 | Nutrition | This course is designed to introduce the student to the fundamental truths of nutrition principles, health promotion and disease prevention throughout life. Topics include, in part, the study of carbohydrates, fats, protein, vitamins, and minerals and their function and role in healthy living. It will provide introductory nutritional information for career paths in nursing and other similar fields of study. |
| 00001355 | HLTH | 1080 | Consumer Health | This course examines current consumer health issues in society. Class content will include the examination of health care products, the food and drug industry, and our ability to create a safe living environment. This course will also include plans of action that we, as a society, can take to become better health consumers. |
| 00001357 | HLTH | 1990 | Topic: | This course will provide flexibility in offering an in-depth review of topics of immediate importance and topical interest. These topics will go beyond the introductory courses in examining specific aspects of the subject matter. |

| :---: | :---: | :---: | :---: | :---: |
| 00001433 | HLTH | 1100 | Responding to Emergencies: First Aid | This course is designed to provide students with basic First Aid. Students will learn basic knowledge of body functions, skills, and techniques to correctly and appropriately manage emergency care. At the close of the semester, a successful student will receive the current certification for community CPR, AED, and First Aid. |
| 00001434 | HLTH | 1250 | Wellness for Life | This course is designed to investigate the implications of exercise, diet, nutrition, stress, and physical activity in the total health of the individual. EXSC 1250 and HLTH 1250 are the same: credit may not be earned for both. (2 hrs lecture, 2 hrs lab) |
| 00001508 | HLTH | 1900 | Healthy Sexuality | Healthy Sexuality will examine how the dimensions of wellness-physical, intellectual, emotional, social, spiritual, environmental and occupational-- influence our sexual health. It is also the intention of this class to show how healthy expressions of sexuality can improve one's overall wellness. |
| 00165241 | HLTH | 1600 | Emergency Medical Responder | The course provides training in emergency medical care for persons who are apt to be responding to accidents. The course emphasizes the development of skills in patient assessment and emergency medical procedures. The goal is to prepare you for work in the emergency medical arena as a first responder. The course will provide you with the information needed to make competent decisions regarding medical and trauma patients. |
| 00168540 | HLTH | 1040 | Current Health Issues and Human Behavior | Current Health Issues and Human Behavior is a course which will examine how biological, psychological, and social factors work together to explain health and illness. This course will focus on current health models, such as the biopsychosocial model, that help explain why some people become ill and others do not. This class has an integrative health approach in treating the whole person who may have disease and illness caused by genetic factors and/or environmental factors. Another very important aspect of this course will be to interpret and discuss the various theories of change in human behavior and how they relate to health. After participating and completing coursework, students should understand the (positive and negative) contributing roles that psychological and social factors have on biological processes in the body. |
| 00172233 | HLTH | 2060 | Concepts of Addiction | This course discusses chemical use, misuse, abuse, and dependence. The focus of this class is the role of biopsychosocial factors in the development and progression of addiction. The content of this class will also include information regarding intervention, assessment, and treatment. |

| Curric Id | Subj | Cou Nbr | Title |  | Cou Desc <br> This course examines the historical context of global health and emerging <br> global health priorities, including infectious diseases, poverty, health <br> inequity, health care systems and major global initiatives for disease <br> prevention and health promotion. |

| 00001552 | HTN | 2150 | Special Procedures | Lectures and labs will build on skills learned and practiced in Histotechnique I and II. Reprocessing specimens for better results will be practiced with the use of simulated labs to emphasize organization and teamwork. Specialized procedures will be introduced including cryotomy, immuno-histochemistry, and cytology preparation. <br> Prerequisites: Concurrent with HTN 2003 |
| 00001553 | HTN | 2200 | Histo-Anatomy | This course focuses on the description of microstructures of human organs and on cellular components of specific organs. Microscopic identification of these cellular components will be practiced. Prerequisites: Biol 2111 and Biol 2112 |
| 00001554 | HTN | 2300 | Histology Clinical Experience | This course gives students clinical experience necessary to develop entrylevel technical skills in all aspects of the histology laboratory under the supervision of certified histotechnicians, histotechnologists, and pathologists. Emphasis will also be placed on acquiring effective team skills and preparation for the practical component of the certification exam. <br> Prerequisites: Successful completion of all program-required general education and histotechnology courses |
| 00159300 | INTD | 2260 | Environmental Education Seminar and Internship | This course serves as the capstone course for the Environmental Education Certificate program. It is offered to qualified students, allowing them to gain personal and practical experience in various areas of the environmental education field. Internships include but are not limited to working in environmental laboratories, natural resources conservation, restoration of natural areas, and local park districts or outdoor non-profits. This course is designed to ready the student for transition from the classroom to the work place through 150 hours of internship/practical work experience at an approved host site. This course will measure the students learning and mastery of the programs goals and objectives. <br> Prerequisite: Instructor Consent Only |

