

## **North Hennepin Community College Student Right-To-Know Graduation and Transfer-Out Rates**

### **What is Student Right-To-Know?**

Student Right-To-Know is a federal law that requires all colleges and universities to disclose certain information to students. This handout provides the information that a college must provide to students on graduation rates and transfer-out rates for full-time students seeking degrees at North Hennepin Community College (NHCC).

### **What is a graduation rate and what is a transfer-out rate?**

Federal regulations specify how to calculate the graduation and transfer rates. The rates come from a study of NHCC students who started at the college in the fall of 2021. The study includes all first-time students who enrolled full-time that fall and were seeking to earn a degree at the college. The **graduation rate** is the percentage of these students who graduated from NHCC within three years. The **transfer-out rate** is the percentage of these students who did not graduate from NHCC, but instead transferred to another college or university within three years.

### **What do I need to know about these rates?**

These rates do not report on all students at NHCC. The 393 first-time, full-time students in the study were 6 percent of all students enrolled at NHCC in fall of 2021.

### **What are the graduation and transfer-out rates for NHCC students and how do they compare to rates for other colleges?**

- The **graduation rate** for NHCC was 22 percent.
- The **transfer-out rate** for NHCC was 34 percent.
- The combination of the graduation rate and the transfer-out rate for NHCC was 56 percent. The national average combined rate for similar colleges was 51 percent.

### **Why don't more NHCC students graduate or transfer in three years?**

- Since North Hennepin has an “open door” mission, many new students need to take “developmental” courses to improve their reading, writing or math skills before taking other college courses;
- Students who switch from full-time to part-time enrollment or “stop out” for one or more semesters are more likely to take more than three years to graduate;
- Some students take jobs before they graduate;
- Other students delay their education for personal, family or financial reasons.

Disaggregated Student Right-to-Know Graduation and Transfer-out Rates			
North Hennepin Community College	Graduation Rate	Transfer-out Rate	Combined Rate
Total Cohort	22%	34%	56%
<b>Race Ethnicity</b>			
American Indian or Alaska Native	*	*	*
Asian	22%	22%	43%
