

# Campus Printing Discussion

**Joseph Collins, VP of Information Technology**

# Overview of Student Printing

- Student Printers and Printing

Nine Total – 7 Black & White and 2 Color

- Wireless Printing

For Students with personal devices, they can print wirelessly

- **\$5 of printing every semester**

Accounts can go to negative \$5.00 before they need to be refilled. B&W \$0.10/page  
Color \$0.40/page

# CLA Printer - Issues

- Data and tickets for that machine don't seem more than any other printer
- Most of our printers have phones near or right at the unit
- We will put signage with all of the printers directing students to the help desk either by phone or email.
- We are able to usually get next day or even same day support if the campus tech's are not able to resolve the issues.

# Color Printer in the ES/LRC Hallway?

Locate one near the bookstore or Public Safety

- Looked at the analytics on the ES Color Printer
  - Since August 18<sup>th</sup>, there have only been 22 pages printed in Color
  - This could be swapped with the LRC B&W

# **BHCC Printer – Need one**

## **What is the gap?**

- **BHCC has a printer in the 1<sup>st</sup> Floor**
- Is something missed? Is this needed upstairs?
- College has a total fleet of 42, with 9 student facing.
  - 72-month lease
  - Cost is roughly \$150/month/printer

# **CBT Color – Move to hallway**

- Lab Hours are 8:00 am – 7:45 pm Mon-Thurs, 8:00 am – 3:45 pm Friday
- Hallway doesn't have connectivity

# Move CC Printer to Community Room

- **Concern due to space utilization**
- Space Utilization – 80% compared to Open Lab 37%
- Not sure that the Community Room is open all the time

# Thank You

**Joseph.Collins@nhcc.edu**