| 00000287 | MATH | 0800 | Pre-Algebra | The focus of this course is preparing students for the algebra sequence. Application of topics should be emphasized. Topics covered include: performing operations with integers, fractions, \& decimals; solving application problems involving integers, fractions, \& decimals; performing basic algebra skills including identifying algebraic components, combining like terms, \& using the distributive property; \& introduction to percents. Credit does not apply to a degree. <br> Prerequisite: Placement Test |
| 00000288 | MATH | 0901 | Introduction to Algebra | This course assumes only that the student have a working knowledge of operations with real numbers and pre-algebra. Topics include solving and graphing linear equations and inequalities, integer exponents, polynomial algebra, polynomial factoring, proportional reasoning (rates, ratios, proportions, and percents), units and unit/dimensional analysis (including the metric system), geometry of two and three-dimensional figures. This course emphasizes applications for all topics and the acquisition of byhand skill. Credit does not apply to a degree. <br> Prerequisite: Placement Test or successful completion of Math 0800. |
| 00000289 | MATH | 0902 | Intermediate Algebra | Topics include introduction to functions, rational expressions and equations, radicals and rational exponents, quadratic equations and inequalities, absolute value equations, and systems of linear equations. This course emphasizes applications for all topics and the acquisition of by-hand skill. Credit does not apply to a degree. Pre-requisite: Placement test or successful completion of Math 0901 with a "C" or better. |

| :---: | :---: | :---: | :---: | :---: |
| 00000291 | MATH | 1010 | Survey of Mathematics | Designed for the liberal arts student, this course explores the diversity of math and is focused on developing quantitative skill and reasoning ability. Topics are chosen by the instructor and may include but are not limited to: logic, problem solving, and data analysis, mathematics of social choice, geometry, financial mathematics, infinity, topology, and probability. <br> Prerequisites: College math placement level or successful completion of Math 0900 or 0902 or 0980 or 1031 or 1130 or 1140 with grade of " C " or better. <br> Please Note: If you have taken a 1000 level Math Course (or higher) from another institution, and have submitted your official transcript, please contact the Records and Registration Department in order to register for this course. |
| 00000292 | MATH | 1031 | Math for Elementary Education I | This is the first of a two-course sequence designed for prospective elementary education majors. Students will develop a deep understanding of elementary mathematics and the ability to effectively communicate mathematical ideas. The course focuses on heuristics for mathematical problem solving in the contexts of place value and number systems; operations with whole numbers, integers, fractions, and decimals; and rates, ratios, proportions, and percentages. Prerequisites: College math placement level or successful completion of Math 0900 or 0902 or 0980 or 1010 or 1130 or 1140 with a grade of " C " or better. <br> Please Note: If you have taken a 1000 level Math Course (or higher) from another institution, and have submitted your official transcript, please contact the Records and Registration Department in order to register for this course. |
| 00000293 | MATH | 1032 | Math for Elementary Education II | This is the second of a two-course sequence designed for prospective elementary education majors. Students will develop a deep understanding of elementary mathematics and the ability to effectively communicate mathematical ideas. The course focuses on heuristics for mathematical problem solving and reasoning in the contexts of geometry, measurement, probability, and statistics. Prerequisites: Successful completion of Math 1031 with grade of "C" or better. |

