Community College

## Post-Secondary Enrollment Options (PSEO) AGREEMENT OF UNDERSTANDING

North Hennepin Community College welcomes you as a high school student in the Post-Secondary Enrollment Option! This document outlines our expectations for Post-Secondary Enrollment Options students and important details for you to remember. *Read each point carefully so you understand your responsibilities while attending NHCC.*

1. I understand that my PSEO application documents will be used to determine program eligibility only. Admission will only be granted to students who test at college level on the reading portion of the ACCUPLACER test.
2. I understand that students are responsible for submitting the results from the Accuplacer test to the Admissions Office prior to the application deadline in order to be considered for admission into the program.
3. I understand that PSEO enrollment does not cover the tuition and fees for certain classes including courses numbered below 1000. I understand that I do not have the option of paying for these courses while enrolled in the college through PSEO and I will be dropped from these courses.
4. I understand that I am not eligible for any courses that have any additional special instructional fees and therefore, I will be dropped from these courses.
5. I understand that The Minnesota Department of Education will only cover PSEO expenses billed by the institution(s) to which PSEO students have been admitted. PSEO students will be responsible for any tuition, fees, and supplies at any institution(s) to which they are not admitted.
6. I understand that PSEO students are not able to register for more than 16 credits per semester.
7. I understand that The MN Department of Education will only cover PSEO expenses billed by the institution(s) to which I have applied and been admitted. I will be responsible for any tuition, fees, and supplies at any institution(s) to which I have not been admitted.
8. I understand that if I register for a class and decide not to take the class, I must officially withdraw from the class by the deadline or I will receive an "F" grade.
9. I understand that college classes are more academically challenging and my college GPA will affect my NHCC transcript as well as my high school transcript.
10. I understand that as a PSEO student, I am able to take advantage of all available college resources, such as library services, tutoring services, and career planning.
11. I understand that I have the responsibility for attending my college classes during those days my high school is not in session. The college and high school calendars differ. High school activities may not excuse me from the attendance requirements for college classes.
12. I understand that PSEO students are expected to adhere to all college policies outlined in the college handbook and to perform at a satisfactory level. Students are expected to maintain a cumulative grade point average of 2.0 and complete at least 67% of the courses they register for.
13. I understand that NHCC is unable to communicate any information regarding my application, admission status or academic record with anyone but myself without having a signed release form from me on file.
