Logging into WebEx from Web

What is WebEx

WebEx is a Web-based collaborative technology that allows users to share resources (documents, desktop, web browser, applications, etc.) remotely and communicate with each other using voice, video and chat. This technology is available to faculty and staff and may be accessed using your StarID credentials.

What is WebEx Used For?

WebEx may be utilized by both faculty, Staff, and students. Below are a multitude of uses for this technology on both the academic and non-academic side:

- Conducting on-line courses
- Advisor/advisee interaction
- Communication between students and instructors during office hours
- Recruitment, including face-to-face meeting with prospects, graduate applicants, etc.
- Guest lecturers and presenters
- Class coverage while away (instructor in a box)
- Communicating with service staff
- Collaborate with colleagues across campus or across the country
- Meet online and share files, information and expertise

Technical Requirements

In order to participate using VOIP, participants will be required to acquire a headset with a microphone. Though participants may use web cameras they are not a requirement. A standard headset and webcam will work with WebEx.
1. From your web browser, **https://nhcc-Student.webex.com** in the address bar. Switch to **classic view**.

2. Click the **Log In** button located on the right-hand side of the WebEx home page as shown on **figure 1**.

3. Enter your **StarID** credentials. **Note**:- if you do not know your StarID credentials or need to change password then go to site below. **starid.minnstate.edu**

4. Click **Log in**  
   **Note**:- If you were prompted to download WebEx Productivity Tools on your home computer, please download it.