| 00000298 | MATH | 1150 | College Algebra | This college-level course continues the study of algebra conducted in the developmental algebra courses. Topics include polynomial, rational, inverse, exponential, and logarithmic functions and their applications. Additional topics include systems of non-linear equations, systems of linear equations, and matrices. <br> Prerequisites: College math placement level or successful completion of Math 0970 or 0980 with grade of " C " or better |
| 00000301 | MATH | 1200 | Calculus Survey | This course in differential and integral calculus is designed for those students who require only one semester of calculus. The emphasis is on methods and applications of calculus rather than on theory, with the applications primarily from business. Students who wish to take more than one semester of calculus should enroll in Math 1221. <br> Prerequisites: College math placement level or successful completion of Math 1150 or Math 1180 with grade of " C " or better |
| 00000302 | MATH | 1221 | Calculus I | This course is a thorough treatment of differentiation and an introduction to integration. Topics include the definition of derivative, limits and continuity, differentiation, applications of the derivative, definite and indefinite integrals, the Fundamental Theorem of Calculus, techniques of integration, and applications of integration. <br> Prerequisites: College math placement level or successful completion of Math 1170 or Math 1180 with grade of " C " or better |
| 00000303 | MATH | 1222 | Calculus II | This course continues the study of the definite and indefinite integrals and leads to a study of improper integrals and infinite series. Topics include advanced techniques of anti-differentiation, numerical integration techniques and error bounding, applications of the integral, improper integrals, an introduction to differential equations, infinite series, parametric equations, and polar coordinates. <br> Prerequisites: Successful completion of Math 1221 with grade of "C" or better |
| 00000304 | MATH | 2010 | Probability and Statistics | This is a calculus-based first course in the study of probability and statistics. Topics include descriptive statistics, general probability theory, random variables, sampling distributions, estimation, and hypothesis testing. Additional topics may include two-sample inference, linear regression, analysis of categorical data, analysis of variance, and quality and reliability. <br> Prerequisite: Math 1222 with grade of " C " or better |

| Curric Id | Subj | Cou Nbr | Title |  | Cou Desc |

| 00002148 | MATH | 0700 | Basic Mathematics | This course focuses on developing number sense and by-hand operation skills on whole numbers: addition, subtraction, multiplication, and division. Other topics include place-value and order, rounding and estimation, fraction number sense, order of operations, and straightforward one-step application problems. Optional topics may include geometry, simplifying fractions, the four operations with fractions, and number sense regarding decimals. Credit does not apply to a degree. This course is graded on a pass/no credit basis. Students needing work with the four operations on whole numbers should take this course before taking Math 0800 . |
| 00002300 | MATH | 0980 | Pre College Algebra | This course is a thorough treatment of the algebra necessary for success in college-level math classes and is a prerequisite for Math 1150, Math 1140, Math 1130, Math 1010, and Math 1031. A student who earns an A in this class can also petition for permission to use it as a prerequisite for Math 1180. Topics covered include solving linear equations and inequalities, graphing linear equations, integer and rational exponents, radicals, complex numbers, polynomial algebra, polynomial factoring, rational expression algebra, introduction to functions and graphs of functions, quadratic equations and inequalities, graphing quadratic equations, and systems of linear equations. Additional topics may include exponential and logarithmic functions and their graphs. This course emphasizes applications of all topics and the acquisition of by-hand skill. Credit does not apply to a degree. <br> Prerequisite: Placement Test or or successful completion of Math 0901 with grade of "C" or better |
| 00154700 | MATH | 0990 | Statway Statistics I | This is the first course in a two-course sequence. Students in this course are required to take the following course, Math 1090 in the following semester. Topics for both courses include concepts and methods of statistics with an emphasis on data analysis. Topics include methods for collecting data, graphical and numerical descriptive statistics, correlation, simple linear regression, basic concepts of probability, confidence intervals and hypothesis tests for means and proportions, and chi-square tests. Prerequisite: Math 0800 or Placement Test |

| Curric Id | Subj | Cou Nbr | Title |  | Cou Desc |
| :--- | :--- | :--- | :--- | :--- | :--- |
| 0 |  |  |  |  | This is the second course in a two-course sequence. Students in this <br> course are required to have taken the preceding course, Math 0990 in the <br> previous semester. Topics for both courses include concepts and methods <br> of statistics with an emphasis on data analysis. Topics include methods <br> for collecting data, graphical and numerical descriptive statistics, <br> correlation, simple linear regression, basic concepts of probability, <br> confidence intervals and hypothesis tests for means and proportions, and <br> chi-square tests. |

