Biochemistry**	3 credits	No Equivalent	---
Professional Issues	2 credits	No Equivalent	---
Immunobiology**	3 credits	No Equivalent	---
Laboratory Techniques	4 credits	No Equivalent	---

**If taking a combined A&P sequence to meet this requirement, both semesters are required. If the combined A&P sequence is offered in a single course, it must be a minimum of 5 credits to fulfill the prerequisite.*

***The Medical Laboratory Sciences Program at the University of Minnesota reviews all courses that may meet prerequisite and foundational requirements. There are no courses at this institution that will meet the foundation requirements for the MLS program at this time, regardless of the equivalency decisions of other units and departments at the University of Minnesota.*
