# Student Government, Clubs & Organizations

College is more than classes. Whether you're interested in student government, multicultural groups, special interest activities, recreational sports, student publications, or the fine arts, NHCC has clubs, activities, and opportunities to fit your world view. Student Life offers many exciting as well as new opportunities to get involved, connect to campus, and enhance your college experience. These programs are supported through the student life fees you pay. The Student Life Committee, comprised predominantly of students, recommends the funding each year of Student Life programs and services based on student interests and needs. If you don't see a club or service you are interested in, you are encouraged to form a new club or advocate for a new program or service!