| :---: | :---: | :---: | :---: | :---: |
| 00174957 | MATH | 0801 | Math Foundations | This is a skills based course meant to prepare students for Math 0900, Mathematical Literacy. Students will improve their number sense and byhand operation skills with whole numbers, fractions, mixed numbers, and decimals. Other topics will include place-value and order, rounding and estimation, and order of operations, all with a focus on fractions and decimals. Credit does not apply to a degree. <br> Prerequisite: Placement Exam |
| 00179661 | MATH | 1210 | Applied Statistics | This course provides students with practical statistical tools for analyzing a variety of data. Students will learn how to choose which statistical test to implement, how to apply computer software to conduct tests, and how to interpret the statistical results. Topics include discussion of frequency distributions, measures of central tendency and variation, exploratory data analysis, probability, hypothesis testing and inferences about proportions and means (one and two populations), analysis of variance, correlation, linear regression, and nonparametric statistics. Prerequisites: College math placement above Math 1150 or successful completion of Math 1150 or higher with grade of " C " or better. |
| 00180828 | MATH | 0900 | Mathematical Literacy | In this course, students will develop the necessary mathematical reasoning skills to succeed in a wide variety of college-level courses, including Math 1010, 1031, 1130, 1140 and other courses outside the math department. Students will solve realistic, interesting problems incorporating numeracy, proportional reasoning, algebraic reasoning, and functions. Students will be expected to use mathematical terminology appropriately in written communication. <br> Additional coursework may be required for students pursuing a STEM degree. <br> Prerequisites: Placement test or successful completion of Math 0800 or Math 0801 |

| 00182274 | MUSC | 1171 | Community Jazz Ensemble | This course is an instrumental performance ensemble that plays a variety of jazz literature. Enrollment is open to all students who are able to read written musical notation for their instrument. Ensemble is open to all students. Students should provide their own instrument. This group meets once per week. |
| 00182300 | MUSC | 1161 | Community Band | This course is an instrumental performance ensemble that plays a variety of musical literature. Enrollment is open to all students who are able to minimally play their instrument at a High School level. The ensemble is open to all students who meet this criterion. Students should provide their own instrument. Percussionists should provide their own sticks/mallets. This group meets once/week. |
| 00183259 | MUSC | 1190 | Garage Band | Ensemble course devoted to various musical styles found in contemporary rock and hip-hop (punk/blues/metal/rap/etc). <br> Open to all majors, Garage Band (as in, start a band that plays blues/rock/metal/punk type music). Students can play any instrument, but bass/drums/electric guitar would be the focus. Coach to play cover songs and develop basic songwriting skills. Already established bands welcome to register. |
| 00000347 | NSCI | 1010 | Science of Disaster Workshop I | These courses examine the scientific mechanisms and basis of hazards that are of local, regional, national and global concern for public health, safety and environmental impact. Scientific background of distributions, risks, and case histories for each major hazard will be presented. Topics are divided as follows: 1010 Disasters related to the Lithosphere (rigid portion of earth's surface); 1020 Disasters related to the Hydrosphere (water) and Atmosphere (air); 1030 Disasters related to the Biosphere (realm where life exists), including those societally-induced. This course includes a lab-like experience. Take-home final exam and/or paper/projects required. |

| 00179193 | NSCI | 1190 | Minnesota Field Geology Series: Fluvial Geology | Come explore the geologic history of Minnesotacis rivers. We will examine the development of the Mississippi, Minnesota, Red, and St. Croix, and Whitewater Rivers and the influence of their development and present geomorphology on some of the state $i_{i}$ economic, environmental and political issues. Topics include: geologic time, plate tectonics, hydrologic cycle, rock cycle, rock classification and identification, weathering and erosion, drainage patterns, flooding, fluvial landform recognition, meandering, wetlands, topographic map usage. This course is a field experience including observations, hypothesis, predictions, and evaluation of scientific data and results. Four-day field trip around Minnesota is mandatory. Course is open to all students. 2 credits |
| 00179194 | NSCI | 1180 | Minnesota Field Geology Series: Caves, Karst and Ancient Seaways | Come explore Minnesota's caves and ancient ocean floors! This course will examine the hydrogeologic processes involved in cave formation and the development of karst topography. In addition, we will evaluate the evidence of ancient oceans in Minnesota using the sedimentary and fossil record. Additional topics include: plate tectonics, geologic time, hydrologic cycle, rock, mineral and fossil identification, weathering and erosion, sealevel change, marine sedimentary processes. This course is a field experience including observations, hypothesis, predictions, and evaluation of scientific data and results. Three-day field trip around Minnesota is mandatory. Course is open to all students. |
| 00179220 | NSCI | 1200 | Oceanography | This course is an interdisciplinary survey of the biological, chemical, physical and geologic processes at work in the world $\mathrm{G}_{\mathrm{S}}$ oceans. Using the process of science learners will examine the interplay between these processes and the implications of these interactions for life on Earth, the Earth $i_{i}$ s climate and marine environments. Topics may include waves, tides, seafloor sediments, marine biology, seawater chemistry, plate tectonics, ocean currents, El niño, productivity and dead zones, sea level change, coastal processes and effects of man ${ }_{6}$ s influence on oceans. Course is open to all students. 3 Credits (3 hours lecture) |

|  |  |  |  |  | This course introduces the student to the role of the nurse in promoting <br> and supporting nutritional health. Emphasis is on the role nutrition plays <br> in health promotion/prevention of illness, recovery from acute illness <br> and/or management of chronic illness. Students learn to access evidence <br> to support healthy nutritional choices that reduce risk factors for disease <br> and/or illness across the lifespan. Students explore how culture, ethnicity, <br> socio-economic status, nutritional trends and controversies, <br> integrative therapies influence the nutritional health of the client. |

| 00162126 | NURS | 2950 | Nursing Leadership I | This course focuses on prioritization, delegation, and supervision of nursing care of clients across the lifespan. Healthcare policy, finance, and regulatory environment issues are analyzed. Emphasis is on planning, collaborating and coordinating care for individuals and groups across the care continuum. <br> Prerequisites: NURS 2800, NURS 2820, NURS 2850 and SOC 1110 <br> Co-requisites: NURS 2900 and NURS 2920 <br> Strongly Recommended to be taken prior to or concurrently: PHIL 1020 or PHIL 1220 |
| 00170246 | NURS | 1001 | Nursing Assistant/Home Health Aide | The Nursing Assistant/Home Health Aide Certificate course prepares the student to provide physical nursing care to individuals in long term care facilities, hospitals, board and care homes. Attendance in classroom, lab and clinical are mandatory per MN Department of Health regulations. Students completing this course are ready to take the Pearson VUE Nursing Assistant Competency Test. After passing this test students can be placed on the Minnesota Department of Health Nursing Assistant Registry |
| 00177941 | NURS | 2010 | Nursing Summer Clinical Internship | This elective clinical internship course provides learning opportunities to apply nursing theory to nursing practice. The focus will be on gaining depth of understanding of the role of the registered nurse as well as strengthening nursing skills in the clinical setting. Students will be precepted by nurses in the clinical practice setting and by nursing faculty. <br> Prerequisite: Successful completion of 3rd and 4th semester nursing courses: NURS 2700 or 2720, NURS 2750, NURS 2800, NURS 2820, NURS 2850 with a grade of C or better in each course. |

| 00000410 | PHYS | 1202 | Principles of Physics II | This course is the second of a two-semester introductory physics course for students with a mathematics preparation of algebra and some trigonometry. Topics to be covered include: wave motion, electricity, magnetism, electromagnetic waves, and light. (4 hours lecture, 2 hours lab) <br> Prerequisite: Physics 1201 or consent of instructor |
| 00000959 | PHYS | 1220 | Allied Health Physics | This course provides the allied health or paramedical student with a concentrated treatment the basic physics principles of ultrasound which would be needed for follow on courses in the Allied Health field. Completion of one college level science course and college algebra is strongly recommended. |
| 00001441 | PHYS | 1990 | Topics: | In this class, we will introduce topics in astronomy and apply physical laws to them. Topics include orbits, planets, light, relativity, stars, black holes, galaxies, and cosmology. <br> For example, once black holes are introduced, you will be able to relate their mass to their Schwarzschild radii and how the of time changes near them. Once fusion is introduced, you'll be able to determine the energy given off by different fusion reactions and relate them to the luminosities of stars. For orbits, we will use computer simulations to study the effect of different arrangements and conditions. <br> A previous class in physics or astronomy is strongly recommended. <br> This course will provide flexibility in offering an in-depth review of topics of immediate importance and topical interest. These topics will go beyond the introductory courses in examining specific aspects of the subject matter. |
| 00001599 | PHYS | 1601 | General Physics I | This is the first course of a two-semester sequence for any student needing a physics course that includes applications of calculus. Topics include kinematics, dynamics, conservation of energy and momentum, rotational motion, static equilibrium, gravitation, periodic motion and thermal physics. Optional topics are fluids and thermodynamics. The course meets requirements for students majoring in engineering, mathematics, computer science or any of the physical sciences. (4 hours lecture, 2 hours laboratory) Prerequisite: Math 1221 or consent of instructor. |

| 00002176 | PHYS | 1060 | The Solar System | This course provides an introduction to astronomy with emphasis on our Solar System. Topics include the origin, structure, and history of the Solar System; the properties of light; the function and use of telescopes, understanding the processes that have shaped the planets, their moons and ring systems; comets, asteroids and other space debris. Recent discoveries and current topics from the exploration of the Solar System are also discussed. This course includes a lab-like experience. (3 hours lecture; satisfies MnTC Goal Area 3) |
| 00002179 | PHYS | 1061 | Solar System Lab | An optional course laboratory course designed to complement The Solar System lecture class. It will involve investigation of the process of astronomy through the analysis of astronomical data. Computer simulation software, internet exercises, videos and observational sessions may be used within the course. (2 hrs/week) <br> Prerequisite: Prior or concurrent enrollment in Phys/NSci 1060 AND Math 0902 or equivalent. If taking this course concurrently with PHYS 1060, you must obtain instructor permission and complete appropriate paperwork for pre-requisite override. |
| 00002180 | PHYS | 1071 | Stars and the Universe lab | An optional course laboratory course designed to complement the Concepts of Stars and the Universe lecture class, It will involve investigation of the process of astronomy through the analysis of astronomical data. Computer simulation software, Internet exercises, videotapes and observational sessions may be used within the course. (2 hrs/week) <br> Prerequisite: Prior or concurrent enrollment in Phys/NSci 1070 AND Math 0902 or equivalent. If taking this course concurrently with PHYS 1070, you must obtain instructor permission and complete appropriate paperwork for pre-requisite override. |
| 00193200 | PHYS | 1231 | Principles of Physics I | An algebra-based course for students needing a fuller introduction to physics than would be found in a general education/survey course. Topics include straight-line and circular motion, Newtons Laws, torque \& static equilibrium, conservation of energy, fluids, thermal physics \& thermodynamics, periodic motion. Optional topics are free energy. Applications will be drawn from several areas, including (but not limited to) those appropriate to the biological/medical/health career fields. <br> Concepts of right-triangle trigonometry will be introduced as needed.(4 hours lecture, 2 hours lab). Prerequisite: Completion of either MATH 1150 or MATH 1180 with a C or better OR eligibility for either MATH 1170 or MATH 1221 through College math placement score OR consent of the instructor. |

| 00002262 | PSYC | 2350 | Multicultural Psychology | This course is an introduction to diversity and multiculturalism within psychology. Students will have a broad understanding of extant research on diversity from a wide variety of perspectives including international perspectives. Topics covered include: culture and identity, group behavior, stereotyping and prejudice, cross-cultural research, and international research. <br> COMM 1310 is highly recommended before taking this course. <br> Prerequisite: Psyc 1150 or Psyc 1160 or consent of instructor |
| 00159298 | PSYC | 1160 | Introduction to Psychology | This course provides an in-depth introduction to psychology. Topics may include history of psychology; research methods; physiological psychology; sensation and perception; consciousness; learning; memory; cognition; motivation; emotion; personality; stress, health and coping; abnormal behavior, therapy; social psychology; human development; sexuality; and gender. Students are strongly encouraged to check with an advisor to determine if this is the appropriate course for their degree/program. |
| 00162110 | PSYC | 1250 | Life Span Developmental Psychology | Life Span Developmental Psychology examines continuity and change across the life span. The course examines the biological, cognitive, and social development of humans from conception through death. Topics will explore maturation, human growth experiences, transitions, and the various stages of psychological and physical development as key components influencing human behaviors. |
| 00170247 | PSYC | 2110 | Principles of Social Psychology | This course analyzes how individual's thoughts, feelings and actions are influenced by others. Topics include perception, attraction, altruism, aggression, attitudes, leadership, conformity and obedience, stereotyping and prejudice, persuasion and propaganda and the self-concept. <br> Prerequisite: Soc 1110 or Psyc 1160 or Permission from Instructor |

| :---: | :---: | :---: | :---: | :---: |
| 00001341 | TFT | 1200 | Theatre in the Twin Cities | Students attend performances of plays in order to understand the elements of theatrical and dramatic production. Students develop criteria for the evaluation of productions as they explore the complexities of theatre and its reflection of society. They also examine their own biases and value systems and how they affect their evaluation processes regarding artistic, societal, and personal points of view. |
| 00001342 | TFT | 1210 | Introduction to Theatre | Students become involved in a play's production while they explore the roots of the theater as a reflection of culture and community. Students investigate major theatrical historical periods and personalities, work on self-selected crews, analyze dramatic literature for meaning and production considerations, and may create and perform their own scenarios as a means of understanding the transformation of theater from page to stage. |
| 00001343 | TFT | 1260 | Introduction to Television | This course is an introduction to television's history, development, emerging technologies, influence, and future. It explores digital convergence as well as programming, distribution, regulation, and audience, constantly emphasizing the effect of money on this pervasive medium. Both television shows and movies about television will help illuminate the course content. |
| 00001344 | TFT | 1290 | Design for Theatre | This course is an examination of how theatre design (set, costume, properties, and lighting) are used to support the production of a play. The elements of design- line, texture, color, and form- are explored as they have been and are currently used by designers and directors for theatrical productions. Students analyze dramatic literature and create design projects. |
| 00001346 | TFT | 1500 | Acting I | This course uses lectures, discussions, and interactive exercises to learn, demonstrate, and evaluate the principles of improvisation including basic stage awareness, non-verbal communication, self-awareness, and team work. Students will work in ensemble to understand, evaluate, and use the concepts of objective, intention, and motivation. Written analyses as well as presentations may be used to demonstrate understanding of these skills and concepts. |
| 00001347 | TFT | 1510 | Movement and Voice | Students will learn and incorporate a movement vocabulary and relaxed vocal projection through a series of group projects throughout the semester. Emphasis is placed on utilization of learned techniques to create character, heightened response to others on stage and to enhance stage presence. |

| 00001348 | TFT | 1520 | Acting II: Building Characters | Students select plays and their characters to research, analyze, evaluate, write about, and present or demonstrate character analysis, posture, movement, non-verbal communication, vocal variety, projection, and personal experience and awareness. Students are encouraged to take TFT 1500 (Acting 1: Improvisations and Foundations) before taking this class. |
| 00001349 | TFT | 1600 | Theatre Practicum: Performance | In this class, students choose a particular area of practicum study such as acting, directing, assisting a director, working on a technical crew assignment, or another major responsibility. Students research, analyze and participate in some aspect of a North Hennepin production. This course may be repeated for credit. Prerequisite: Consent of instructor |
| 00001351 | TFT | 1990 | Topic: | This course will provide flexibility in offering an in-depth review of topics of immediate importance and topical interest. These topics will go beyond the introductory courses in examining specific aspects of the subject matter. |
| 00001358 | TFT | 1250 | Introduction to Film | This course is an introduction to the history and techniques of entertaining and communicating ideas through motion pictures. The course consists of viewing, analyzing, discussing and writing about films as a means of understanding visual communication and developing greater visual literacy. |
| 00001446 | TFT | 2950 | Theatre Appreciation Field Trip | This class gives students an opportunity to attend theatre productions and explore back-stage theatre operations. Students will learn the components of dramatic production and establish a basis for evaluation of a production. May be repeated for credit. |
| 00001645 | TFT | 1540 | Acting for the Camera | Students will have the opportunity to perform in front of the camera and see themselves as the camera records them, revealing their strengths and challenges. Acting techniques specific to working in film and television will be covered along with methods for auditioning, script analysis, character development, communication and style. How to handle camera and editing equipment is also included. |

| 00001658 | TFT | 1320 | World Cinema | World Cinema is a class in which students look at films from around the world. They explore various non-English-speaking countries' contributions to filmmaking and world culture that have been made by these countries' films. They look at two films from each country studied: one that exemplifies the historical/cultural concept that is associated with that country's films and one contemporary film from that country. The course consists of viewing, analyzing, discussing and writing about films from other cultures films as a means of understanding the impact of these works on our own as well as other cultures. |
| 00002005 | TFT | 1710 | Oral Interpretation and Traditions | Oral Interpretation and Traditions is an introductory course in the effective oral presentation of written material. Students will analyze and perform literature from a variety of sources that represent different cultures and ethnicities. Students will also make connections between the cultural implications of oral tradition and performance. |
| 00002067 | TFT | 1280 | Introduction to Screenwriting | This course is an introduction to screenwriting, dealing with the basics of drama, story, character, structure, dialogue, and meaning. It explores these elements with writing exercises that develop skills in plotting, exposition, suspense, and action. It focuses on visual storytelling, helping students to discover observable actions and images that can convey ideas effectively, while constantly emphasizing how well-developed characters' needs and wants drive the structure and conflict of an engaging story. It is intended to acquaint students with the craft of screenwriting; to be a beginning course in the field that will help prepare students for further work. |
| 00002102 | TFT | 1350 | The American Musical Theatre | American Musical Theatre is designed to enlighten the learner about the basics of musical theatre production and its genesis as a uniquely American art form. Also, the course will take a close look at the context in which these musicals were created and how they challenged society at that time. In addition, the course will examine the writing of the book, lyrics and music of many shows in an attempt to better analyze and evaluate the content. |
| 00002133 | TFT | 1270 | Digital Video Production | This course introduces basic video production concepts and techniques with an emphasis on using the elements of motion and sound as creative artistic tools. Students will critically analyze video in terms of genre, context, meaning, visual language and form and then produce and edit their own short projects that explore creative and experimental applications of the medium rather than the traditional mass communication form. Students are encouraged to use their own computer for editing if possible. Basic knowledge of the computer is helpful. |

| 00002304 | TFT | 1310 | American Cinema | American Cinema is a class in which students look at American films that have played a role in American film history from its beginnings to the present. They explore America's filmmaking history and its contributions to American culture, specifically considering the many diverse communities portrayed in these films as well as filmmakers from these often minority communities. These selections include films by or about African Americans, Asian Americans, Latino Americans, Native Americans, GLBT Americans, and the contributions of American Women throughout film history. The course consists of viewing, analyzing, discussing and writing about American films as a means of understanding the impact of these works on our diverse American culture. |
| 00002305 | TFT | 1531 | Stage Combat I | Stage Combat I is an introductory course in the Stage Combat Program, and will focus on unarmed (hand to hand fighting) and armed (found objects, knives, etc.) stage combat. The program conforms to the guidelines put forth by the Society of American Fight Directors (SAFD). Telling a story effectively through the use of disciplined and safe stage combat will be stressed, as well as instruction in the history, type and use of various weapons. Students in the performing arts will gain selfconfidence in their ability to fulfill the needs of any script calling for stage or screen violence. Students not in the performing arts will gain a firsthand appreciation of the skills necessary to make stage and screen violence look real. |
| 00139210 | TFT | 1532 | Stage Combat II | Stage Combat II is the follow-up course to Stage Combat I in the Stage Combat Program. The primary focus of this course will be on performance. The skills learned in Stage Combat I will be reviewed and refined, then applied to the performance of choreographed staged fights within the context of a scene. Students will assign emotional value to the physical circumstances of the scene and act out the intentions of the character. This program conforms to the guidelines put forth by the Society of American Fight Directors (SAFD), which contains 90 hours of required instruction. Students in the performing arts will gain selfconfidence in their ability to fulfill the needs of any script calling for stage or screen violence. Students not in the performing arts will gain a firsthand appreciation of the skills necessary to make stage and screen violence look real. |

| 00139295 | TFT | 2110 | The NHCC Filmmaking Project: Capstone Class | The North Star Film Project: Capstone Class (TFT 2110) is an academic class in which film degree candidates shoot the short films they wrote in the Introduction to Screenwriting class. Students meet at least one hour per week in a laboratory format and produce their short films, learning to plan, rewrite, cast, shoot, edit, and mix their films into finished products, ready for viewing. Students in this class may have already participated in the North Star Film Project: Student Activity Class (TFT 1110). Students in the Student Activity Class (TFT 1110) function as actors and crew for those in the Capstone Class. <br> Students in the AA Film Emphasis degree program should have done the following before taking this class: <br> - a completed short film script from the Introduction to Screenwriting class (TFT 1280); <br> - completed the Digital Video class (TFT1270); and. <br> - completed the Fundamentals of Directing class, (TFT 2010). |
| 00139776 | TFT | 1110 | The NHCC Filmmaking Project: Student Activity Class | The North Star Film Project (TFT 1110) is a student activity class in which students will meet at least one hour per week in a laboratory format to produce short films from scripts written in the NHCC Introduction to Screenwriting each spring. Participating students learn about planning, rewriting, shooting, editing, and mixing a film into a finished product, ready for viewing. Students in this class may repeat it for credit, and may also participate in the Capstone version of the class for 3 credits once they have completed the prerequisites for that version of the class (TFT 2110). |
| 00183165 | TFT | 1450 | Stagecraft | This course introduces the student to the elements of theatrical design and $\mathrm{it}_{\dot{j}} \mathrm{~s}$ implementation for a stage production. The student will gain practical experience and a working knowledge of set construction techniques, and lighting and sound equipment and their use. Safety standards will be emphasized, as well as competencies in utilizing various power and hand tools. Students will work on construction and operating crews in support of college theatre productions. |
| 00183177 | TFT | 2150 | Play Analysis | This course will introduce the student to a variety of plays that will be read and analyzed for content, meaning, structure, genre and historical context. Focus will include looking at the script as a blueprint for theatrical production from several different points of view, as well as analyzing the text utilizing various techniques and methodologies. |
